bessemer hall of history: Early Bessemer Jason Burnett, 2011 In 1887, iron and steel magnate Henry Fairchild DeBardeleben founded Bessemer and named it for English inventor Sir Henry Bessemer. DeBardeleben's dream was to make the city a steel center that would attract companies and people from all over the United States. Bessemer, like nearby Birmingham, is located within a few miles of all raw materials needed to make steel (coal, limestone, and iron ore). DeBardeleben bought 4,040 acres of land and marked off blocks for the town along Alabama Great Southern Railroad lines. With \$2 million in starting capital, he built several blast furnaces for his coal and iron company. Within three years, Bessemer was Alabama's eighth largest city. The population grew so rapidly that Bessemer was nicknamed The Marvel City. The town quickly developed a thriving business district, beautiful neighborhoods, recreations ranging from parks to boating and dances at Westlake, and industries that spread iron, coal, and railcars across the nation.

bessemer hall of history: He Calls Me By Lightning: The Life of Caliph Washington and the forgotten Saga of Jim Crow, Southern Justice, and the Death Penalty S Jonathan Bass, 2017-05-16 Named one of the Best Books of the Year by the Washington Post and Kirkus Reviews A New York Times Book Review Editors' Choice Selection A Southern Independent Booksellers Association "Spring Pick" This harrowing portrait of the Jim Crow South "proves how much we do not yet know about our history" (New York Times Book Review). Caliph Washington didn't pull the trigger but, as Officer James Cowboy Clark lay dying, he had no choice but to turn on his heel and run. The year was 1957; Cowboy Clark was white, Caliph Washington was black, and this was the Jim Crow South. Widely lauded for its searing "insight into a history of America that can no longer be left unknown" (Washington Post), *He Calls Me by Lightning* is an "absorbing chronicle" (Ira Katznelson) of the forgotten life of Caliph Washington that becomes an historic portrait of racial injustice in the civil rights era. Washington, a black teenager from the vice-ridden city of Bessemer, Alabama, was wrongfully convicted of killing a white Alabama policeman in 1957 and sentenced to death. Through "meticulous research and vivid prose" (Patrick Phillips), S. Jonathan Bass reveals Washington's Kafkaesque legal odyssey: he came within minutes of the electric chair nearly a dozen times and had his conviction overturned three times before finally being released in 1972. Devastating and essential, *He Calls Me by Lightning* demands that we take into account the thousands of lives cast away by the systemic racism of a "social order apparently unchanged even today" (David Levering Lewis).

Stories about the famous (Vladimir Ilyich Lenin, Ho Chi Minh, Eva Peron) and the not-so-famous (Leslie Hansell wanted her
