Hackworth, 2020-09-29 Called "everything a war memoir could possibly be" by The New York Times, this all-time classic of the military memoir genre now includes a new forward from bestselling author and retired Navy SEAL Jocko Willink. Whether he was fifteen years old or forty, David Hackworth devoted his life to the US Army and quickly became a living legend. However, he appeared on TV in 1971 to decry the doomed war effort in Vietnam. From Korea to Berlin and the Cuban missile crisis to Vietnam, Hackworth's story is that of an exemplary patriot, played against the backdrop of the changing fortunes of America and the US military. This memoir is the stunning indictment of the Pentagon's fundamental misunderstanding of the Vietnam conflict and of the bureaucracy of self-interest that fueled the war. With *About Face*, Hackworth has written what many Vietnam veterans have called the most important book of their generation and presents a vivid and powerful portrait of patriotism.

benning basic training photos: *Full of Heart* J.R. Martinez, 2012-10-30 An inspirational journey from tragedy to triumph In 2003, nineteen-year-old Private J.R. Martinez was on a routine patrol when the Humvee he was driving hit an antitank mine in Iraq, resulting in severe injuries and burns on his face and more than one-third of his body. Out of that tragedy came an improbable journey of inspiration, motivation, and dreams come true. In *Full of Heart*, Martinez shares his story in intimate detail, from his upbringing in the American South and his time in the Army to his recovery and the indomitable spirit that has made him an inspiration to countless fans. J.R. Martinez always had a strong spirit. Raised in Bossier City, Louisiana, and then Hope, Arkansas, by a single mother from El Salvador, he was well known at school for his good looks and his smart mouth. At seventeen, showing an early determination and drive that would become one of his trademark qualities, J.R. convinced his mom to move to Dalton, Georgia, where he believed he would have a better chance of being recruited to play college football. His positive attitude earned him a spot on a competitive high school football squad, but when his college dreams collapsed, he turned to the U.S. Army. A few months later, he found himself serving in Iraq. When J.R.'s humvee hit a mine and exploded -- just one month into his deployment—he was immediately evacuated to a San Antonio medical center, where he spent the next thirty-four months in grueling recovery. Seeing his disfigured face for the first time after the accident threw him into a crushing period of confusion and anger. His spirits were low, until he was asked to speak to another young burn victim. J.R. realized how valuable and gratifying it was to share his experiences with other patients and listen to theirs. He'd found a calling. His fellow soldiers, along with the local and then national media, soon latched onto J.R.'s spirit and strength. His resilience, optimism, and charm were also noted by Hollywood and scored him roles on *All My Children* and *Dancing with the Stars*, where he was the season thirteen champion. Today, J.R. tours the country sharing his story and his lessons for overcoming challenges and embracing hope, lessons that abound in this book. *Full of Heart* is an unforgettable story of a man who never gave up on his dreams. After being injured in Iraq, J.R. Martinez became a motivational speaker, actor, and winner of season thirteen of *Dancing with the Stars*. Martinez lives in Los Angeles

They recount the Walkers struggles to raise children, find happiness, and keep their faith. The stirring stories rekindle memories of harmonicas, poetry, and circle letters. Recently found decades-old recordings of family music have been preserved and recorded for current generations to enjoy. As for their letters, they were the electronic mail of nearly a century of Walker writings. The WWW (wild Walker women), with adventurous spirits, preceded the other www the World Wide Web. Every family has their stories and traditions; if you ever meet a WWW, she will bless you with a bit of music, a poem, some storytelling, tea on a back porch, a sumptuous meal, a lap quilt, or a horse ride. benning basic training photos: The 508Th Connection Zig Boroughs, 2013-04-23 Summary of The 508th Connection by Zig Boroughs When I arrived home after my army discharge in 1945, the challenges of adult civilian life excited me tremendously. I passionately anticipated living as a husband and father, no longer separated by the Atlantic Ocean and a dangerous war from my wife and child. I eagerly plunged into active civilian employment, impatient to establish a career of peaceful service to humanity. Although the experiences and feelings of World War II affected by attitudes and ideals, my energies were so devoted to other interests, the memories of the war years were pushed into an inactive part of my brain. For many years I thought very little about the 508th Parachute Infantry Regiment, and I lost contact with all but one of my paratrooper buddies. Then at 11:00 PM, Christmas Eve 1983, a memory of Christmas Eve 1944 forced its way to the surface. My wife and I were visiting with our daughter, Gini, and her family. We were waiting for our grandchildren to go to bed so that Santa Claus could prepare for Christmas morning. Noticing that it was 11:00 PM, I announced, Let me tell you what I was doing at this hour thirty-nine years ago! I told the story Burial and Birth, which you may read in this volume. When I finished the story, Gini told me, Dad, you should write this story and send it to all our family members. Once I wrote one story, the dam burst and a floodgate of stories awoke in my memory, which resulted in the book, A Privates Eye View of World War II. Many details had faded with time, and I needed to check with my paratrooper buddies to get my stories straight. Senator Strom Thurmans staff helped me locate Jim Allardyce, secretary of the 508th Parachute Infantry Association. Allardyce provided a roster of the association membership with their addresses. This enabled me to verify or correct my stories, A Privates Eye View of World War II. Other veterans of the 508th began to tell me their stories. Some suggested that I write another book and tell their experiences, which resulted in The Devils Tale. For over twenty years, I have collected information from others. The most important source of information has come from the 508th veterans. Since I have been associated with the 508th Parachute Infantry Association, I have met hundreds of fellow veterans of the regiment and have listened to their stories. Through the association, I have also met friends of the 508th from England, France, Belgium, Holland, Germany, and Israel. These friends have also given me valuable information. I have chosen the title The 508th Connection to give credit to all those who have so generously helped as friends and as sources of information. The connections are much more than sources for writing a book. They are friends whom I treasure. They are closer than friends. We are family. The 508th Connection tells the stories of the lives of men of the 508th Parachute Infantry Regiment, Eighty-second Airborne Division. As you read the stories in The 508th Connection, you will become connected with their lives in the barracks, in the pubs, and on the battlefield. The stories are both entertaining and educational. They will capture your heart, your imagination, and your understanding of what it was like for the paratroopers to live through the horrors of war while keeping their sanity and humor. There are humorous stories, romantic stories, and battle stories, stories about being captured by the enemy. There are stories of men who killed to survive, who lived in foxholes, who helped and were helped by local people. Throughout the book, we connect with the paratroopers who relied on each other for survival. This is their story.
