ben affleck interview jennifer lopez: Dangerous Curves Isabel Molina-Guzmán, 2010-02 With images of Jennifer Lopez's butt and America Ferrera's smile saturating national and global culture, Latina bodies have become an ubiquitous presence. Dangerous Curves traces the visibility of the Latina body in the media and popular culture by analyzing a broad range of popular media including news, media gossip, movies, television news, and online audience discussions. Isabel Molina-Guzmán maps the ways in which the Latina body is gendered, sexualized, and racialized within the United States media using a series of fascinating case studies. The book examines tabloid

headlines about Jennifer Lopez's indomitable sexuality, the contested authenticity of Salma Hayek's portrayal of Frida Kahlo in the movie *Frida*, and America Ferrera's universally appealing yet racially sublimated Ugly Betty character. *Dangerous Curves* carves out a mediated terrain where these racially ambiguous but ethnically marked feminine bodies sell everything from haute couture to tabloids. Through a careful examination of the cultural tensions embedded in the visibility of Latina bodies in United States media culture, Molina-Guzmán paints a nuanced portrait of the media's role in shaping public knowledge about Latina identity and Latinidad, and the ways political and social forces shape media representations.

ben affleck interview jennifer lopez: The Meaning of Wife Anne Kingston, 2006-03-21 One part *The Beauty Myth* . . . and one part *Backlash**--a provocative exploration of who and what a wife really is. There is a wife crisis in North America, a brewing storm of conflicting forces swirling around what it means to be a wife at the beginning of the 21st Century. The word is so fraught with ambiguity that it has become a litmus test, eliciting from women emotions ranging from longing to antipathy, anxiety to derision. This crisis is at the heart of Anne Kingston's *The Meaning of Wife*. Delving into the complex, troubling, and sometimes humorous contradictions, illusions, and realities of contemporary wifehood, Kingston takes the reader on a fascinating journey into the wedding industrial complex, which elevates the bride to a potent consumer icon; through the recent romanticization of domesticity; and across the conflicted terrain of wifely sexuality. She looks at wife backlash, and the new wave of neo-traditionalism that urges women to marry before their best-before dates expire; explores the apotheosis of abused wives and the strange celebration of wives who kill; and muses on the fact that Oprah Winfrey and Martha Stewart, two of the world's wealthiest and most influential women, are both non-wives whose success has hinged on their understanding of wives. The result is an entertaining mix of social, sexual, historical, and economic commentary that is bound to stir debate even as it reframes our view of both women and marriage.

ben affleck interview jennifer lopez: Growing Up Canadian Peter Beyer, Rubina Ramji, 2013-06-01 A significant number of Canadian-raised children from post-1970s immigrant families have reached adulthood over the past decade. As a result, the demographics of religious affiliation are changing across Canada. *Growing Up Canadian* is the first comparative study of religion among young adults of Muslim, Hindu, and Buddhist immigrant families. Contributors consider how relating to religion varies significantly depending on which faith is in question, how men and women have different views on the role of religion in their lives, and how the possibilities of being religiously different are greater in larger urban centres than in surrounding rural communities. Interviews with over two hundred individuals, aged 18 to 26, reveal that few are drawn to militant, politicized religious extremes, how almost all second generation young adults take personal responsibility for their religion, and want to understand the reasons for their beliefs and practices. The first major study of religion among this generation in Canada, *Growing Up Canadian* is an important contribution to understanding religious diversity and multiculturalism in the twenty-first century.

Contributors include Peter Beyer, Kathryn Carrière, Wendy Martin, and Lori Beaman (University of Ottawa), Rubina Ramji (Cape Breton University), Nancy Nason-Clark and Cathy Holtmann (University of New Brunswick), Shandip Saha (Athabasca University), John H.
