Theological Foundations of Lewis's View on Heaven

C.S. Lewis's understanding of heaven is deeply rooted in Christian theology, drawing heavily from biblical narratives and traditional Christian doctrines. He viewed heaven not merely as a place but as the fulfillment of God's redemptive plan for humanity. According to Lewis, heaven represents the ultimate communion with God, a state of perfect joy and eternal life. His theological framework emphasizes the transformation of the human soul through divine grace, preparing believers to participate in the "business of heaven." This foundation shapes his portrayal of heaven as both a goal and an ongoing process in the believer's journey.

Concept of Eternal Life and Communion with God

Lewis highlights eternal life as the essence of heaven, defined by unbroken fellowship with God. He stresses that this communion transcends temporal existence and involves a profound spiritual

transformation. In his view, eternal life is not an abstract concept but an experiential reality that begins in the present and culminates in the afterlife. This perspective challenges purely materialistic or secular interpretations of existence, positioning heaven as the ultimate destination for the soul.

Role of Grace and Redemption

The business of heaven according to Lewis requires redemption through divine grace. He articulates that human beings are incapable of reaching heaven by their own efforts but must rely on God's mercy. This theological stance highlights the necessity of faith and repentance as gateways to the heavenly realm. Grace is depicted not only as forgiveness but as the power to transform and sanctify the individual, enabling participation in God's eternal kingdom.

Heaven as the Ultimate Purpose: Spiritual and Moral Dimensions

For C.S. Lewis, the concept of heaven extends beyond a future hope to encompass a present moral and spiritual reality. He argues that living with heaven in view shapes the believer's ethical decisions and character development. The "business of heaven" involves cultivating virtues, engaging in spiritual disciplines, and aligning one's life with divine will. This section explores how Lewis links heavenly purpose with earthly conduct and spiritual maturity.

Virtue and Character Formation

Lewis insists that the pursuit of heaven necessitates the growth of virtue, such as humility, love, and courage. He believed that these qualities are essential for the soul's readiness to enter and thrive in heaven. In his writings, character formation is a continuous process that reflects the soul's preparation for eternal life. This moral dimension underscores the practical seriousness of the business of heaven as a lifelong endeavor.

Spiritual Disciplines and Practices

Engagement in prayer, worship, and scripture study are integral to Lewis's vision of heavenly preparation. He emphasizes that these disciplines cultivate a closer relationship with God and foster spiritual awareness. Such practices are not ends in themselves but means to deepen the soul's participation in the divine life. The regular commitment to spiritual routines supports the believer's journey toward the ultimate purpose of heaven.

Literary Expression of Heaven in Lewis's Works

C.S. Lewis employs rich literary imagery and allegory to communicate his ideas about heaven and the spiritual realm. His fictional works, particularly the Chronicles of Narnia and *The Great Divorce*, offer vivid depictions of the afterlife and the moral challenges faced by souls. Through narrative and symbolism, Lewis makes the abstract concept of heaven accessible and compelling to a broad audience. This section examines how his storytelling complements his theological insights.

The Chronicles of Narnia: Symbolism and Allegory

In the Narnia series, Lewis portrays heaven through symbolic landscapes and characters that embody spiritual truths. The land of Narnia itself often serves as a metaphor for the soul's journey toward divine reality. Elements such as Aslan, the lion, represent Christ and the power of redemption. These allegories invite readers to reflect on the nature of heaven and the spiritual business that leads to it.

The Great Divorce: A Vision of Choice and Consequence

The Great Divorce presents a fictionalized account of souls choosing between heaven and hell, illustrating Lewis's belief in free will and moral responsibility. This narrative emphasizes the ongoing nature of the business of heaven as a personal and communal engagement. The story challenges readers to consider the consequences of their spiritual choices and the transformative potential of divine grace.

The Practical Implications of the Business of Heaven

The notion of "the business of heaven" has significant practical implications for Christian living. Lewis advocates that believers live with intentionality, recognizing their earthly lives as preparation for eternal service in God's kingdom. This perspective impacts ethics, community life, and personal vocation. The following subtopics outline how Lewis's ideas translate into actionable principles.

Living with Eternal Perspective

Lewis encourages believers to adopt an eternal perspective that transcends immediate concerns. This mindset fosters hope and perseverance amid trials, as well as a commitment to justice and mercy. Viewing life as part of the business of heaven inspires a higher standard of conduct and a sense of divine mission.

Engagement in Community and Service

The business of heaven involves active participation in the Christian community and service to others.

Lewis underscores the importance of love and fellowship as reflections of heavenly reality. Acts of kindness, charity, and worship are seen as expressions of the soul's alignment with God's purposes.

Personal Vocation and Divine Calling

Lewis also highlights the significance of recognizing and fulfilling one's unique calling as part of the business of heaven. Whether through professional work, family life, or ministry, each believer contributes to the expansion of God's kingdom. This vocational dimension integrates faith with daily responsibilities and aspirations.

1. Maintain a consistent prayer life and spiritual discipline.
2. Develop virtues such as humility, patience, and charity.
3. Engage actively in church and community service.
4. Approach life decisions with eternal purpose in mind.
5. Embrace the transformative power of grace and redemption.

cs lewis the business of heaven: Creation, Evolution, and the Handicapped: Pastor Richard Luther Corwin, 2016-02-03 The author shows that evolution is not a logical theory. It is self-contradicting, self-fulfilling, dogmatic, and simply "scientism" cloaked in the guise of a first-century religion. The evolutionary hypothesis is detrimental to operational science, and only the biblical worldview sustains the preconditions for intelligibility sufficient to sustain empirical science. If evolutionary dogma is followed to its logical conclusion, it promotes a climate of death, a devaluing of life, and is directly detrimental to the disabled and the handicapped. cs lewis the business of heaven: The God Who Rejoices Christian D. Kettler, 2010-06-01 How does one deal with despair? Are joy and despair irreconcilable? How does the joy and despair of Jesus Christ relate to our joy and despair? Continuing to explore the implications of the vicarious humanity of Christ as he did in *The God Who Believes*, Christian Kettler investigates the christological implications of the all too human phenomenon of despair. All people experience the pain of personal loss and lack, of the meaninglessness of existence. We also desire and covet joy, as difficult as it is often to define or maintain. Jesus was both the man of sorrows and one who for the joy set before him endured the cross (Heb 12:2). Can we think of the despair of Christ and the joy of Christ as both being vicarious, in our place and on our behalf, and thus have a theological way to possess joy in the midst of despair as well as to have a more robust theology of the atonement? Drawing on wide-ranging resources from Augustine, Calvin, Karl Barth, and T. F. Torrance to Bob Dylan, the fantasy writer Ray Bradbury, and Ed Wood, the director of *Plan Nine from Outer Space*, Kettler seeks to bring Trinitarian and incarnational theology deep into our flesh, filled with real despair and joy, and find that Jesus is there, with his own despair, there to lift us up with his own joy.
