freaky questions to ask a guy: *What Do I Say?* Linda N. Edelstein, Charles A. Waehler, 2011-05-12 The must-have guide to honestly and sensitively answering your clients' questions Written to help therapists view their clients' questions as collaborative elements of clinical work, *What Do I Say?* explores the questions some direct, others unspoken that all therapists, at one time or another, will encounter from clients. Authors and practicing therapists Linda Edelstein and Charles Waehler take a thought-provoking look at how answers to clients' questions shape a therapeutic climate of expression that encourages personal discovery and growth. Strategically arranged in a question-and-answer format for ease of use, this hands-on guide is conversational in tone and filled with personal examples from experienced therapists on twenty-three hot-button topics, including religion, sex, money, and boundaries. *What Do I Say?* tackles actual client questions, such as: Can you help me? (Chapter 1, The Early Sessions) Sorry I am late. Can we have extra time? (Chapter 9, Boundaries) I don't believe in all this therapy crap. What do you think about that? (Chapter 3, Therapeutic Process) Why is change so hard? (Chapter 4, Expectations About Change) Will you attend my graduation/wedding/musical performance/speech/business grand opening? (Chapter 20, Out of the Office) Where are you going on vacation? (Chapter 10, Personal Questions) I gave your name to a friend . . . Will you see her? (Chapter 9, Boundaries) Should I pray about my problems? (Chapter 12, Religion and Spirituality) Are you like all those other liberals who believe gay people have equal rights? (Chapter 13, Prejudice) The power of therapy lies in the freedom it offers clients to discuss anything and everything. It's not surprising then, that clients will surprise therapists with their experiences and sometimes with the questions they ask. *What Do I Say?* reveals how these questions no matter how difficult or uncomfortable can be used to support the therapeutic process rather than derail the therapist client relationship.

freaky questions to ask a guy: The Male Clock William Marsiglio, Kendra Siler-Marsiglio, 2015-03-17 As speculative fiction informed by social science and biomedical perspectives, *The Male Clock* propels readers into a futuristic, yet believable world transformed by SGEV -- a debilitating virus that drastically compromises men's ability to procreate. Set mostly in the years 2034-2042, Jordan Giordano, a prominent American journalist, navigates a world steeped in personal misfortune and public controversy. Jordan chronicles his intimate struggle to become a father and family man while doing investigative reporting related to the ever changing social landscape with its radically altered sexual politics, heated public debates, and new technologies. The troubled era is defined by its upswing in baby farming, pharma company transgressions, new S.W.A.T.-based and bioterrorism technologies, sperm retrieval companies, sperm ID cards, devices preventing wet dreams, a surge in lesbian relationships and male prostitution, sperm-donating priests, and more. Because the novel explores the gendered dimensions to family, interpersonal relations, reproductive and public health, and identity issues it can serve as a provocative supplemental text for diverse courses in sociology, psychology, gender studies, sexualities, history, public health, and related fields. The plot should resonate with young people as well as persons thinking about or trying to have children. Ultimately, *The Male Clock* will compel people to question how individuals and groups cope with unwanted social change that challenges our identities and social conventions. "Edgy and provocative, *The Male Clock* is a creative blend of sci-fi and social science that takes the reader into a dystopian future where men's fertility is threatened and societal norms of masculinities and femininities are turned

on their head. Ideal for instructors looking to integrate diverse materials into their gender, sexuality, or families courses.” – Dana Berkowitz, Associate Professor, Sociology and Women's and Gender Studies, Louisiana State University “The Male Clock has exciting possibilities for the classroom of the 21st century: joining smart social science with speculative fiction to help students imagine a dystopian future, and hopefully also to forge positive alternative futures.” – Michael A. Messner, Professor of Sociology and Gender Studies, University of Southern California “The Male Clock is an intriguing twist on normative gender tropes about sex and fertility. With thought-provoking insight into a host of social science topics and a fast-paced sci-fi storyline, The Male Clock is sure to be a useful tool for courses related to gender, sexuality, relationships, family, and health.” – Gayle Kaufman, Professor of Sociology and Gender and Sexuality Studies, Davidson College William Marsiglio, Ph.D., is Professor in the Department of Sociology and Criminology & Law, University of Florida, and Fellow in the National Council of Family Relations. Kendra Siler-Marsiglio, Ph.D. (Microbiology and Cell Science), writes health columns, podcasts, and scripts and is a former researcher in Animal Science and Neuroscience departments.

freaky questions to ask a guy: Summer of '42 Herman Raucher, 2015-05-03 “A chronicle of one summer in a boy’s coming of age”—the international bestselling classic that became the basis for the Oscar-winning film (Medium). Captivating and evocative, Herman Raucher’s semi-autobiographical tale has been made into a record-breaking Academy Award-winning hit movie, adapted for the stage, and enchanted readers for generations. In the summer of 1942, Hermie is fifteen. He is wildly obsessed with sex, and passionately in love with an “older woman” of twenty-two, whose husband is overseas and at war. Ambling through Nantucket Island with his friends, Hermie’s indelible narration chronicles his frantic efforts to become a man, especially one worthy of the lovely Dorothy, as well as his glorious and heartbreaking initiation into sex. “Mr. Raucher scores most tellingly. His recall of nervous teen-age gaucheries is dead accurate, hilarious, tinged with sadness.”—The New York Times Book Review “A charming and tender novel . . . The overall effect is one of high hilarity. Raucher is a comic-artist who is able to convey the fears and joys . . . of the boy and at the same time give older readers a wrench in the heart.”—Publishers Weekly

freaky questions to ask a guy: Chloe Does Yale Natalie Krinsky, 2005-03-01 A sparkling first novel by Natalie Krinsky, the witty, provocative sex columnist for the Yale Daily News. Chloe Carrington is a typical Yale student, except that along with toiling through the usual grind of coursework, she pens a notorious and much-dished-over sex column for the campus newspaper. This touch of fame has wrought havoc on her social and love life, turning it literally into an open book. Chloe doesn't help matters much; she likes to share and can't resist divulging the gory details of her most recent date (or lack thereof) in her column, baring her soul for all to see. Like her friends, she dreams of hooking up with Mr. Right, at least for a little while--but that proves even more arduous than participating in Yale's notorious shopping session (a two-week period in which students are encouraged to take as many classes as possible, in order to decide what courses to enroll in for that semester). As Chloe probes the campus hot spots, we get a peek at just what goes on behind the Ivy League's dormitory doors--from drinking at Toad's to Exotic Erotic (Yale's answer to a Hugh Hefner-style Playboy party, complete with coeds in skimpy bikinis). Teeming with exuberance and late-night shenanigans, Natalie Krinsky's novel is filled with humor and candor about typical college situations both inside and outside the dorm room.

freaky questions to ask a guy: The Edge of Sex Lisa Speidel, Micah Jones, 2019-11-27 The *Edge of Sex* is an anthology of voices from the margins, bringing together 37 writers to discuss their experiences of sex and sex education in America. The anthology explores often overlooked and excluded identities, with pieces on sexuality and disabilities, survivors of assault, sex work as women

of color, kink and BDSM, being Muslim and queer, reproductive rights, and the challenges of culture and identity when grappling with gender fluidity and gendered expectations. As they trace the negative effects of a restrictive, fear-based sex education – particularly on marginalized individuals – these stories unearth larger themes: tensions with race and religion, expectations from heteronormative society, and pressures of femininity and masculinity. Importantly, they also highlight the resilience and empowerment of marginalized individuals within a culture designed to ostracize them. The rich, diverse, and intersectional stories of *The Edge of Sex* paint a contextualized picture of sex education and make an urgent case for better representation and more inclusive, consistent, and comprehensive content. By reading this anthology, casual readers may learn more about their sexual selves, clinicians can apply the material to their practices with clients, and educators and students can expand their knowledge of feminist theory, intersectional theory, queer theory, and sex education.

freaky questions to ask a guy: Who Should Be First? Beverly Guy-Sheftall, Johnnetta Betsch Cole, 2010-08-01 Who should be first? With Barack Obama and Hillary Clinton as frontrunners, the 2008 Democratic primary campaign was a watershed moment in United States history. Offering the choice of an African American man or a white woman as the next Democratic candidate for U.S. President, the primary marked an unprecedented moment—but one that painfully echoed previous struggles for progressive change that pitted race and gender against each other. *Who Should Be First?* collects key feminist voices that challenge the instances of racism and sexism during the presidential campaign season, offer personal reflections on this historic moment, and trace the historic legacy of opposing issues of race and gender that informed debates and media representations of the 2008 Democratic primary. In this collection of writings by leading feminists including Patricia J. Williams, Gloria Steinem, Alice Walker, Carol Moseley Braun, Maureen Dowd, Katha Pollitt, Pearl Cleage, Robin Morgan, Erica Jong, Mark Anthony Neal, and M. Jacqui Alexander about and during this unprecedented—and to many, unexpected—moment, editors Beverly Guy-Sheftall and Johnnetta Cole deftly balance charged conversations in the first collection on this key moment in contemporary U.S. history.

Editor Gil Robertson has enlisted a remarkable group of contributors, including performers like Patti LaBelle, Mo'Nique, and Hill Harper; bestselling authors like Randall Robinson and Omar Tyree; political leaders like Rep.
