Education, Arts, and Humanities, 1991 This volume presents transcripts of seven hearings held in May, 1991, on the reauthorization of the Higher Education Act of 1965. Of the hearings held in the District of Columbia the first focused on the Pell Grant and Stafford Loan programs and featured witnesses from around the country addressing educational finance. The second hearing focused on the process of accreditation, certification and licensing that determines institutional participation in the Federal student aid programs and featured witnesses from educational institutions, and professional associations. The final hearing presented the testimony of college executives, representatives of educational associations and others on Title VI (which supports international education) and Title III (concerned with institutional aid and funding for institutional facilities). The hearings in other cities provided an opportunity for legislators to hear additional suggestions and recommendations from students, teachers, administrators, institutional executives and state agencies on the reauthorization of higher education programs. Included are the prepared statements of the witnesses as well as additional statements, correspondence and supplemental material. (JB)

crowley s ridge technical institute: *Never Too Late* Rebecca Klein-Collins, 2018-12-18 A smart, snappy, and comprehensive guide for the millions of adults who are thinking about going—or

going back—to college and want to know how to do it right As anyone who has done it knows, going back to school is a major undertaking. For younger and older adults alike, starting or returning to school presents different challenges than those encountered by teens fresh out of high school and heading straight to college. Countless Americans take on this task while working, raising kids, caring for parents, volunteering, serving in the military—and in some cases all of the above. Although the non-traditional undergraduate student is in fact the new normal, the glut of college guides out there don't include practical advice for the busy moms, frustrated employees, and ambitious adults who are applying to college or hoping to finish earning a degree. *Never Too Late* will help readers jump-start a new professional path or speed down the one they're already on by guiding them through vital questions: What should I study? How can I afford the time and money required to get a college degree? How do I compare schools? With key chapters on flexibility (It's About Time! and Face-to-Face or Cyberspace?) and rankings of the best colleges for grown-ups diving back into the books, *Never Too Late* is an essential reference for adults seeking a richer life—and a meaningful place in our rapidly changing economy and world.
