Understanding the distinctions among these policy types is essential for selecting the most appropriate coverage.

Term Life Insurance

Term life insurance from Berkley offers coverage for a specified period, typically 10, 20, or 30 years. This product is ideal for individuals seeking affordable protection to cover temporary financial obligations such as mortgages, education expenses, or income replacement during working years. Term policies usually feature level premiums and a guaranteed death benefit if the insured passes away within the term.

Whole Life Insurance

Whole life insurance provides lifelong coverage with fixed premiums and a guaranteed death benefit. The cash value growth is tax-deferred, providing additional financial advantages.
