Overview of the Fortune Society

History and Mission

The Fortune Society was established in 1967 with the mission to support individuals who have been involved in the criminal justice system. Its primary focus is on providing comprehensive reentry services to help formerly incarcerated persons reintegrate into society successfully. The organization emphasizes dignity, respect, and empowerment, aiming to reduce recidivism and promote public safety. Over the decades, the Fortune Society has grown into one of the leading social service agencies in New York City, including a significant presence in the Bronx.

Role in the Bronx Community

In the Bronx, the Fortune Society addresses the unique needs of a community disproportionately affected by incarceration and related social issues. The organization operates programs tailored to the local population, including culturally competent services and outreach initiatives. By situating itself within the Bronx, the Fortune Society enhances access to vital resources, reducing barriers that formerly incarcerated individuals often face in this

borough. Its presence is critical to fostering a supportive environment for successful reentry.

Core Programs and Services

Housing Assistance

One of the Fortune Society's fundamental services in the Bronx is providing safe and stable housing options. The organization operates transitional and permanent supportive housing programs designed specifically for people returning from incarceration. These housing solutions are critical to preventing homelessness and providing a stable foundation for rebuilding lives. Clients receive case management and support to maintain housing stability and develop independent living skills.

Employment and Job Training

Employment is a key factor in reducing recidivism, and the Fortune Society offers extensive employment services in the Bronx. These include job readiness training, resume building, interview preparation, and direct job placement assistance. The organization partners with local employers to create opportunities that accommodate the unique challenges faced by formerly incarcerated individuals. Workforce development programs are tailored to meet market demands and enhance clients' chances of long-term success.

Educational Programs

The Fortune Society provides educational opportunities ranging from GED preparation to college-level courses. In the Bronx, educational programs focus on equipping clients with the knowledge and skills necessary to secure better employment and personal growth. These programs often include vocational training and life skills workshops, supporting holistic development and empowerment.

Mental Health and Substance Use Services

Recognizing the importance of mental health and substance use treatment in reentry, the Fortune Society offers comprehensive counseling and support services. These services are designed to address trauma, addiction, and other behavioral health needs prevalent among the population served. In the Bronx, access to culturally competent mental health care is a priority, helping clients maintain stability and improve overall well-being.

Fortune Society's Impact in the Bronx

Reducing Recidivism

The Fortune Society's programs have demonstrated significant success in reducing recidivism rates among participants. By providing housing, employment, education, and health services, the organization addresses key risk factors that contribute to reoffending. In the Bronx, where incarceration rates remain high, the Fortune Society's holistic approach helps break the cycle of imprisonment and supports sustainable reintegration.

Community Engagement and Advocacy

Beyond direct services, the Fortune Society actively engages in community advocacy and criminal justice reform efforts. It works to raise awareness about the challenges faced by formerly incarcerated persons and promotes policies that foster reentry support and social justice. In the Bronx, the organization collaborates with community leaders, government agencies, and other nonprofits to strengthen the social fabric and promote inclusion.

Success Stories and Testimonials

Many individuals served by the Fortune Society in the Bronx have shared powerful testimonials about how the organization transformed their lives. Success stories often highlight the importance of stable housing, meaningful employment, and supportive counseling. These narratives serve as inspiration and evidence of the Fortune Society's effectiveness in creating positive change within the community.

Partnerships and Collaborations

Local Government and Agencies

The Fortune Society Bronx NY works closely with local government bodies and social service agencies to coordinate resources and enhance service delivery. These partnerships enable the organization to expand its reach and provide seamless support to clients. Collaboration with the New York City Department of Correction, social services departments, and health agencies is essential for integrated reentry planning.

Community-Based Organizations

Partnerships with other Bronx-based nonprofits and community organizations strengthen the Fortune Society's capacity to serve its clients. These collaborations facilitate referrals, joint programming, and shared expertise, addressing a wide range of client needs from legal assistance to healthcare. Working together, these organizations create a robust network of support for formerly incarcerated individuals.

Employers and Educational Institutions

To improve employment outcomes, the Fortune Society partners with local employers and educational institutions. These collaborations provide clients with internships, apprenticeships, job placements, and educational scholarships. By engaging with businesses and schools in the Bronx, the organization helps open doors to opportunity and economic advancement for its participants.

How to Access Fortune Society Services

Eligibility and Intake Process

fortune society bronx ny: The Secret's Out Anthony Isaacs, 2020-11-23 The Secret's Out offers two program models-Footsteps for those incarcerated and Reentry for released parolees-to help avoid and decrease high numbers of behavioral problems by returning citizens currently experiencing addictions, socially diminished lifestyles, financial hardships, and homelessness. The Footsteps and Reentry models, once utilized and embraced, can restore a sense of purpose, stability, pride, and focus to our returning citizens. Footsteps has a unique program design (with ten specialized areas of focus) that deals with modern-day realities and addresses unique issues in practical and productive ways. Its holistic self-help approach empowers individuals to actively participate in the transformation of their lives. Its major goal is to assist our returning citizens, while incarcerated, with gaining the necessary skills and training to achieve independent living upon release. Correctional institutions must examine and address the unique issues men and women are confronted with when entering the prison. Often, these men and women are still suffering from immediate effects of broken relationships and shock of the newfound incarceration. As a result, it is often difficult for them to adjust to the many rules and regulations imposed on them by a structured environmental program. The Footsteps model is the foundation of the transformative thinking necessary for success upon release and the precursor for the second phase of the independent living framework: Reentry for returning citizens. The second phase of the transformation process is Reentry. The Reentry model was created and developed as a guide to assist the reentry community with having a framework for success with our returning citizens. It is very important that all reentry service providers speak the same language and have a clear understanding that there are different phases of the reentry process. In this way, we have a clear vision of the goals and can effectively monitor which phase a client has achieved and received services. The long-term goals of both program models are moving the clients toward independent living without risky behaviors that contribute to criminal mentality and negative outcomes. It is also important to assist the returning citizen in understanding what mental health is and how to maintain mental health wellness. There must be a discussion and exploration about the different ways stress and trauma impacts our well-being, as well as seeking and developing coping strategies, such as stress reduction activities. In addition, the overall physical health and well-being of the individual must be given a focus, and individuals must be educated about affordable methods of healthy eating to guide them in maintaining their physical health, healthy lifestyle, the importance of regular checkups, and having proper medical coverage and a primary-care physician. It is the ability to have and enjoy gainful employment and independent housing. It is the understanding of and enjoying a positive relationship with family and friends. The Secret's Out is a book that provides a blueprint for correctional administrators, correctional staff, public officials, reentry agencies and reentry organizations to use as a guide to effectively assist the men and women who have experienced incarceration and now seeking to gain the soft skills and training necessary to achieve employment and independent living.

A look back at entrepreneurial growth and venture capital in the last half century by one of the leading figures in the industry. Extensive media and online coverage of the business arena, news of start-ups, mergers, and deals are familiar headlines these days. But that wasn't always the case. The early years of venture capital were a far cry from today's very public dealings. Alan Patricof, one of the pioneers of the venture arena, offers a behind-the-scenes look at the past fifty years of the industry. From buying stock in Apple when its market valuation was only \$60 million to founding New York Magazine to investing in AOL, Audible, and more recently, Axios, his discerning approach to finding companies is almost peerless. All of Patricof's investments—from Xerox to Venmo—share certain qualities. Each company had sound product with wide appeal, the economics were solid, and the management team was talented and committed to seeing their visions come to fruition.

fortune society bronx ny: Prisoners' Self-Help Litigation Manual John Boston, Daniel E. Manville, 2010-08-30 Prisoners' Self-Help Litigation Manual, in its much-anticipated fourth edition, is an indispensable guide for prisoners and prisoner advocates seeking to understand the rights guaranteed to prisoners by law and how to protect those rights. Clear, comprehensive, practical advice provides prisoners with everything they need to know on conditions of confinement, civil liberties in prison, procedural due process, the legal system, how to litigate, conducting effective legal research, and writing legal documents. Written by two legal and penitentiary experts with intimate knowledge of prisoner's rights and legal aid work, authors John Boston and Daniel E. Manville strategically focus on federal constitutional law, providing prisoners and those wishing to assist them with the most important information concerning legal rights. Over the past decade, prison law and conditions have changed significantly. This new edition is updated to include the most relevant prisoners' rights topics and approaches to litigation. Updates include all aspects of prison life as well as material on legal research, legal writing, types of legal remedies, and how to effectively use those remedies. Certainly the most authoritative, well-organized and relevant prisoner's rights manual available - - the eagerly awaited fourth edition should be purchased by everyone interested in civil rights for the incarcerated.

fortune society bronx ny: *5 Steps To A Successful Re-Entry* Clarence Bowden, 2018-09-17

Goodbye delusional thinking. This means taking those ideas to come out for that one big score or package and throwing them in the garbage where they belong. There are no big packages, or scores left for you. Until you understand this, you are already defeated, and on your way back for another bid. What will it be this time? One year, four to twelve, six to eighteen, life? After all the time spent incarcerated and seeing so many individuals return to prison or being killed, your goal is still to go back to the neighborhood and do it again. So here is how that works..... The above paragraph is a taken from one of the steps. My book the 5 Steps to a Successful Re-Entry is a solution focused, easy to read, direct, honest and personal approach to addressing the problem of recidivism. Although intended for the incarcerated and formerly incarcerated. It is also for the family and communities these men and women will be returning to. I strongly believe that recidivism can be greatly reduced and ultimately defeated by utilizing the steps provided within this book.

fortune society bronx ny: **The Sing Sing Files** Dan Slepian, 2024-09-10 An NBC Dateline producer's cinematic account of his two-decade journey navigating the broken criminal justice system to help free six innocent men In 2002, Dan Slepian, a veteran producer for NBC's Dateline, received a tip from a Bronx homicide detective that two men were serving twenty-five years to life in prison for a 1990 murder they did not commit. Haunted by what the detective had told him, Slepian began an investigation of the case that eventually resulted in freedom for the two men and launched Slepian on a two-decade personal and professional journey into a deeply flawed justice system fiercely resistant to rectifying—or even acknowledging—its mistakes and their consequences. *The Sing Sing Files: One Journalist, Six Innocent Men, and a Twenty-Year Fight for Justice* is Slepian's account of challenging that system. The story follows Slepian on years of prison visits, court hearings, and street reporting that led to a series of powerful Dateline episodes and eventually to freedom for four other men and to an especially deep and lasting friendship with one of them, Jon-Adrian "JJ" Velazquez. From his cell in Sing Sing, JJ aided Slepian in his investigations until his own release in 2021 after decades in prison. Like Bryan Stevenson's *Just Mercy*, *The Sing Sing Files* is a deeply personal account of wrongful imprisonment and the flaws in our justice system, and a powerful argument for reckoning and accountability. Slepian's extraordinary book, at once painful and full of hope, shines a light on an injustice whose impact the nation has only begun to confront.

fortune society bronx ny: **Real Cost of Prisons Comix** Lois Ahrens, 2008-09-01 One out of every hundred adults in the U.S. is in prison. This book provides a crash course in what drives mass incarceration, the human and community costs, and how to stop the numbers from going even higher. Collected in this volume are the three comic books published by the Real Cost of Prisons Project. The stories and statistical information in each comic book are thoroughly researched and documented. *Prison Town: Paying the Price* tells the story of how the financing and site locations of prisons affects the people of rural communities in which prison are built. It also tells the story of how mass incarceration affects people of urban communities where the majority of incarcerated people come from. *Prisoners of the War on Drugs* includes the history of the war on drugs, mandatory minimums, how racism creates harsher sentences for people of color, stories of how the

war on drugs works against women, three strikes laws, obstacles to coming home after incarceration, and how mass incarceration destabilizes neighborhoods. Prisoners of a Hard Life: Women and Their Children includes stories about women trapped by mandatory sentencing and the “costs” of incarceration for women and their families. Also included are alternatives to the present system, a glossary, and footnotes. Over 125,000 copies of the comic books have been printed and more than 100,000 have been sent to people who are incarcerated, to their families, and to organizers and activists throughout the country. The book includes a chapter with descriptions of how the comix have been put to use in the work of organizers and activists in prison and in the “free world” by ESL teachers, high school teachers, college professors, students, and health care providers throughout the country. The demand for the comix is constant and the ways in which they are being used are inspiring.
