ben stiller tom cruise interview: Tom Cruise Andrew Morton, 2008-01-15 Andrew Morton uncovers the true story of the biggest celebrity of our age. Everyone knows Tom Cruise—or at least what he wants us to know. We know that the man behind the smile overcame a tough childhood to star in astonishing array of blockbusters: Top Gun, Rain Man, Born on the Fourth of July, A Few Good Men, Jerry Maguire, several Mission: Impossible movies, and more. We know he has taken artistic chances, too, earning him three Academy Award and Golden Globe nominations. But beyond that, the picture becomes a bit less clear... We know that Tom is a devoted follower of the Church of Scientology. We know that, despite persistent rumors about his sexuality, he has been married to Mimi Rogers, Nicole Kidman, and Katie Holmes. But it was not until he jumped on Oprah's couch to proclaim his love for Katie and denounced Brooke Shields for turning to the Nazi science of psychiatry that we began to realize how much we did not know about the charming, hardworking star. For all the headlines and the rumors, the real Tom Cruise has remained surprisingly hidden—until now.

ben stiller tom cruise interview: Saturday Night Live FAQ Stephen Tropiano, 2013-11-01 Television history was made on Saturday, October 11, 1975, at 11:30pm (ET), when Chevy Chase welcomed America to the first episode of a new late-night comedy series. With its cutting edge satire and cast of young, talented performers, Saturday Night Live set a new standard for television comedy while launching the careers of such comedy greats as John Belushi, Chevy Chase, Dan Aykroyd, Eddie Murphy, Mike Myers, Dana Carvey, Will Ferrell, Amy Poehler, and Tina Fey.

Saturday Night Live FAQ is the first book to offer the show's generations of fans everything they ever wanted to know (and may have forgotten) about SNL. Beginning with the show's creation in the mid-1970s by Lorne Michaels and the Not Ready for Prime Time Players, SNL FAQ takes you through the show's history with an in-depth look at all thirty-eight seasons. It's all here – the comedic highlights and low points, memorable hosts and musical guests, controversial moments, and, of course, the recurring characters and sketches, catch phrases, and film shorts that have made SNL the epicenter of American comedy for nearly four decades. SNL FAQ also examines the show's influence on American culture and includes profiles of over 100 SNL cast members, along with a comprehensive guide detailing every episode.

ben stiller tom cruise interview: *Shining in Shadows* Murray Pomerance, 2011-10-19 In the 2000s, new technologies transformed the experiences of movie-going and movie-making, giving us the first generation of stars to be just as famous on the computer screen as on the silver screen. *Shining in Shadows* examines a wide range of Hollywood icons from a turbulent decade for the film industry and for America itself. Perhaps reflecting our own cultural fragmentation and uncertainty, Hollywood's star personas sent mixed messages about Americans' identities and ideals. Disheveled men-children like Will Ferrell and Jack Black shared the multiplex with debonair old-Hollywood standbys like George Clooney and Morgan Freeman. Iconic roles for women ranged from Renee Zellweger's dithering romantics to Tina Fey's neurotic professionals to Hilary Swank's vulnerable boyish characters. And in this age of reality TV and TMZ, stars like Jennifer Aniston and "Brangelina" became more famous for their real-life romantic dramas—at the same time that former tabloid fixtures like Johnny Depp and Robert Downey Jr. reinvented themselves as dependable leading men. With a multigenerational, international cast of stars, this collection presents a fascinating composite portrait of Hollywood stardom today.

ben stiller tom cruise interview: *Comedy Book* Jesse David Fox, 2023-11-07 One of NPR's Best Books of 2023. A New York Times Book Review Editors' Choice. Named a Most Anticipated Book by Vulture, Elle, Chicago Tribune, The Millions, and Lit Hub. "Comedy Book changes the way we talk about an art form that is more diverse and exciting than ever before." —Seth Meyers "Energetic and wise . . . Comedy Book is not the definitive history of the past three-plus decades. It's Fox's history, and better for it." —The New York Times Book Review From a beloved comedy critic, a wisecracking, heartfelt, and overdue chronicle of comedy's boom—and its magic. In *Comedy Book*, Jesse David Fox—the country's most definitive voice in comedy criticism and someone who, in his own words, enjoys comedy "maybe more than anyone on this planet"—tackles everything you need to know about comedy, an art form that has been under-considered throughout its history, even as it has ascended as a cultural force. Weaving together history and analysis, Fox unravels the genre's political legacy through an ode to Jon Stewart, interrogates the divide between highbrow and

lowbrow via Adam Sandler, and unpacks how marginalized comics create spaces for their communities. Along the way, Fox covers topics ranging from comedy in the age of political correctness and Will Smith's slap, to the right wing's relationship with comedy, to comedy's ability to heal in the wake of tragedy. With memorable cameos from Jerry Seinfeld, Dave Chappelle, John Mulaney, Ali Wong, Kate Berlant, and countless others, Comedy Book is an eye-opening education in how to engage with our most omnipresent art form, a riotous history of American pop culture, and a love letter to laughter.
