

foundation for a just society

foundation for a just society represents the essential principles and structures upon which fairness, equity, and justice are built within a community or nation. Establishing such a foundation involves multiple dimensions including legal frameworks, social equality, economic opportunity, and ethical governance. This article explores the critical elements that contribute to building and sustaining a just society, emphasizing the role of human rights, rule of law, education, and social responsibility. Understanding these components is vital for policymakers, community leaders, and citizens committed to fostering environments where justice prevails and all individuals can thrive. The discussion further delves into the challenges faced in maintaining justice and the strategies necessary to overcome them. The following sections provide an in-depth analysis of these foundational aspects and outline practical steps toward achieving a truly just society.

- Legal Frameworks and the Rule of Law
- Human Rights and Social Equality
- Economic Justice and Opportunity
- Education as a Pillar of Justice
- Ethical Governance and Accountability
- Community Engagement and Social Responsibility

Legal Frameworks and the Rule of Law

The foundation for a just society is deeply rooted in a robust legal framework that upholds the rule of law. This framework ensures that laws are applied fairly, consistently, and transparently to all individuals regardless of status or background. The rule of law prevents arbitrary governance and protects citizens from abuses of power by establishing clear legal standards and independent judicial systems.

Importance of an Independent Judiciary

An independent judiciary is critical in maintaining the foundation for a just society. Judges must be free from political pressure and interference to interpret laws impartially. This independence fosters trust in legal institutions and ensures that justice is delivered without bias.

Access to Justice

Access to justice is a fundamental aspect of legal frameworks that support a just society. It involves providing all individuals with the means to seek legal remedies, including affordable legal representation and transparent court processes. Without equitable access, justice remains elusive for marginalized populations.

Human Rights and Social Equality

Human rights serve as a cornerstone of the foundation for a just society by guaranteeing fundamental freedoms and protections to every individual. Social equality complements this by striving to eliminate discrimination based on race, gender, religion, or socioeconomic status, thereby fostering inclusive communities.

Universal Declaration of Human Rights

The Universal Declaration of Human Rights (UDHR) outlines the basic rights and freedoms to which all humans are entitled. Adherence to these principles is essential in creating a society where justice is not a privilege but a guaranteed standard.

Combating Discrimination and Inequality

Efforts to combat systemic discrimination and social inequality are integral to establishing a foundation for a just society. Policies that promote equal opportunities and protect minority rights help dismantle barriers that prevent full participation in civic and economic life.

Economic Justice and Opportunity

Economic justice is a vital component of the foundation for a just society, ensuring that wealth and resources are distributed fairly and that all members have the opportunity to improve their economic conditions. Economic disparities often translate into social injustices, making this an area of critical focus.

Fair Wages and Labor Rights

Ensuring fair wages and protecting labor rights are necessary to prevent exploitation and poverty. Labor laws that guarantee safe working conditions, reasonable hours, and the right to unionize contribute significantly to economic justice.

Reducing Poverty and Inequality

Programs aimed at reducing poverty and bridging income gaps support the creation of a just society. These include social safety nets, affordable healthcare, and access to housing,

which help to level the economic playing field.

Education as a Pillar of Justice

Education plays a transformative role in the foundation for a just society by empowering individuals with knowledge, critical thinking skills, and awareness of their rights and responsibilities. Equitable access to quality education fosters social mobility and informed citizenship.

Inclusive and Equitable Education Systems

Developing inclusive education systems that address the diverse needs of all learners is fundamental. Such systems reduce disparities and provide marginalized groups with opportunities to succeed academically and socially.

Promoting Civic Education

Civic education encourages understanding of democratic principles and active participation in governance. Educated citizens are better equipped to advocate for justice and hold leaders accountable.

Ethical Governance and Accountability

The foundation for a just society depends heavily on ethical governance characterized by transparency, integrity, and accountability. Public officials must act in the best interest of the community, maintaining trust through honest and responsible leadership.

Transparency and Anti-Corruption Measures

Transparency in government operations and robust anti-corruption measures are essential in preventing abuses of power and ensuring resources are used effectively for public benefit. These efforts reinforce the legitimacy of institutions and public confidence.

Mechanisms for Accountability

Accountability mechanisms such as independent oversight bodies, free press, and participatory governance allow citizens to monitor government actions and demand corrective measures when injustices occur.

Community Engagement and Social Responsibility

Active community engagement and social responsibility are critical to sustaining the foundation for a just society. When individuals and groups participate in decision-making and take responsibility for societal well-being, justice becomes a shared endeavor.

Role of Civil Society Organizations

Civil society organizations advocate for marginalized populations, promote human rights, and facilitate dialogue between citizens and government. Their involvement is vital in identifying injustices and proposing solutions.

Encouraging Volunteerism and Social Initiatives

Volunteerism and social initiatives foster a culture of empathy and collective responsibility. These activities help address local challenges and strengthen social cohesion, which are essential for justice and peace.

Key Elements for Building the Foundation

- Establishing fair and accessible legal institutions
- Protecting and promoting human rights universally
- Ensuring equitable economic policies and opportunities
- Providing inclusive and quality education for all
- Upholding ethical governance and transparency
- Fostering active civic engagement and social responsibility

Frequently Asked Questions

What is the concept of a foundation for a just society?

A foundation for a just society refers to the underlying principles, institutions, and practices that ensure fairness, equality, and respect for human rights within a community or nation.

Why is equality important in building a just society?

Equality is important because it ensures that all individuals have the same opportunities and rights, preventing discrimination and promoting social cohesion and fairness.

How do laws contribute to a just society?

Laws establish standards of behavior, protect individual rights, and provide mechanisms for resolving disputes, thereby maintaining order and justice in society.

What role does education play in fostering a just society?

Education promotes awareness of rights and responsibilities, encourages critical thinking, and empowers individuals to participate actively and fairly in society.

How can economic justice be achieved in a just society?

Economic justice can be achieved by ensuring fair distribution of resources, access to employment, and social safety nets that reduce poverty and inequality.

What is the importance of civic engagement in a just society?

Civic engagement allows citizens to participate in decision-making processes, hold leaders accountable, and advocate for policies that promote justice and equity.

How does diversity strengthen the foundation of a just society?

Diversity brings different perspectives and experiences, fostering tolerance, innovation, and a more inclusive environment where all individuals feel respected and valued.

What challenges hinder the development of a just society today?

Challenges include systemic inequality, discrimination, corruption, lack of access to education and healthcare, and political instability, all of which undermine fairness and justice.

Additional Resources

1. Justice as Fairness: A Restatement

This book by John Rawls offers a refined and accessible presentation of his influential theory of justice. It emphasizes the principles of fairness and equality as the foundation for a just society. Rawls explores how institutions can be structured to ensure that social and

economic inequalities benefit the least advantaged members of society.

2. *The Spirit Level: Why Greater Equality Makes Societies Stronger*

Authors Richard Wilkinson and Kate Pickett present compelling evidence that societies with less income inequality experience better health, higher educational performance, and lower crime rates. The book argues that reducing inequality is essential for building a just and cohesive society. It highlights the social costs of disparity and advocates for policies promoting fairness.

3. *A Theory of Justice*

John Rawls's seminal work introduces the concept of justice as fairness and the original position—a hypothetical scenario to determine just principles. The book lays the groundwork for understanding justice in terms of equal basic rights, equality of opportunity, and the difference principle. It remains a cornerstone text for discussions on the foundation of a just society.

4. *Justice: What's the Right Thing to Do?*

Philosopher Michael Sandel explores various philosophical approaches to justice, including utilitarianism, libertarianism, and Rawlsian theory. Through engaging examples and debates, Sandel invites readers to consider the moral foundations of justice in society. The book encourages critical thinking about fairness, rights, and the common good.

5. *The Road to Serfdom*

Friedrich Hayek warns against the dangers of central planning and government control, arguing that they can lead to the erosion of individual freedoms and just societies. He advocates for free-market capitalism as a means to secure personal liberty and justice. The book serves as a cautionary tale about balancing social order and freedom.

6. *The Social Contract*

Jean-Jacques Rousseau's classic work discusses the origin of society and legitimate government based on a social contract among free individuals. Rousseau argues that true justice arises when laws express the general will of the people. This book is foundational in understanding democratic principles and the moral basis of political authority.

7. *Creating a Just Society: A New Vision for Structural Reform*

This book examines systemic inequalities and proposes comprehensive reforms to promote justice in education, healthcare, and economic opportunity. It emphasizes the role of policy and community engagement in building equitable institutions. The author advocates for a collaborative approach to social justice rooted in respect and inclusion.

8. *Justice and the Politics of Difference*

Iris Marion Young critiques traditional theories of justice for overlooking issues of group difference and social oppression. She proposes a model of justice that recognizes cultural diversity and addresses structural inequalities. The book challenges readers to rethink justice in a pluralistic society.

9. *Equality and Discrimination: A Philosophical Perspective*

This work explores the ethical and philosophical dimensions of equality and discrimination in modern societies. It investigates how legal and moral frameworks can support just treatment of all individuals regardless of background. The book provides a nuanced analysis of fairness, rights, and social inclusion.

foundation for a just society: Passage to a Just Society Reza Rezazadeh, 2003 For more information about the author and his publications visit www.democracywhere.com This study demonstrates that because their opposing nature, democracy and capitalism or socialism cannot coexist. To have a democratic society, we have to replace capitalism or socialism with a democratic free market economy and take government out of regulating people's business and daily life.. The author attempts to present such a democratic concept, its societal structure and function and how under such a system people understand the purpose of life, work less hours, yet have a prosperous, leisurely and satisfying life. The book is actually the story of some parts from the author's life, written in an autobiographical form, showing hardships, sufferings, failures, incredible adventures, romance and love he encountered in developing his theory, and how persistence and determination , despite repeated failures, helped him to succeed in developing his theory and at the same time, transformed him to a better human being.

foundation for a just society: Policies for a Just Society David Donnison, 1997-11-12 Why are western societies - and particularly Britain - becoming more deeply divided, more violent, more squalid? What traditions can we draw upon to respond to this crisis? Since present politics led by central governments offer scant hope of radical reform, what can be done by those determined to work at a local scale to resist and reverse these trends? Donnison draws on the experience of innovative civic leaders, community activists, local policy-makers and researchers to answer these pressing questions.

foundation for a just society: Social Welfare Conundrums: Unveiling Solutions for a Just Society Pasquale De Marco, 2025-04-14 In an era of profound social and economic change, the need for a comprehensive understanding of social welfare policy has never been greater. Social Welfare Conundrums: Unveiling Solutions for a Just Society provides a critical examination of the current state of social welfare in the United States, exploring the challenges and opportunities that lie ahead. This thought-provoking book delves into the historical foundations of social welfare, tracing its evolution from the early days of the republic to the present day. It examines the major social welfare programs in operation today, including Social Security, Medicare, Medicaid, and unemployment insurance, and analyzes their effectiveness in addressing the needs of individuals and communities. The book also explores the complex relationship between social welfare policy and other societal factors, such as economic inequality, technological advancements, and globalization. It examines the impact of these factors on the well-being of individuals and families and the challenges they pose to policymakers. Drawing on a wealth of research and data, Social Welfare Conundrums: Unveiling Solutions for a Just Society offers a nuanced and balanced perspective on social welfare policy. It is essential reading for anyone seeking to understand the complex challenges facing the United States today and the role that social welfare plays in addressing them. This book is divided into ten chapters, each of which focuses on a different aspect of social welfare policy. The chapters are organized in a logical and sequential manner, beginning with a discussion of the historical foundations of social welfare and concluding with a look at the future of social welfare in America. Each chapter is written in a clear and concise style, making it accessible to a wide range of readers. Whether you are a student, a policymaker, or simply a concerned citizen, this book will provide you

with the knowledge and understanding you need to engage in informed discussions about social welfare policy. If you like this book, write a review on google books!

foundation for a just society: *A Just Society* Michael Boylan, 2004-07-13 *A Just Society* represents a complete account of Boylan's original worldview theory of ethics and social philosophy. The author sets out the foundation and application of the personal worldview imperative (for ethics) and the shared community worldview imperative (for social philosophy). These form the structure for a rights-based deontological theory that is holistic and underscored by an understanding of the good will that incorporates novel depictions of the sincere and authentic agent who displays sympathy, care, openness, and love. In the end, *A Just Society* strikes a balance between extreme liberalism (libertarianism) and those advocating the rule of the general will (utilitarianism). As such, the book makes an important contribution to ethical and political theory, as well as grounding an original approach to public philosophy.

foundation for a just society: *Towards a Just Society* Alastair Hudson, 1999-10-01 This work analyzes the weaknesses in the established political approaches to reform of the provision of justice, judging them as being either too overtly concerned with inappropriate free market structures, or too wedded to legal procedural rules. It argues that the most efficient solution is an adapted version of legal aid as a kind of welfare state benefit and more integrated public services aimed at providing justice for the citizen.

foundation for a just society: *Prophets of a Just Society* Jake C. Miller, 2002 This book was made possible by a grant from the United Negro College and Fellowship Program, and a leave of absence by Bethune-Cookman College. It was written for the purpose of enhancing knowledge of non-violent resistance as a means of resolving social conflicts. Specifically, the book analyses the contributions of Mohandas K Gandhi, Martin Luther King Jr, Albert J Luthuli and Desmond M Tutu to the non-violent effort. The book is dedicated both to those who have sacrificed to advance the cause of peace through non-violent resistance, and those who continue to advocate its use.

foundation for a just society: *The Path of a Noble Soul* Pasquale De Marco, 2025-07-16 In a time of national turmoil and division, Abraham Lincoln emerged as a beacon of moral leadership, guiding a nation through its darkest hour with unwavering principles and unwavering determination. ****The Path of a Noble Soul: Lincoln's Moral Compass**** delves into the extraordinary life and legacy of this iconic president, exploring the virtues that shaped his character and propelled him to the forefront of American history. Through meticulous research and captivating storytelling, this book unveils the intricate tapestry of Lincoln's moral compass, revealing the inner workings of a man who rose above partisan politics and personal ambition to embody the noblest ideals of American democracy. From his humble beginnings in a log cabin to his rise to the presidency, Lincoln's unwavering integrity, unwavering courage, and profound empathy shine through. Lincoln's moral compass extended beyond the battlefield and the halls of power. His personal life was a testament to the virtues he espoused, characterized by unwavering devotion to his family, unwavering loyalty to his friends, and unwavering compassion for those in need. His ability to forgive his enemies, to seek reconciliation, and to heal the wounds of a divided nation stands as a testament to the transformative power of moral leadership. This book invites readers to embark on a journey through Lincoln's life and career, examining the pivotal moments that tested his character and shaped his legacy. From his early struggles as a frontier lawyer to his rise to national prominence, Lincoln's moral compass served as a North Star, guiding him through treacherous waters and propelling him to the forefront of a nation yearning for unity and renewal. ****The Path of a Noble Soul**** offers a fresh perspective on Lincoln's presidency, highlighting the moral dimensions of his leadership and the enduring relevance of his virtues for leaders and citizens alike. Through Lincoln's example, we are reminded of the importance of integrity, courage, empathy, and perseverance in the face of adversity. As we navigate the complexities of the 21st century, Lincoln's moral compass offers invaluable guidance. His unwavering principles, his unyielding determination, and his unwavering belief in the power of unity and compassion serve as a timeless roadmap for leaders and citizens alike. This book invites us to reflect on Lincoln's legacy, to draw inspiration from his virtues, and to

embrace the moral compass that guided his life and leadership. If you like this book, write a review!

foundation for a just society: The Laborers' Symphony Pasquale De Marco, 2025-05-18 In the heart of America, where dreams are forged and aspirations take flight, there lies a symphony of unsung heroes—the laborers. This book is a testament to their resilience, their unwavering spirit, and their profound impact on our shared history. Through a symphony of voices, we explore the lives of those who toil in factories, fields, and homes, shedding light on their triumphs and tribulations, their hopes and fears, and their dreams for a better future. We meet Anna, a young immigrant trapped in a cycle of exploitation, and Lena, an African American domestic worker facing relentless discrimination. We witness the rise of the labor movement, a beacon of hope for workers seeking justice and equality. We hear the impassioned speeches of labor leaders and experience the struggles and sacrifices of those who fought for workers' rights. This book is more than just a history of labor in America; it is a celebration of the human spirit. It is a testament to the power of collective action, the resilience of the human spirit, and the unwavering pursuit of a better life. It is a symphony of voices, a chorus of untold stories, that together paint a vivid portrait of the laborers who built this nation. Through their struggles and triumphs, we can find inspiration, strength, and a renewed appreciation for the dignity of work. This book is a tribute to the laborers of America, past and present. It is a celebration of their contributions to our nation and a call to action for us all to recognize and value the dignity of work. It is a book that will resonate with anyone who has ever toiled for a living, anyone who has ever dreamed of a better life, and anyone who believes in the power of the human spirit. If you like this book, write a review on google books!

foundation for a just society: The Plutocratic Mirage: Capitalism's Seduction and the Dream of a Just Society Pasquale De Marco, 2025-07-06 In the tapestry of human history, societies have grappled with a persistent paradox: the coexistence of immense wealth and abject poverty. This disparity has fueled social unrest, revolutions, and countless debates about the nature of justice and equality. In the modern era, capitalism has emerged as the dominant economic system, promising prosperity and opportunity for all. Yet, as we witness the rise of the 1%, the shrinking middle class, and the erosion of labor rights, it is clear that capitalism's promise has been tarnished by the specter of plutocracy. The Plutocratic Mirage delves into this troubling reality, examining the genesis of plutocracy, its corrosive effects on society, and the challenges we face in striving for a more just and equitable world. This book is an urgent call for action, a clarion call to confront the insidious forces that threaten to undermine our democracies and erode the fabric of our societies. The concentration of wealth and power in the hands of a privileged few has created a society marked by stark inequalities. The ultra-wealthy live in a world of unimaginable luxury, while millions struggle to make ends meet. This chasm between the haves and have-nots has profound consequences for our social and political systems. Plutocracy distorts democracy, giving disproportionate influence to those with the deepest pockets. It erodes public services, leaving the most vulnerable members of society without essential support. It widens the wealth gap, creating a society where the rich get richer and the poor get poorer. It fuels social injustice, leading to discrimination, marginalization, and social unrest. It degrades the environment, as corporations prioritize profit over sustainability. The Plutocratic Mirage exposes the devastating impact of plutocracy on our societies. It is a call to arms, urging us to challenge the status quo and work towards a more just and equitable world. The chapters that follow will delve into the various facets of plutocracy, examining its historical roots, its corrosive effects on democracy, the environment, and our social fabric, and the challenges we face in overcoming this formidable obstacle to a better future. Together, we must strive to shatter the Plutocratic Mirage and build a society where wealth is shared more equitably, where power is exercised democratically, and where every individual has the opportunity to reach their full potential. If you like this book, write a review on google books!

foundation for a just society: Qur'an and the Just Society Ramon Harvey, 2017-10-23 Utilising a pioneering theological and hermeneutic framework adapted from both classical Muslim literature and contemporary academic studies of the Qur'an, Ramon Harvey explores the underlying principles of its system of social justice.

foundation for a just society: Speculations on Black Life Darrell Jones, Monifa Love, Anthony B. Pinn, 2023-05-18 Is God a white racist? Posed by William R. Jones in his ground-breaking book of the same name, this question disrupted the theological assumptions that marked Black religious thought from early writings of the 1800s to the formation of Black theology in the 1960s. This book compiles his key and essential writings related to over three decades of critical reflection on race, religion, secularism, and oppression in the United States. Over the course of 30 years, Jones pushed questions and considerations that refined Black theology and that gave greater shape to and understanding of Black philosophers' intervention into issues of racial and structural inequality. His philosophical work, related to the grid of oppression, fosters an approach to the nature and meaning of oppression in the United States, encouraging rational interrogation of structures of injustice and thought patterns supporting those structures. Still relevant today, the straightforward style of communication used by Jones makes these essays easily accessible to a popular audience, while maintaining intellectual rigor, making the book also suitable for an academy-based audience.

foundation for a just society: Arcturians: How to Heal, Ascend, and Help Planet Earth David K. Miller, 2013-04-01 On the Mayan Calendar, every day of the year represents the energy of one of the twenty solar glyphs and one of the thirteen numbers, called tones. The solar glyph indicates your soul purpose, and the tone is the energy you will use to attain this purpose.

foundation for a just society: Christ and the Just Society in the Thought of Augustine Robert Dodaro, 2004-11-25 Christ and the Just Society in the Thought of Augustine is a study of Augustine's political thought and ethics in relation to his theology. The book examines fundamental issues in Augustine's theological and political ethics in relation to the question, 'How did Augustine conceive the just society'? At the heart of the book's approach is the relationship that Augustine outlines in his City of God and other writings between Christ and those believers who acknowledge him to be the only source of the soul's virtue. The book demonstrates how Augustine sees Christ's grace and the scriptures contributing to the soul's growth in virtue, especially as these issues are framed by the Pelagian controversy. Finally, the implications which Augustine sees for Christ's mediation of virtue are examined in relation to his revision of the ancient concepts of heroism and the statesman.

foundation for a just society: Basic Income and a Just Society David A. Green, Jonathan Rhys Kesselman, Daniel Perrin, Gillian Petit, Lindsay M. Tedds, 2023-07-31 As governments struggle to adapt half-century-old income and social support programs to new needs and realities, some are calling for the introduction of a basic income guarantee for working-age Canadians. But is a basic income really the best policy response to poverty, precarious work, and unemployment? Is it the best way to build a just and inclusive society? Basic Income and a Just Society provides a comprehensive evaluation of basic income and its application as a primary social policy tool. Drawing on extensive research and analysis produced for the British Columbia Expert Panel on Basic Income, combined with pan-Canadian data and current evidence, leading scholars examine the various claims made for and against a basic income. They assess its potential to reduce poverty and improve social outcomes, as well as the costs associated with implementing such a program in Canada and how it would interact with existing social programs. In examining the key arguments advanced by proponents of a basic income, contributors take a hard look at Canada's social safety net and its strengths and weaknesses, proposing a different path forward - one that entails a full paradigm shift in social policy and rests on providing the bases of self- and social respect to all Canadians.

foundation for a just society: City of Misery Pasquale De Marco, 2025-08-15 ****City of Misery****, a haunting exploration of a city trapped in the grip of despair, is a non-narrative collection of essays that delves into the complexities of human suffering. This thought-provoking work examines the bleak and oppressive atmosphere that permeates the city, laying bare the daily struggles of its inhabitants. It captures the weight of poverty, violence, and despair that weighs heavily upon the populace, leaving them yearning for hope amidst the ruins. Yet, even in the darkest corners of the city, a glimmer of light persists. ****City of Misery**** uncovers the resilience of the human spirit, showcasing the strength and determination of those who refuse to surrender to despair. Their stories of overcoming challenges, finding purpose in adversity, and maintaining hope

serve as a beacon of inspiration amidst the darkness. The book delves into the psychological toll that living in such a tormented city can inflict. It explores the dangers of escapism and addiction, while highlighting the power of art, music, and spirituality to provide solace. It examines the role of community and human connection in the healing process, emphasizing the importance of support and shared experiences in overcoming adversity. **City of Misery** also confronts the darker aspects of the city. It exposes the corruption, greed, and violence that lurk beneath the surface, exploring the psychological toll of living in a world of shadows. The book grapples with the struggle to maintain hope in the face of despair, highlighting the dangers of losing faith and slipping into the abyss. Despite the bleakness that permeates the city, **City of Misery** concludes on a note of cautious optimism. It envisions a future where the wounds of the past have healed, and a more just, equitable, and sustainable society has emerged. The book emphasizes the importance of collective action, collaboration, and a shared vision in creating a better tomorrow. **City of Misery** is a powerful and thought-provoking exploration of the human condition. Through a series of non-linear essays, it captures the complexities of suffering, resilience, and hope. This book is a must-read for anyone seeking a deeper understanding of the human experience and the indomitable spirit that resides within us all. If you like this book, write a review!

foundation for a just society: Alain Locke on the Theoretical Foundations for a Just and Successful Peace Corey L. Barnes, 2022-11-04 Alain Locke is most known for his involvement in the Harlem Renaissance. However, he received his PhD in philosophy from Harvard University in 1918, and produced a very large corpus of philosophical work. His work shows him to have been a sophisticated philosopher who thought through practical and theoretical problems regarding the nature of cosmopolitanism, democracy, race, value, religion, art, and education. Although Locke's philosophical work has been discussed in parts, there has been no theorizing about how his different philosophical commitments fit together. In this book Corey L. Barnes begins to systematize Locke's philosophical thought, showing how his democratic theory, philosophy of race, and value theory are connected to and undergirded by a commitment to cosmopolitanism. In so doing, Barnes unearths aspects of Locke's thought—for example, his economic thinking—that have not been accorded attention and reimagines parts of his work about which have been theorized, all while bringing Locke into current debates about each subject.

foundation for a just society: Toward a Just Social Order Derek L. Phillips, 2014-07-14 Derek Phillips presents a strong case for the importance of normative theories about the just social organization of society. Most sociologists urge the avoidance of value judgments, but Professor Phillips argues for a notion of a just social order that reflects a twin concern with explanatory and normative thinking. Originally published in 1986. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

foundation for a just society: Long Lives Are for the Rich Jan Baars, 2023-07-26 Long Lives Are for the Rich is the title of a silent ominous program that affects the lives of millions of people. In all developed countries disadvantaged and, especially, poor people die much earlier than the most advantaged. During these shorter lives they suffer ten to twenty years longer from disabilities or chronic disease. This does not happen accidentally: health inequalities – including those between healthy and unhealthy life styles – are mainly caused by social inequalities that are reproduced over the life course. This crucial function of the life course has become painfully visible during its neoliberal reorganization since the early 1980s. Studies about aging over the life course, from birth to death, show the inhumane consequences as people get older. In spite of the enormous wealth that has been piled up in the US for a dwindling percentage of the population, there has been growing public indifference about the needs of those in jobs with low pay and high stress, but also about citizens from a broad middle class who can hardly afford high quality education or healthcare.

However, this ominous program affects all: recent mortality rates show that all Americans, including the rich, are unhealthier and dying earlier than citizens of other developed countries. Moreover, the underlying social inequalities are tearing the population apart with nasty consequences for all citizens, including the rich. Although the public awareness of the consequences has been growing, neoliberal policies remain tempting for the economic and political elites of the developed world because of the enormous wealth that is flowing to the top. All this poses urgent questions of social justice. Unfortunately, the predominant studies of social justice along the life course help to reproduce these inequalities by neglecting them. This book analyzes the main dynamics of social inequality over the life course and proposes a theory of social justice that sketches a way forward for a country that is willing to invest in its greatest resource: the creative potential of its population.

foundation for a just society: A Just Society for Ireland? 1964-1987 C. Meehan, 2013-10-15 Drawing on interviews with key players and previously unused archival sources, this book offers a fascinating account of a critical period in Fine Gael's history when the party was challenged to define its place in Irish politics.

foundation for a just society: Critical and Modern Movements Hector Davidson, This book contains the following titles and topics: - Deconstructionism - Determinism - Feminist Philosophy - Humanism - Liberalism - Moral Philosophy - Naturalism - Nihilism - Phenomenology - Pragmatism - Structuralism - Utilitarianism
