crazy questions to ask guys: Men Are Stupid, Women Are Crazy Peter Ruehl, 2011 Ruehl's irreverent wit and ability to puncture pretentiousness with a well-turned phrase gave thousands of dedicated readers a good reason to read the paper back to front on the days the column appeared. His descriptions of growing up with teenage children are laugh-out-loud funny (well, for parents), and a younger generation of readers decided he was cool, with his constant satirical references to their music, dress and approach to life. Politicians sometimes winced but knew his hilarious descriptions of what was really going on in Canberra resonated more loudly than any press release. Peter Ruehl never lost his distinctive American style but he was able to understand Australian culture and to write about it and his views in a passionately funny and deeply personal way. Greg Hywood, chief executive of Fairfax, says he became a 'national institution'.

crazy questions to ask guys: NeuroDancer Austin Dragon, 2017-03-31 The Cyberpunk Detective Series Continues to Thrill in NeuroDancer! Liquid Cool is the action-packed (and funny), debut cyberpunk detective series. Has Cruz met his supervillain match in NeuroDancer? Liquid Cool is a Blade Runner meets the Maltese Falcon. In the next installment of the sci-fi/cyberpunk detective series, author Austin Dragon goes from less frenetic cyberpunk to a smoother, cyber-noir with our hero, Cruz, matching wits with the sultry NeuroDancer. There is always plenty of gritty action, suspense, thrills, and even a few laughs. It's the cyberpunk novel reimaged—an ever-rainy world of colossal skyscrapers, hover-cars, flashy neon streets, and futuristic mechanization. Metropolis isn't a bad place, but it isn't a good one either. Uber-governments and mega-corporations fight for control of the fifty-million-plus super-city, but so does crime. "Don't hate me because I'm beautiful," she said to him. He should have listened to his instincts when she strolled into his office to hire him. "I knew I wasn't gonna touch this case with a 10-foot pole. It had danger written all over it, back and front." But he did take the Case of the NeuroDancer. Is this the private eye story where the bad "guy" rides off into the sunset and the hero lies flat on his back waiting for the meat wagon to fly down in their hoverambulance. Which is crazier, indeed: the criminal—or the client? Welcome to the high-tech, low-life world of Liquid Cool.

crazy questions to ask guys: Good Guys David G. Smith, W. Brad Johnson, 2020-10-13 The

key to advancing gender equality? Men. Women are at a disadvantage. At home, they often face an unequal division of household chores and childcare, and in the workplace, they deal with lower pay, lack of credit for their contributions, roadblocks to promotion, sexual harassment, and more. And while organizations are looking to address these issues, too many gender-inclusion initiatives focus on how women themselves should respond, reinforcing the perception that these are women's issues and that men—often the most influential stakeholders in an organization—don't need to be involved. Gender-in-the-workplace experts David G. Smith and W. Brad Johnson counter this perception. In this important book, they show that men have a crucial role to play in promoting gender equality at work. Research shows that when men are deliberately engaged in gender-inclusion programs, 96 percent of women in those organizations perceive real progress in gender equality, compared with only 30 percent of women in organizations without strong male engagement. *Good Guys* is the first practical, research-based guide for how to be a male ally to women in the workplace. Filled with firsthand accounts from both men and women, and tips for getting started, the book shows how men can partner with their female colleagues to advance women's leadership and equality by breaking ingrained gender stereotypes, overcoming unconscious biases, developing and supporting the talented women around them, and creating productive and respectful working relationships with women.
