Stress is all around us and affects us all - but it isn't the same for everyone, and each of us handles it differently. One person's challenging pressure is someone else's debilitating stress. Techniques that work well for you might not be so effective for me. There is no single 'right answer', and that's why we want to help you build your own personal toolbox of stress management skills. Remember, not all stress is bad, some stress is good and can be healthy - plus it's often a great motivator. Throughout the programme we take a holistic approach to stress management and consider both manager and employee in the workplace, as well as how to cope outside work and maintain a healthy work-life balance.
