In recent years, remotivation therapy has become an integral part of a patient care plan in a wide variety of settings. What started out as group therapy sessions in a psychiatric setting has expanded into a therapeutic modality effective in geriatric long-term and day care settings, social clubs, group homes for people who were formerly institutionalized, substance abuse centers, prisons, and most recently, in facilities that provide programs for patients with Alzheimer’s or Huntington’s disease. This book examines remotivation therapy in diverse settings that include volunteer and independent living programs, an area health education center, and a state mental hospital. You’ll also find the results of studies conducted in more than a dozen settings with widely varied client populations. Miller faces overwhelming obstacles: an emotionally abusive father, physically abusive Catholic school teachers, bottom-of-the-class grades all the way through high school, and mental health issues that land him in Fair Oaks Psychiatric Hospital. Yet through his own perseverance and the help of caring individuals, Dennis begins a slow but sure ascent up the ladder of success. He starts with mopping floors at a Ramada Inn, gains admittance to an Ivy League university, and eventually becomes the CEO of a New Jersey hospital—which he transforms from a failing enterprise to a flourishing institution noted for its exemplary patient care. Tragedy befalls the hospital, and soon Dennis is being interviewed by Katie Couric, Wolf Blitzer, and Morley Safer. From there, he moves on to a new chapter in life, forming, in 2005, his own leadership consulting firm for nonprofit organizations, which he runs to this day. "My passion had always been to help people," he writes. "I had an opportunity to help many organizations with developing their strategic plans, board development, fundraising, program development, and marketing strategies. I had a new purpose in life. I was finding my new challenge very fulfilling and deeply rewarding. I had found a new 'calling in life. In Moppin' Floors to CEO: From Hopelessness and Failure to Happiness and Success, Dennis mixes together the right ingredients for an engaging autobiography: a gut-honest recount of his highly eventful life, lots of engaging stories, and some valuable life lessons. We get to know Dennis while he entertains and enlightens us. Through his words and actions, Dennis shows us how anyone, even a troubled kid from New Jersey, can make it to the top and live a fulfilling life.

best physical therapy middlesex: *Why Me? Why Not Me Captain Bob's Journey to Heaven Through Surrender*. Robert R. Schulte, 2012-09 Why me God? Why not me? I noticed a swelling on my lower left leg on the calf muscle in late December 2009. There was no pain at all, so I dismissed it as a swelling from a hard fall I had taken in my basement about a month earlier. I showed it to Cindy who wanted me to go to the doctor's, but if you haven't noticed I am thick headed and wanted to see if it would just go away..it didn't. The doctor's visit and subsequent MRI in February began the process of identifying just what this thing was. Treatment could only begin after a positive ID. At this point I was not overly concerned. I still believed it to be a hematoma from the fall. It turned out to be much, much more. This is the first entry into a 2-year CaringBridge journal for my husband Bob who was 63 at the time and a very virile and active man. The hematoma turned out to be a rare and aggressive cancer that would take his life just 2 years later. The journal documents the tremendous faith and strength that he received from Christ every step of the way. The journal will carry you through the innermost thoughts of a man who knows that there is a possibility that he will not live through this, but turns to God and sees the joy of life in adversity. I rode the journey with him for 2 years and realized that through Jesus, Bob was able to not only live well but also to die well. His journal will put you front and center on his beautiful journey, something he called an e-ticket ride with Christ. We were all blessed to be a part of his journey and I hope, that after reading this, you will feel blessed too. He took my fear and turned it into wonder The mysteries of the ages will be mine soon. Are you jealous Open our eyes to the reality of the moments we live in.
