- How to Participate and Register

Overview of the Best Friends Animal Society Conference

The best friends animal society conference is an annual gathering organized by Best Friends Animal Society, a leading nonprofit organization dedicated to ending the killing of dogs and cats in shelters. Established over a decade ago, the conference has grown into one of the most influential events in the animal welfare sector. It attracts a diverse audience, including shelter directors, veterinarians, rescue group leaders, policymakers, and volunteers. The conference focuses on education, innovation, and community building to promote no-kill initiatives and improve the quality of life for animals in shelters.

History and Evolution

The conference originated as a small meeting for local animal welfare advocates and has expanded into a national event with hundreds of participants each year. Over time, it has incorporated workshops, keynote speeches, panel discussions, and interactive sessions.

This evolution reflects the increasing complexity and professionalism within the animal welfare community. The best friends animal society conference continually adapts to address new challenges and opportunities in the field.

Conference Format and Structure

The event typically spans several days and includes a blend of educational sessions, networking events, and social activities. Attendees can choose from various tracks tailored to their interests, such as shelter medicine, animal behavior, fundraising, and community outreach. The conference also features an exhibit hall showcasing products and services relevant to animal care and shelter operations.

Key Themes and Topics Covered

The best friends animal society conference covers a wide range of subjects vital to advancing animal welfare. These themes reflect current issues, scientific research, and practical solutions designed to help shelters and rescues operate more effectively and humanely. Topics are carefully selected to provide attendees with actionable knowledge and skills.

No-Kill Movement and Shelter Strategies

A central focus of the conference is the no-kill philosophy, which aims to save at least 90% of shelter animals. Sessions explore successful strategies for reducing euthanasia rates, increasing adoptions, and improving shelter environments. Discussions often include case studies of communities that have achieved no-kill status and the policies that supported their success.

Animal Health and Behavior

Veterinary care and behavioral enrichment are critical components of shelter management. The conference offers workshops on disease prevention, spay/neuter programs, pain management, and behavioral assessment. These sessions equip professionals with tools to enhance animal well-being and increase their chances of adoption.

Community Engagement and Advocacy

Effective community involvement is essential for sustaining animal welfare efforts. The conference highlights approaches to public education, volunteer recruitment, fundraising, and legislative advocacy. Presentations demonstrate how shelters can build strong relationships with local governments, businesses, and residents to support their mission.

Innovations and Technology

Advancements in technology play an increasingly important role in animal welfare. The conference showcases innovations such as shelter management software, data analytics, mobile adoption apps, and social media campaigns. These tools help organizations operate more efficiently and reach broader audiences.

Notable Speakers and Presenters

The best friends animal society conference features a roster of distinguished speakers who are experts in various fields related to animal welfare. Their knowledge and experience provide attendees with inspiration and practical guidance.

Industry Leaders and Experts

Speakers often include veterinarians, animal behaviorists, shelter directors, and nonprofit executives known for their contributions to the no-kill movement and shelter reform. Their presentations offer insights into cutting-edge research, policy development, and successful program implementation.

Advocates and Influencers

Prominent advocates and social media influencers also participate, sharing strategies for raising awareness and mobilizing public support. Their sessions focus on storytelling, marketing, and community outreach techniques that can amplify shelter messages and campaigns.

Benefits of Attending the Conference

Participation in the best friends animal society conference offers numerous advantages for professionals and volunteers alike. The event fosters professional growth, knowledge exchange, and motivation to advance animal welfare goals.

Educational Advancement

Attendees gain access to the latest research, best practices, and innovative solutions. This education enhances their ability to improve shelter operations, animal care, and community programs.

Networking Opportunities

The conference serves as a hub for building relationships with peers, mentors, and potential partners. These connections can lead to collaborations, resource sharing, and

career development.

Inspiration and Motivation

Hearing success stories and engaging with passionate professionals reinvigorates commitment to animal welfare. The event provides a supportive environment that encourages ongoing dedication and creativity.

Networking and Collaborative Opportunities

One of the most valuable aspects of the best friends animal society conference is the opportunity to connect with like-minded individuals and organizations. These interactions often result in partnerships that strengthen animal welfare efforts nationwide.

Workshops and Breakout Sessions

Small-group sessions encourage discussion and problem-solving on specific topics. These interactive formats facilitate the exchange of ideas and foster collaboration.

Social Events and Meetups

Informal gatherings provide a relaxed setting for attendees to network, share experiences, and develop lasting relationships. These events often lead to ongoing alliances and cooperative projects.

Resource Sharing and Innovation Labs

The conference includes forums where participants can share tools, resources, and innovative solutions. These collaborative efforts help spread effective practices across the animal welfare community.

How to Participate and Register

Attending the best friends animal society conference requires advance registration, which is typically open several months before the event. Information about dates, location, fees, and session schedules is available through the organization's official channels.

Registration Process

Prospective attendees can register online, selecting the sessions and tracks that best align with their interests and professional needs. Early registration often provides discounted

rates and access to exclusive events.

Eligibility and Target Audience

The conference welcomes a broad audience, including shelter staff, rescue volunteers, veterinarians, policymakers, and animal welfare advocates. Some sessions may be tailored to specific roles or expertise levels.

Preparation and Participation Tips

To maximize the conference experience, attendees are encouraged to plan their schedules in advance, engage actively in sessions, and network strategically. Bringing relevant questions and materials can also enhance learning and collaboration.

- Register early to secure preferred sessions
- Prepare to network with professionals from diverse backgrounds
- Take advantage of workshops and hands-on learning opportunities
- Follow up on connections made during the event for sustained collaboration

best friends animal society conference: Cause-Related Marketing M. Mercedes Galan-Ladero, Clementina Galera-Casquet, Helena M. Alves, 2021-03-27 This textbook uses a case study approach to present a variety of cause-related marketing campaigns that have been developed by companies, and NGOs. These innovative case studies help students understand how such campaigns affect for-profit and non-profit organizations, customers, and society in general. This book also offers numerous useful examples to understand the theory of cause-related marketing and how it can be applied in different countries and cultural contexts. Lecturers will find the teaching notes provided with each case useful for the classroom.

best friends animal society conference: Defending the Defenseless Allie Phillips, 2011-07-21 *Defending the Defenseless* is a practical how-to book on getting involved to protect companion animals. Each chapter is dedicated to a specific area in which all of us can become involved to protect cats, dogs, and other companion animals, and includes practical tips on taking action, from

the smallest of tasks, to more involved measures such as making a career of helping animals or launching a large-scale advocacy campaign. This book provides everything you need to know to do more for animal companions.

best friends animal society conference: The Dog Merchants Kim Kavin, 2016-05-03 In what promises to become an Omnivore's Dilemma for dog lovers—breed devotees and adoption advocates alike—The Dog Merchants is the first book to explain the complex and often surprisingly similar business practices that extend from the American Kennel Club to local shelters, from Westminster champions to dog auctions. Without judging dog lovers of any stripe, The Dog Merchants makes it clear that money spent among these dog merchants has real-world effects on people and canines. Kavin reveals how dog merchants create markets for dogs, often in defiance of the usual rules of supply and demand. She takes an investigative approach and meets breeders and rescuers at all levels, shedding much-needed light on an industry that most people don't even realize is an industry. Kavin's goal is to advance the conversation about how all dogs are treated, from puppy mills to high-kill shelters. She shows that a great deal can be improved by understanding the business practices behind selling dogs of all kinds. Instead of pitting rescue and purebred people against each other, The Dog Merchants shows how all dog lovers can come together, with one voice as consumers, on behalf of all our beloved companions.

best friends animal society conference: We Are Best Friends: Animals in Society Leslie Irvine, 2019-10-01 Friendships between humans and non-human animals were once dismissed as sentimental anthropomorphism. After decades of research on the emotional and cognitive capacities of animals, we now recognize human-animal friendships as true reciprocal relationships. Friendships with animals have many of the same characteristics as friendships between humans. Both parties enjoy the shared presence that friendship entails along with the pleasures that come with knowing another being. Both friends develop ways of communicating apart from, or in addition to, spoken language.

best friends animal society conference: Ode to the Still, Small Voice Raven Chiong, 2023-03-28 In 2020, Raven vowed to excavate her poems from reams of shoeboxes imprisoned in dark closets and release them into the light in service to the world. The poems you hold in your hand are offerings of the heart transcribed in times of both unrelenting sorrow and elusive joy. Each poem is a linguistic portrait of a life lived in chapters of trees, abiding in the comfort of dogs and trees, and informed by the spirit of the land and water which has no need for words. Perhaps, now more than ever, we need this collection of poems that pays tribute to the still, small voice crying out to be heard and heeded. May Raven's poems inspire us to stop and listen.

best friends animal society conference: Rethinking Rescue Carol Mithers, 2024-08-20
NOW WITH A NEW AFTERWORD ABOUT THE IMPACT OF THE PALISADES FIRE ON ANIMAL RESCUES IN LOS ANGELES *Rethinking Rescue* boldly confronts two of the biggest challenges of our time—poverty and homelessness—in asking the question: Who deserves the love of a pet? In Los Angeles's most underserved communities, Lori Weise is known as the Dog Lady, the woman who's spent decades caring for people in poverty and the animals that love them. Long before anyone else, Weise grasped that animal and human suffering are inextricably connected and created a new rescue narrative: an enduring safety net empowering pet owners and providing resources to reduce the number of pets coming into shelters. *Rethinking Rescue: Dog Lady and the Story of America's Forgotten People and Pets* unites the causes of animal welfare and social justice, moving between Weise's story and that of the larger U.S. rescue movement. Through captivating storytelling and investigative reporting, Carol Mithers examines the consequences of bias within this overwhelmingly white movement, where an overemphasis on placing animals in affluent homes disregards pet owners in poverty. Weise's innovative and ultimately triumphant efforts revealed a better way. As cities across the country witness some of the worst housing crises in history, and as the population of unhoused people and pets continues to skyrocket, *Rethinking Rescue* offers a story of compassion and hope.

best friends animal society conference: Career Paths in Human-Animal Interaction for Social and Behavioral Scientists Lori Kogan, Phyllis Erdman, 2021-04-15 *Career Paths in Human-Animal Interaction for Social and Behavioral Scientists* is an essential text for students and professionals wanting to pursue a career in human-animal interaction (HAI). It is exclusively designed to navigate this field and provide information on the best education, training, and background one might need to incorporate HAI into a successful career. Kogan and Erdman bring together a diverse range of insights from HAI social scientists who have secured or created their HAI job. The book highlights six categories of work settings: academia, private practice, corporations/for profit companies, non-profit organizations, government, and other positions, to show the growing number of opportunities to blend social science interests with the desire to incorporate HAI into their careers. The book clearly outlines the career paths available to social science students and professionals, from careers connected to human services of psychology, therapy, social work, and journalism, to research or other scholarship.

best friends animal society conference: Asian Geographic , 2005

best friends animal society conference: Animals in the City Laura A. Reese, 2021-11-15
This book presents interdisciplinary research to examine the ongoing debates around nonhuman animals in urban spaces. It explores how we can better appreciate and accommodate animals in the city, while also exploring the ecological, health, ethical, and cultural implications of the same. The book addresses seven interrelated themes such as blurred boundaries between the human and the nonhuman, the right of nonhuman species to the city, interactions between the human and nonhuman animals, the fabric of urban space, human and nonhuman complex systems, and collective welfare that forms the basis of a transspecies urban theory. It explains how a holistic understanding of the city requires that these blurred boundaries are acknowledged and critically examined. Chapters analytically consider the need to bring interspecies relationships to the fore to tackle questions of legitimacy and who has the right to the city. These also consider important intersections between the economic, political, social, and cultural aspects of the urban experience. The research contained in this book focuses on the development of an urban theory that would eradicate the divide between humans and other species in cities, and it depicts nonhuman animals as social actors that have voices within urban spaces. With global insights on human-animal relationships in a contemporary context, this book will be useful reading for scholars and students of urban studies, animal sciences, animal law, animals and public policy, anthropology, and environmental studies who are interested in the study of animals in cities.

Thoroughly researched and packed with realistic guidelines for putting ideas into practice, Pets and the Planet is a virtual roadmap for sustainable pet parenthood.

best friends animal society conference: Report of the Annual Meeting British Association for the Advancement of Science, 1918

best friends animal society conference: Training the Best Dog Ever Larry Kay, Dawn Sylvia-Stasiewicz, 2012-09-25 Training the Best Dog Ever, originally published in hardcover as The Love That Dog Training Program, is a book based on love and kindness. It features a program of positive reinforcement and no-fail techniques that author Dawn Sylvia-Stasiewicz used to train the White House dog, Bo Obama, and each of Senator Ted Kennedy's dogs, among countless others. Training the Best Dog Ever relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world—a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog ever.

best friends animal society conference: Diploma in Facebook Marketing - City of London College of Economics - 6 months - 100% online / self-paced City of London College of Economics, Overview Everybody knows Facebook and knows that you can reach a lot of people. best friends animal society conference: Citizen Canine David Grimm, 2014-04-08 Dogs are getting lawyers. Cats are getting kidney transplants. Could they one day be fellow citizens? Cats and

dogs were once wild animals. Today, they are family members and surrogate children. A little over a century ago, pets didn't warrant the meager legal status of property. Now, they have more rights and protections than any other animal in the country. Some say they're even on the verge of becoming legal persons. How did we get here -- and what happens next? In this fascinating exploration of the changing status of dogs and cats in society, pet lover and award-winning journalist David Grimm explores the rich and surprising history of our favorite companion animals. He treks the long and often torturous path from their wild origins to their dark days in the middle ages to their current standing as the most valued animals on Earth. As he travels across the country -- riding along with Los Angeles detectives as they investigate animal cruelty cases, touring the devastation of New Orleans in search of the orphaned pets of Hurricane Katrina, and coming face-to-face with wolves and feral cats -- Grimm reveals the changing social attitudes that have turned pets into family members, and the remarkable laws and court cases that have elevated them to quasi citizens. The journey to citizenship isn't a smooth one, however. As Grimm finds, there's plenty of opposition to the rising status of cats and dogs. From scientists and farmers worried that our affection for pets could spill over to livestock and lab rats to philosophers who say the only way to save society is to wipe cats and dogs from the face of the earth, the battle lines are being drawn. We are entering a new age of pets -- one that is fundamentally transforming our relationship with these animals and reshaping the very fabric of society. For pet lovers or anyone interested in how we decide who gets to be a person in today's world, *Citizen Canine* is a must read. It is a pet book like no other.
