best quotes in urdu language: *Quotes from the Quaid* Liaquat Merchant, Sharif Al Mujahid, 2020-09-08 "Every Pakistani from the youngest child to your eldest scholar should read this wonderful book *Quotes from the Quaid* with pride and joy. Each page contains at least one inspiring thought culled from the life's work of your great leader, illuminating Quaid-e-Azam's humane brilliance and the wisdom of his remarkable mind", writes Professor Stanley Wolpert in his foreword to the book. The decision by the Jinnah Society to publish *Quotes from the Quaid* as an e-book responds to the need for increasing awareness of Jinnah's leadership and the Pakistan Movement; the ever-increasing demand for this book from Pakistanis and the need to make *Quotes from the Quaid* available to all in and outside Pakistan easily as an e-book free of cost particularly in these troubled times caused by the Coronavirus all over the world. The book has previously sold more than 20,000 copies and was distributed to schools, colleges and universities for free. It was published first in 2007 by Oxford University Press and then again in 2020 by Lightstone Publishers. Mr. Liaquat Merchant, President of The Jinnah Society, said that the sole purpose of The Jinnah Society in bringing out *Quotes from the Quaid* in hard copy and now as an e-book constitutes one more effort to propagate and promote the principles, ideals, and vision of the founder of Pakistan, Quaid-e-Azam Muhammad Ali Jinnah, as a nation-building exercise and thus promote the development of democratic leaders in the role model of Mr Jinnah with particular emphasis on private honour and public integrity.

best quotes in urdu language: *The Dark Side of News Fixing* Syed Irfan Ashraf, 2021-11-02

This book provides a local journalist's perspective on a four-decade long regional contribution to global news production. It shows how the fixers' risky news pursuits made possible for global media to access distant regions and dangerous caves on Pakistan and Afghanistan borders, causing unprecedented deaths of the local reporters in the context of the U.S-led war on terror. The book analyzes the fixer as a role in its relationship with militarization. It is not a coincidence that fixers become valuable to commercial media only during the height of violence or crises. Emerging under conditions of scarcity or war, the value of this role, in turn, is intrinsically tied to the fear of extinction. It is this vulnerability or perceived expendability—imposed by the need to find work—that binds fixers in a symbiotic relationship with global market and global war. This book, then, serves as a vantage point from which one can clearly see the connection between the regional wars and commercial media, as well as local journalists' transformation into daily wage earners in a global media shift toward neoliberalism.
