- Neurological rehabilitation for stroke and traumatic brain injury patients
- Orthopedic rehabilitation following joint replacement or fractures
- Cardiac rehabilitation to enhance cardiovascular health post-event

- Pain management programs addressing chronic and acute pain syndromes

Patient Care and Support Programs

Forum Parkway Health and Rehab prioritizes comprehensive patient care that extends beyond clinical treatment. The center emphasizes emotional support, education, and family involvement to create a holistic healing experience. Patient care programs are designed to foster a nurturing environment conducive to recovery and wellness.

Personalized Care Planning

Each patient receives a personalized care plan developed through multidisciplinary assessment. This approach ensures that treatment goals align with patient preferences, medical needs, and functional capabilities, enabling targeted interventions that promote efficient recovery.

Family and Caregiver Support

The facility recognizes the critical role of families and caregivers in the rehabilitation process. Support programs include educational workshops, counseling services, and regular communication to empower caregivers and ease patient transitions from facility to home.

Patient Education and Wellness

Educational initiatives at Forum Parkway Health and Rehab focus on disease management, preventive care, and healthy lifestyle promotion. Wellness programs encourage patients to maintain physical activity, proper nutrition, and mental well-being as integral components of recovery.

Expert Staff and Multidisciplinary Team

The success of Forum Parkway Health and Rehab is underpinned by its highly skilled and dedicated team of healthcare professionals. The facility employs a multidisciplinary approach, bringing together specialists from various fields to collaborate on patient care.

Physicians and Medical Specialists

Board-certified physicians oversee medical management, ensuring that rehabilitation protocols align with overall health objectives. Specialists in geriatrics, orthopedics, neurology, and cardiology contribute their expertise to complex cases.

Therapists and Nursing Staff

Licensed physical, occupational, and speech therapists implement individualized treatment plans, while registered nurses provide ongoing care and monitoring. The nursing staff plays a vital role in medication administration, wound care, and patient safety.

Support and Auxiliary Staff

Additional team members include social workers, dietitians, and recreational therapists who address the psychosocial and nutritional aspects of recovery. Their involvement enhances patient engagement and supports holistic rehabilitation.

Facility Amenities and Technology

Forum Parkway Health and Rehab is equipped with modern amenities and advanced technology designed to facilitate effective rehabilitation and patient comfort. The facility's infrastructure supports diverse therapeutic modalities and fosters a healing atmosphere.

Therapeutic Equipment

The rehabilitation center utilizes a wide range of therapeutic equipment, including:

Russell, 2017-08-03 First published in 1994, this book brings together the papers presented at the International Forum on 'Future Visions of Urban Public Housing' held on November 17-20, 1994 in Cincinnati, Ohio. Participants included public housing officials, academics, practitioners and public housing residents who came together to debate, compare and analyse practices and issues in urban and public housing in industrialised nations. The 55 collected papers address the following key topics: public housing policy; comprehensive neighbourhood planning for public housing; public housing in the urban design context; quality of design standards and guidelines for public housing; resident participation and enhanced self-sufficiency in public housing; public housing alternatives; revitalising and rehabilitating public housing; the Elderly, Children, and special populations in public housing. The findings suggest new directions for policy and agendas for action.
