Based on this breakthrough study of the most successful people in business, Botelho and Powell offer career advice for everyone who aspires to get ahead. Based on research insights illustrated by real life stories from CEOs and boardrooms, they tell us how to: - Fast-track our career by deploying the career catapults used by those who get to the top quickly - Overcome the hidden handicaps to getting the job we want. - Avoid the 5 hazards that most commonly derail those promoted into a new role. best questions for ceo: Why Great Leaders Ask Great Questions Steve Mostyn, 2025-08-28 Aspiring leaders are hungry to learn all that they can about how to be a more effective leader. And certainly there are tools and best practices young leaders should know and add to their toolkit. But - as Steve Mostyn, one of the world's leading innovators in executive leadership, has learned over the past decades of teaching this cohort - two equally useful activities for the aspiring leader are reflection and experimentation. In his new book WHY GREAT LEADERS ASK GREAT QUESTIONS, Mostyn has crafted an elegant collection of the seven provocative questions aspiring leaders should ask themselves in order to spur that reflection and experimentation. These are some of the most important questions Mostyn poses to each cohort of the Oxford Executive Leadership program's students, honed by the past answers and engagement of thousands of students. The book is simple in conception, profound in execution. In seven accessible chapters, with exercises, research, and examples, the reader will engage with these questions: How do I reflect? How do I spend my time? Where does my power come from? How do I grow my network? How do I make change happen around here? How do I manage my energy? How do I grow more leaders? Inspired in part by Mostyn's work on the Oxford Executive Leadership Programme - an accelerated international leadership development program with over 5,000 alumni around the world - and in part by his numerous workshop sessions where he challenges and supports leaders through his unique questions, the premise of the book is well-tested with aspiring and practicing leaders and is proven to spark both reflection and growth.
