History and Background of Fox 5 I Team Investigations

The fox 5 i team investigations unit has a long-standing tradition of investigative journalism that dates

back several decades. Established as a specialized team within the Fox 5 newsroom, their primary goal has been to delve deeper into stories that require extensive research and verification. Over the years, the team has grown in size and expertise, incorporating seasoned journalists, researchers, and legal experts to ensure thorough and accurate reporting.

Fox 5's commitment to investigative journalism reflects a broader trend in local news organizations investing resources to hold institutions accountable. The team's investigations cover a broad spectrum of topics, including political corruption, consumer fraud, public health crises, and criminal justice issues. By maintaining a focus on stories that have significant public interest, fox 5 i team investigations have earned a reputation for credibility and impactful storytelling.

Origins and Development

The origins of fox 5 i team investigations can be traced to the increasing demand for accountability journalism in local markets. Initially, investigative reporting was conducted by individual reporters, but the complexity of cases necessitated a dedicated unit. As investigative journalism evolved with technological advancements, the team adapted by incorporating digital tools and database analysis to enhance their reporting capabilities.

Role within Fox 5 News

The investigative team operates as an independent entity within the Fox 5 newsroom, allowing it to pursue stories without undue influence from commercial or editorial pressures. This independence is crucial for maintaining the integrity of their investigations. The team collaborates with other news departments but retains editorial control over the investigative process and final reporting.

Investigative Techniques and Methodologies

Fox 5 i team investigations utilize a variety of investigative techniques to uncover facts and validate information. Their methodology is rooted in traditional journalism principles, combined with modern

technology and data analytics. This hybrid approach enables the team to tackle complex stories that would otherwise remain hidden.

Data Analysis and Public Records

One of the key tools for fox 5 i team investigations is the analysis of public records and data sets. By obtaining and scrutinizing government documents, financial records, court filings, and databases, the team can identify patterns, discrepancies, and potential misconduct. This method often leads to uncovering stories related to corruption, misuse of funds, or regulatory failures.

Undercover Reporting and Interviews

When appropriate, the investigative team employs undercover techniques and in-depth interviews to gather firsthand information. These methods require careful planning and adherence to ethical standards to ensure the legitimacy of the findings. Interviews with whistleblowers, experts, and affected individuals often provide critical insights that complement documentary evidence.

Collaboration and Fact-Checking

Fox 5 i team investigations emphasize thorough fact-checking and source verification. The team collaborates with external experts, legal advisors, and sometimes other investigative units to cross-verify data and claims. This rigorous approach minimizes errors and reinforces the credibility of their reports.

Notable Fox 5 I Team Investigations

Over the years, fox 5 i team investigations have brought to light numerous significant stories that have resonated with audiences and prompted action. These investigations often serve as catalysts for reform and increased public awareness.

Exposing Government Corruption

One of the most impactful areas of investigation involves uncovering corruption within local and state government agencies. Fox 5's investigative reports have revealed embezzlement, nepotism, and abuse of power, leading to official investigations and policy changes. These stories demonstrate the watchdog role of the press in democratic society.

Consumer Protection and Fraud Cases

The team has also focused on exposing scams and fraudulent business practices that affect consumers. From predatory lending schemes to unsafe product recalls, fox 5 i team investigations provide valuable information that helps protect the public and pressure companies to comply with regulations.

Public Safety and Health Investigations

Investigations into public safety issues such as unsafe working conditions, environmental hazards, and healthcare malpractice have also been a cornerstone of the team's work. These reports often lead to increased scrutiny by regulatory bodies and improvements in safety standards.

Impact on Communities and Public Policy

The influence of fox 5 i team investigations extends beyond media coverage, often resulting in tangible changes within communities and government policies. Their work exemplifies the power of journalism to effect social change.

Community Awareness and Engagement

By highlighting critical issues, the team raises awareness among viewers and encourages civic

engagement. Communities become more informed about local problems and empowered to demand accountability from public officials and private entities.

Policy Reform and Legal Action

Many fox 5 i team investigations have directly contributed to policy reforms and legal actions. Legislators and regulators frequently use investigative reports as a basis for enacting new laws, revising existing policies, or launching official probes. This underscores the role of investigative journalism in shaping governance.

Strengthening Public Trust

Through its commitment to transparency and truth, fox 5 i team investigations help build trust between the media and the public. Reliable investigative reporting fosters a well-informed citizenry and reinforces the media's role as a pillar of democracy.

Challenges and Ethical Considerations

Despite its successes, fox 5 i team investigations face numerous challenges that require careful navigation to maintain journalistic integrity and effectiveness.

Legal Risks and Press Freedom

Investigative journalism often involves sensitive information and powerful subjects, exposing reporters to potential legal threats such as defamation lawsuits. The team must balance aggressive reporting with adherence to legal standards to protect press freedom and avoid litigation.

Maintaining Objectivity and Avoiding Bias

Ensuring objectivity is paramount in investigative work. Fox 5 i team investigations follow strict editorial guidelines to prevent bias and present findings based on evidence rather than opinion. Upholding these standards preserves credibility and public trust.

Resource Constraints and Technological Demands

Investigative journalism is resource-intensive, requiring time, personnel, and technological tools. Budget limitations and evolving digital challenges, such as cybersecurity threats, can impact the scope and depth of investigations conducted by the team.

The Future of Fox 5 I Team Investigations

As the media landscape continues to evolve, fox 5 i team investigations are adapting to new technologies and audience expectations. The future promises innovative approaches to investigative journalism that will enhance the team's ability to uncover important stories.

Embracing Digital Tools and Data Journalism

The integration of artificial intelligence, data visualization, and advanced analytics is revolutionizing investigative reporting. Fox 5 i team investigations are likely to leverage these tools to process large datasets more efficiently and present findings in compelling formats.

Expanding Multimedia Storytelling

To engage diverse audiences, the team is increasingly incorporating multimedia elements such as video documentaries, interactive graphics, and social media outreach. This expansion enhances the impact and accessibility of investigative reports.

Strengthening Community Collaboration

Future investigations may involve greater collaboration with community organizations, experts, and other media outlets. This cooperative approach can amplify the reach and effectiveness of investigative journalism efforts.

fox 5 i team investigations: *A Practical Guide to Computer Forensics Investigations* Darren R. Hayes, 2015 A Practical Guide to Computer Forensics Investigations introduces the newest technologies along with detailed information on how the evidence contained on these devices should be analyzed. Packed with practical, hands-on activities, students will learn unique subjects from chapters including Mac Forensics, Mobile Forensics, Cyberbullying, and Child Endangerment. This well-developed book will prepare students for the rapidly-growing field of computer forensics for a career with law enforcement, accounting firms, banks and credit card companies, private investigation companies, or government agencies.

fox 5 i team investigations: Compromised Seamus Bruner, 2018-08-16 If you ask most Americans what they think about the FBI, they would tell you it's far and away the government agency they trust the most. The Bureau has, for decades, sold an image of itself as efficient, professional, unbiased, and untouchable by corruption. That portrait is a sham. Seamus Bruner and the Government Accountability Institute have spent years cataloging the widespread conflict-of-interests of the D.C. political class. They have found massive self-enrichment and political bias at the highest levels of government—including the Justice Department and the FBI. Indeed, the nation's most important law enforcement agency has become so compromised that every major

investigation should face intense scrutiny from the public, the media, and from Congress. James Comey, Robert Mueller, Andrew McCabe, and the rest of the recent FBI leadership should be forced to answer for the way the Bureau has abused the public trust under their watch.

fox 5 i team investigations: *Spygate* Dan Bongino, D.C. McAllister, Matt Palumbo, 2018-10-09 Everyone has an opinion about whether or not Donald Trump colluded with the Russians to defeat Hillary Clinton in 2016. The number of actors involved is staggering, the events are complicated, and it's hard to know who or what to believe. *Spygate* bypasses opinion and brings facts together to expose the greatest political scandal in American history. Former Secret Service agent and NYPD police officer Dan Bongino joins forces with journalist D.C. McAllister to clear away fake news and show you how Trump's political opponents, both foreign and domestic, tried to sabotage his campaign and delegitimize his presidency. By following the names and connections of significant actors, the authors reveal: • Why the Obama administration sent a spy connected to the Deep State into the Trump campaign • How Russians were connected to the opposition research firm hired by the Clinton campaign to find dirt on Trump • How the FBI failed to examine DNC computers after they were hacked, relying instead on the findings of a private company connected to the DNC and the Obama administration • Why British intelligence played a role in building the collusion narrative • What role Ukrainians played in legitimizing the perception that Trump was conspiring with the Russians • How foreign players in the two events that kickstarted the Trump-Russia collusion investigation were connected to the Clinton Foundation, and • What motivated the major actors who sought to frame the Trump campaign and secure a win for Hillary Clinton

fox 5 i team investigations: *Rigged* Mollie Hemingway, 2021-10-12 FROM THE AUTHOR OF THE #1 NATIONAL BESTSELLER JUSTICE ON TRIAL Stunned by the turbulence of the 2020 election, millions of Americans are asking the forbidden question: what really happened? It was a devastating triple punch. Capping their four-year campaign to destroy the Trump presidency, the media portrayed a Democratic victory as necessary and inevitable. Big Tech, wielding unprecedented powers, vaporized dissent and erased damning reports about the Biden family's corruption. And Democratic operatives, exploiting a public health crisis, shamelessly manipulated the voting process itself. Silenced and subjected, the American people lost their faith in the system. *RIGGED* is the definitive account of the 2020 election. Based on Mollie Hemingway's exclusive interviews with campaign officials, reporters, Supreme Court justices, and President Trump himself, it exposes the fraud and cynicism behind the Democrats' historic power-grab. Rewriting history is a specialty of the radical left, now in control of America's political and cultural heights. But they will have to contend with the determination, insight, and eloquence of Mollie Hemingway. *RIGGED* is a reminder for weary patriots that truth is still the most powerful weapon. The stakes for our democracy have never been higher.

fox 5 i team investigations: *Deep State* James B. Stewart, 2020-10-06 The New York Times bestseller from the award-winning author of *Den of Thieves* and *Unscripted*. Important and stunning. This is must-read material if you want to understand what the Trump administration is still up to right now. --Lawrence O'Donnell There are questions that the Mueller report couldn't—or wouldn't—answer. What actually happened to instigate the Russia investigation? Did President Trump's meddling incriminate him? There's no mystery to what Trump thinks. He claims that the Deep State, a cabal of career bureaucrats—among them, Andrew McCabe, Lisa Page, and Peter Strzok, previously little known figures within the FBI whom he has obsessively and publically reviled—is concerned only with protecting its own power and undermining the democratic process. Conversely, James Comey has defended the FBI as incorruptible apolitical public servants who work tirelessly to uphold the rule of law. For the first time, bestselling author James B. Stewart sifts these conflicting accounts to present a clear-eyed view of what exactly happened inside the FBI in the lead-up to the 2016 election, drawing on scores of interviews with key FBI, Department of Justice, and White House officials and voluminous transcripts, notes, and internal reports. In full detail, this is the dramatic saga of the FBI's simultaneous investigations of both Hillary Clinton and Donald Trump—the first time in American history the FBI has been thrust into the middle of both parties'

campaigns for the presidency. Stewart shows what exactly was set in motion when Trump fired Comey, triggering the appointment of Robert Mueller as an independent special counsel and causing the FBI to open a formal investigation into the president himself. And how this unprecedented event joined in ongoing combat two vital institutions of American democracy: the presidency and the Federal Bureau of Investigation. At stake in this epic battle is the rule of law itself, the foundation of the U.S. Constitution. There is no room for compromise, but plenty for collateral damage. The reputations of both sides have already been harmed, perhaps irrevocably, and at great cost to American democracy. Deep State goes beyond the limits of the legally constrained Mueller report, showing how the president's obsession with the idea of a conspiracy against him is still upending lives and sending shockwaves through both the FBI and the Department of Justice. In this world-historical struggle—Trump versus intelligence agencies—Stewart shows us in rare style what's real and what matters now. And for the looming 2020 election.

fox 5 i team investigations: *Focus On: 100 Most Popular Television Series by 20th Century Fox Television* Wikipedia contributors,

fox 5 i team investigations: *IBEW Journal* , 2006

fox 5 i team investigations: Methods in Field Epidemiology Pia MacDonald, 2012 This unique guidebook covers all aspects of practical field epidemiologic investigation. It explains the requirements, defines terms, and illustrates many examples of how to undertake the tasks of the public health epidemiologist during a field investigation. Unlike other texts of its kind, it breaks down each function of field epidemiology to its constituent parts and thoroughly answers questions related to them. Topics include: public health surveillance; qualifying a potential outbreak; assembling and equipping a team; hypothesis generation and descriptive epidemiology; epidemiological studies; hypothesis-testing interviews; data analysis; writing a report; public health laboratory's role in field; environmental health components; investigating non-infectious health events; forensic epidemiology investigations; GIS; and special considerations. The text is accompanied by a complete package of instructor resources including Sample Syllabus, Instructor's Manual, TestBank, and PowerPoint slides.

fox 5 i team investigations: Proof of Corruption Seth Abramson, 2020-09-08 In the third volume of his Proof series, New York Times bestselling author Seth Abramson takes readers on a deep dive into the Ukraine scandal, revealing it to be more sinister, complex, and transnational than previously thought. Abramson's research on Trump administration corruption positions the Ukraine scandal as the foreseeable culmination of years of clandestine machinations involving scores of players, from Beijing to Budapest, Ankara to Caracas, Warsaw to Jerusalem, Kyiv to Riyadh, and Moscow to D.C. While many know about the July 2019 telephone call that ignited the Ukraine scandal, most don't know about the concurrent attempts by members of Trump's inner circle to take over Ukraine's national gas company and bolster dangerous pro-Kremlin Ukrainian oligarchs—moves that would have benefited Putin and destabilized Ukraine's government and economy. In Beijing, Trump's dealings with the Chinese government not only enriched him and his family, but also culminated in him successfully seeking 2020 election interference from Xi Jinping in the form of closely held information about Joe Biden. In Venezuela, many of the actors involved in the Ukraine scandal engaged in similarly secretive, Kremlin-friendly negotiations that undermined U.S. policy. In Syria and Iraq, Trump's personal indebtedness to autocrats in Turkey, Israel, Saudi Arabia, and the UAE cost untold lives. And Abramson brings the story back to an increasingly fractured and depleted United States, where the COVID-19 pandemic exposes the staggering domestic consequences of the Trump administration's foreign machinations. In Proof of Corruption, Seth Abramson lays bare Trump's decades-long pattern of corruption. This globe-spanning narrative is an urgent warning about the unprecedented threat posed by a corrupt president and his administration.

fox 5 i team investigations: Crime and Criminal Justice Stacy L. Mallicoat, 2016-07-08 Crime and Criminal Justice: Concepts and Controversies (by Stacy L. Mallicoat) introduces students to the key concepts of the criminal justice system and invites them to explore emerging issues. Students

will gain a balanced perspective of the criminal justice system through Current Controversy debates at the end of each chapter that motivate students to apply what they learned by critically analyzing and discussing the pros and cons of the issues presented. Examining important, but often overlooked, components, such as the role of victims and policy, Crime and Criminal Justice helps students develop a foundational understanding of the structures, agencies, and functions of the criminal justice system, as well as build the confidence and skills they need to effectively analyze current issues in criminal justice.

fox 5 i team investigations: *Investigating Computer Crime* Franklin Clark, Ken Diliberto, 1996-07-11 *Investigating Computer Crime* presents practical methods for gathering electronic evidence and dealing with crimes involving computers. Based on material gathered from hundreds of investigators all over the world, it contains an incredible amount of practical, directly applicable information. It follows a step-by-step approach to the investigation, seizure, and evaluation of computer evidence. The material in the book has been used at the Federal Law Enforcement Training Center and the Canadian Police College for teaching computer classes in white collar crime and sex crime investigations and by U.S. Army Intelligence in cooperation with NATO in Europe. It has also been used to teach a one-week course in computer crime investigation to agents from the IRS, Secret Service, and state and local agencies. Computers reach into every aspect of our lives today, and as their use grows, so does the possibility of their abuse. This book is directly applicable and useful to virtually everyone working in all aspects of law enforcement. From attorneys to police investigators, from judges to students of criminology, this book guides you step-by-step through computer crime investigation. Don't be without this powerful tool for fighting this new form of crime.

fox 5 i team investigations: Trumpism, Bigotry, and the Threat to American Democracy Larry N. Gerston, 2023-12-11 In *Trumpism, Bigotry, and the Threat to American Democracy*, Larry N. Gerston examines the near-lethal combination of American bigotry and the ability of Donald Trump to take advantage of this scourge to satisfy his own political objective. The result is an individual who won election to the American presidency by adroitly pitting members of American society against one another, while presenting himself as the only person in the position to save America from itself. Having succeeded to the nation's most important political office, Trump proceeded to use the position for his own benefit, irrespective of laws, norms, and, most importantly, the Constitution. So powerful was Trump that he and his minions came close to overturning the 2020 presidential election with the January 6, 2021, insurrection against the nation's Capitol. While Trump failed in his attempt to remain in office, the threat to the well-being of the United States remains real.

fox 5 i team investigations: *The People Vs. Barack Obama* Ben Shapiro, 2015-04-28 American conservative political commentator, Ben Shapiro presents his arguments of wrong doings by the Obama administration.

fox 5 i team investigations: Divided We Stand Andrew E. Busch, John J. Pitney Jr., 2021-02-24 Through pandemic, protests, and polarization, Americans went to the polls in 2020, one of the most contentious elections in American history. Continuing an R&L tradition now entering its fourth decade, *Divided We Stand* book provides the most comprehensive and authoritative account of the national election, as well as congressional and state elections. From the nominating process to the insurrection designed to stop the ratification of the electoral college vote, Andrew E. Busch and John J. Pitney Jr. revisit the campaigns and results through the short lens of politics today and the long lens of American political history. With its keen insights into the issues and events that drove the 2020 elections, *Divided We Stand: The 2020 Elections and American Politics* will be an invaluable resource for students and all political observers seeking to understand a historic election that will continue to resonate throughout American politics for many years to come.

fox 5 i team investigations: *Number Go Up* Zeke Faux, 2024-10-01 The "rollicking" (The Economist), "masterfully written" (The Washington Post) account of the crypto delusion, and how Sam Bankman-Fried and a cast of fellow nerds and hustlers turned useless virtual coins into trillions of dollars—hailed by Ezra Klein in The New York Times as one of the "Books That Explain Where We Are" FINALIST: the Edgar Award (Fact Crime), the Macavity Award (Nonfiction), the Porchlight

Business Book Award, the SABEW Best in Business Book Award A BEST BOOK OF THE YEAR: The New York Times DealBook, The Washington Post, Los Angeles Times, Financial Times, The Globe and Mail, Irish Examiner, Morningstar, The Verge, Wired In 2021 cryptocurrency went mainstream. Giant investment funds were buying it, celebrities like Tom Brady endorsed it, and TV ads hailed it as the future of money. Hardly anyone knew how it worked—but why bother with the particulars when everyone was making a fortune from Dogecoin, Shiba Inu, or some other bizarrely named “digital asset”? As he observed this frenzy, investigative reporter Zeke Faux had a nagging question: Was it all just a confidence game of epic proportions? What started as curiosity—with a dash of FOMO—would morph into a two-year, globe-spanning quest to understand the wizards behind the world’s new financial machinery. Faux’s investigation would lead him to a schlubby, frizzy-haired twenty-nine-year-old named Sam Bankman-Fried (SBF for short) and a host of other crypto scammers, utopians, and overnight billionaires. Faux follows the trail to a luxury resort in the Bahamas, where SBF boldly declares that he will use his crypto fortune to save the world. Faux talks his way onto the yacht of a former child actor turned crypto impresario and gains access to “ApeFest,” an elite party headlined by Snoop Dogg, by purchasing a \$20,000 image of a cartoon monkey. In El Salvador, Faux learns what happens when a country wagers its treasury on Bitcoin, and in the Philippines, he stumbles upon a Pokémon knockoff mobile game touted by boosters as a cure for poverty. And in an astonishing development, a spam text leads Faux to Cambodia, where he uncovers a crypto-powered human-trafficking ring. When the bubble suddenly bursts in 2022, Faux brings readers inside SBF’s penthouse as the fallen crypto king faces his imminent arrest. Fueled by the absurd details and authoritative reporting that earned Zeke Faux the accolade “our great poet of crime” (Money Stuff columnist Matt Levine), *Number Go Up* is the essential chronicle, by turns harrowing and uproarious, of a \$3 trillion financial delusion.

fox 5 i team investigations: Spin Wars and Spy Games Markos Kounalakis, 2018-07-01 As most long-standing news outlets have shuttered their foreign bureaus and print operations, the role of GNNs as information collectors and policy influencers has changed in tandem. Western GNNs are honored for being untethered to government entities and their ability to produce accurate yet critical situational analyses. However, with the emergence of non-Western GNNs and their direct relationships to the state, the independent nature of our global news cycle has been vastly manipulated. In *Spin Wars and Spy Games*, Kounalakis uses his interviews with an expansive and diverse set of GNN professionals to deliver a vivid depiction of the momentous sea change in mass media production. He traces the evolution of global news networks from the twentieth century to now, revealing today’s drastically altered news business model that places precedence on networks leveraging global power. This eye-opening narrative transforms our understanding of why countries like Russia and China invest heavily in their news media, and how the GNN framework operates in conjunction with state strategy and diplomatic sensitivity. Profoundly meticulous and insightful, this seminal work on the current state of transnational journalism gives readers a first-hand look at how global media powers shape policy and morph the public’s consumption of information.

fox 5 i team investigations: The Wolves of K Street Brody Mullins, Luke Mullins, 2025-05-13 A dazzling and infuriating portrait of fifty years of corporate influence in Washington, *The Wolves of K Street* is a “not-so-guilty pleasure” (The New York Times): irresistibly dramatic, spectacularly timely, explosive in its revelations, and impossible to put down. In the 1970s, Washington’s center of power began to shift away from elected officials in big marble buildings to a handful of savvy, handsomely paid operators who didn’t answer to any fixed constituency. The cigar-chomping son of an influential congressman, an illustrious political fixer with a weakness for modern art, a Watergate-era dirty trickster, the city’s favorite cocktail party host—these were the sort of men who now ran Washington. Over four decades, they’d chart new ways to turn their clients’ cash into political leverage, abandoning favor-trading in smoke-filled rooms for increasingly sophisticated tactics, such as “shadow lobbying,” where underground campaigns sparked seemingly organic public outcries to pressure lawmakers into taking actions that would ultimately benefit corporate interests rather than ordinary citizens. With billions of dollars at play, these lobbying dynasties

enshrined in Washington a pro-business consensus that would guide the country's political leaders—Democrats and Republicans alike. A good lobbyist could ghostwrite a bill or even secretly kill a piece of legislation supported by the president, both houses of Congress, and a majority of Americans. Yet nothing lasts forever. Amid a populist backlash to the soaring inequality these influence peddlers helped usher in, DC's pro-business alliance suddenly began to fray. And while the lobbying establishment would continue to invent new ways to influence Washington, the men who'd built K Street would soon find themselves under legal scrutiny, on the verge of financial collapse or worse. One would turn up dead behind the eighteenth green of an exclusive golf club, with a \$1,500 bottle of wine at his feed and bullet in his head. An "absorbing" (The Atlantic), "engrossing" and "meticulously researched" tale (The Guardian)—brought to life with "novelistic detail" and "considerable narrative skill" (The New York Times)—The Wolves of K Street is essential reading for anyone looking to understand how corporate interests are undermining American democracy.

fox 5 i team investigations: Congressional Record United States. Congress, 2000

fox 5 i team investigations: The Cycles of Constitutional Time Jack M. Balkin, 2020-08-17 The Cycles of Constitutional Time shows where American democracy has been and projects where it is going. Jack Balkin explains why our politics seems so dysfunctional and why fights over the courts seem so bitter and unhinged. He portrays our present troubles in terms of longer, constitutional trends. In doing so, he also offers a message of hope for the future. The same trends that put us in this predicament are slowly changing. Our political system can get better if Americans mobilize to change it.

fox 5 i team investigations: Oath and Honor Liz Cheney, 2023-12-05 INSTANT #1 BESTSELLER: A gripping first-hand account of the January 6th, 2021, insurrection from inside the halls of Congress, from origins to aftermath, as Donald Trump and his enablers betrayed the American people and the Constitution—by the House Republican leader who dared to stand up to it. In the aftermath of the 2020 presidential election, Donald Trump and many around him, including certain other elected Republican officials, intentionally breached their oath to the Constitution: they ignored the rulings of dozens of courts, plotted to overturn a lawful election, and provoked a violent attack on our Capitol. Liz Cheney, one of the few Republican officials to take a stand against these efforts, witnessed the attack first-hand, and then helped lead the Congressional Select Committee investigation into how it happened. In Oath and Honor, she tells the story of this perilous moment in our history, those who helped Trump spread the stolen election lie, those whose actions preserved our constitutional framework, and the risks we still face.
