This comprehensive article explores various aspects of the interview, highlighting key themes such as family legacy, personal experiences, and professional endeavors. With a focus on detailed analysis and factual information, the content presents an in-depth examination of fred trump iii interview highlights, addressing his upbringing, career, and viewpoints. Readers will gain valuable understanding of his role within the broader Trump family narrative and the unique insights shared during the conversation. This article is structured to provide a clear overview, followed by detailed sections that cover important topics discussed during the interview.

- Background and Family Legacy
- Career and Professional Life
- Insights from the fred trump iii Interview
- Personal Values and Public Perception
- Impact and Future Outlook

Background and Family Legacy

The background of fred trump iii is deeply intertwined with the legacy of the Trump family, known primarily for its real estate empire and political prominence. As the grandson of Fred Trump Sr., the original real estate developer, fred trump iii grew up in an environment shaped by business acumen

and entrepreneurial spirit. Understanding his family heritage provides context to his perspectives and the experiences he shares in the Fred Trump III interview.

Family Lineage and Early Life

Fred Trump III was raised in a family with significant influence in the New York real estate market. His grandfather, Fred Trump Sr., established a foundation of residential developments that shaped neighborhoods. The interview reveals personal anecdotes from his upbringing, highlighting how family values and business principles were instilled from an early age.

Influence of the Trump Family Name

The Trump name carries substantial weight in both business and political circles. The interview explores how Fred Trump III navigates this legacy, including the benefits and challenges associated with being part of a well-known family. His reflections shed light on the expectations placed upon him and the ways he has carved out his own identity.

Career and Professional Life

Fred Trump III's career path reflects a blend of family influence and individual ambition. The interview provides detailed insights into his professional endeavors, illustrating how he has engaged with real estate development, investment strategies, and other business interests. This section outlines key milestones and the approach he has taken to sustain and evolve his career.

Real Estate and Business Ventures

Following in the footsteps of his grandfather and uncle, Fred Trump III has participated in various real estate projects. The interview highlights specific ventures and his role within them, emphasizing his strategic thinking and adaptability in a competitive market. It also discusses his views on market trends

and investment opportunities.

Challenges and Achievements

Fred Trump III candidly addresses the challenges encountered in his professional journey during the interview. These include market fluctuations, family dynamics, and the pressure to maintain the family's reputation. The discussion also highlights his notable achievements and the methods he employs to overcome obstacles.

Insights from the fred trump iii Interview

The core of the interview offers valuable insights into fred trump iii's personality, beliefs, and worldview. This section distills the most significant points he made, providing readers with a nuanced understanding of his character and principles.

Personal Philosophy and Work Ethic

Throughout the interview, fred trump iii emphasizes the importance of dedication, integrity, and continuous learning. He outlines his approach to work and life, underscoring how these values have guided his decisions and contributed to his success. His reflections provide inspiration for aspiring professionals seeking guidance.

Views on Family and Legacy

Fred Trump III discusses the significance of family bonds and the responsibility that comes with carrying forward a legacy. He shares his perspective on balancing personal ambitions with family expectations, as well as the role of tradition in shaping future generations.

Personal Values and Public Perception

The Fred Trump III interview also touches on how personal values intersect with public perception, especially given the Trump family's high-profile status. This section delves into how he manages public scrutiny and maintains authenticity amidst external pressures.

Maintaining Privacy and Authenticity

Despite being part of a prominent family, Fred Trump III values privacy and strives to present an authentic self. The interview reveals strategies he uses to separate personal life from public attention and to protect his family's well-being.

Handling Media and Public Attention

The conversation addresses the challenges of media coverage and public scrutiny. Fred Trump III offers insights into navigating these aspects with professionalism and composure, emphasizing the importance of controlling one's narrative and staying grounded.

Impact and Future Outlook

The concluding section of the interview focuses on Fred Trump III's vision for the future, both personally and professionally. It highlights his aspirations, potential projects, and the legacy he hopes to build beyond the established family name.

Future Projects and Goals

Fred Trump III outlines upcoming initiatives and areas of interest that reflect his commitment to innovation and growth. The interview details his plans to expand his business footprint while staying aligned with his core values.

Legacy and Long-Term Vision

Looking ahead, Fred Trump III shares his thoughts on sustaining and enhancing the Trump family legacy. He discusses the importance of adaptability and forward-thinking to ensure continued relevance and success in future endeavors.

- Emphasis on strategic growth and diversification
- Commitment to community development and social responsibility
- Focus on mentoring the next generation
- Integrating modern technology and sustainable practices

fred trump iii interview: All in the Family Fred C. Trump, 2024-07-30 Fred Trump never asked for any of this: the divisive politics, the endless headlines, a hijacked last name, the heat-seeking uncle, rising from real estate scion to gossip column fixture to The Apprentice host to President of the United States. Fred just wanted a happy life and a satisfying career. But a fight for his son's health and safety forced him onto a center stage that he had never wanted. And now, at a crucial point for our nation, he is stepping forward again. In [this book], Fred delves into his journey to become a 'different kind of Trump,' detailing his passionate battle to protect his wife and children from forces inside and outside the family

fred trump iii interview: Donald Trump in 100 Facts Ruth Ann Monti, 2018-01-15 The most divisive, most outrageous president ever: a mind-reeling review on Donald Trump. As a dip in fact file or read straight through, your jaw will hit the floor either way.

fred trump iii interview: The Trumps Gwenda Blair, 2015-10-06 The definitive family biography of President Donald Trump. The revealing story of the Trumps mirrors America's transformation from a land of striving immigrants to a world in which the aura of wealth alone can guarantee a fortune. The Trumps begins with a portrait of President Trump's immigrant grandfather, who as a young man built hotels for miners in Alaska during the Klondike gold rush. His son, Fred, took advantage of the New Deal, using government subsidies and loopholes to construct hugely successful housing developments in the 1940s and 1950s. The profits from Fred's enterprises paved the way for President Trump's roller-coaster ride through the 1980s and 1990s into the new century. With his talent for extravagant exaggeration—he calls it “truthful hyperbole”—President Trump turned the deal-making know-how of his forebears into an art form. By placing this much-publicized life within the context of family, Gwenda Blair adds a new dimension to the larger-than-life figure who ascended to the American Presidency.

fred trump iii interview: TIME Donald Trump The Editors of TIME, 2016-04-29 Whether you love him or hate him, dismiss him or maintain a grudging respect, there's no denying that Donald Trump has up– ended this year's election season.

Now, in this new Special Edition from the editors at <i>TIME</i>, you'll be able to go inside Donald Trump's world, from his early days in real estate development to his potentially historic race for the presidency.

<i>Donald Trump: The Rise of a Rule Breaker</i> takes a balanced approach to the subject of all things Trump: from his outsider status in this year's presidential race to his complicated family life. You'll visit the Trumps at home, learn about the scandal surrounding Trump University and delve more deeply into Things Called Trump, including apartment buildings, clothing, and casinos. Additionally, you'll look at Donald Trump's faith and his lighter side—which he does have. Additionally, readers will learn about the disaffected voters who are fueling his bid for the presidency.

<i>Donald Trump: The Rise of a Rule Breaker</i> gives context to a compelling, complex and fascinating man.

fred trump iii interview: A Firehose of Falsehood Teri Kanefield, 2024-02-13 Lies destroy. Disinformation tears at the fabric of democracy. A Firehose of Falsehood: The Story of Disinformation breaks down disinformation tactics and offers tools for defending and restoring truth. From Darius I of ancient Persia (522-486 BCE), to blood libel of the Middle Ages, to Soviet disinformation tactics and modern election deniers, Teri Kanefield and Pat Dorian show how tyrants and would-be tyrants deploy disinformation to gain power. Democracy, which draws its authority from laws instead of the whim of a tyrant, requires truth. For a democracy to survive, its citizens must preserve and defend truth. Now that the Internet has turned what was once a trickle of lies into a firehose, the challenge of holding on to truth has never been greater. A Firehose of Falsehood offers readers these necessary tools.

fred trump iii interview: Lucky Loser Russ Buettner, Susanne Craig, 2025-09-23 An Instant New York Times Bestseller • A Washington Post Notable Book • A Financial Times Best Business Book of the Year “A first-rate financial thriller . . . Lucky Loser is one of those rare Trump books that deserve, even demand, to be read.” –Alexander Nazaryan, The New York Times From the Pulitzer

Prize-winning reporters behind the 2018 bombshell New York Times exposé of President Trump's finances, an explosive investigation into the history of Donald Trump's wealth, revealing how one of the country's biggest business failures led his way into the White House. Soon after announcing his first campaign for the US presidency, Donald J. Trump told a national television audience that life "has not been easy for me. It has not been easy for me." Building on a narrative he had been telling for decades, he spun a hardscrabble fable of how he parlayed a small loan from his father into a multi-billion-dollar business and real estate empire. This feat, he argued, made him singularly qualified to lead the country. Except: None of it was true. As his wealthy father's chosen successor, Trump received the equivalent today of more than \$500 million in family money. He collected a second windfall thanks to Mark Burnett, the revolutionary television producer who made Trump a star. In truth, Trump's empire was underwritten, and at times saved, by the equivalent of more than \$1 billion that came his way without any of the business expertise he claimed. Drawing on over twenty years' worth of Trump's confidential tax information, including the tax returns he tried to conceal, alongside business records and interviews with Trump insiders, New York Times investigative reporters Russ Buettner and Susanne Craig track Trump's financial rise and fall, and rise and fall again. A masterpiece of narrative reporting, *Lucky Loser* is a meticulous examination spanning nearly a century, filled with scoops from Trump Tower, Mar-a-Lago, Atlantic City, and the set of *The Apprentice*. Here for the first time is the definitive true accounting of Trump and his money—what he had, what he lost, and what he has left—and the myth of Trump, the self-made billionaire, exposed.

fred trump iii interview: Working-Class New York Joshua B. Freeman, 2021-04-20 A "lucid, detailed, and imaginative analysis" (The Nation) of the model city that working-class New Yorkers created after World War II—and its tragic demise. More than any other city in America, New York in the years after the Second World War carved out an idealistic and equitable path to the future. Largely through the efforts of its working class and the dynamic labor movement it built, New York City became the envied model of liberal America and the scourge of conservatives everywhere: cheap and easy-to-use mass transit, work in small businesses and factories that had good wages and benefits, affordable public housing, and healthcare for all. *Working-Class New York* is an "engrossing" (Dissent) account of the birth of that ideal and the way it came crashing down. In what Publishers Weekly calls "absorbing and beautifully detailed history," historian Joshua Freeman shows how the anticommunist purges of the 1950s decimated the ranks of the labor movement and demoralized its idealists, and how the fiscal crisis of the mid-1970s dealt another crushing blow to liberal ideals as the city's wealthy elite made a frenzied grab for power. A grand work of cultural and social history, *Working-Class New York* is a moving chronicle of a dream that died but may yet rise again.

fred trump iii interview: The Faith of Donald J. Trump David Brody, Scott Lamb, 2018-02-13 Based on extensive inside sources, including exclusive interviews with the President and Vice President, *The Faith of Donald J. Trump* explores his rarely discussed, but deeply important, religious beliefs and relationships with leading Evangelicals. The Chief Political Correspondent for the Christian Broadcasting Network and the Jesus in the Public Square columnist for the Washington Times explore the rarely discussed, but deeply important, religious beliefs and worldview of Donald J. Trump and his advisors. Donald J. Trump was raised as a Presbyterian and has praised both Christianity and the primacy of the Bible. In the Oval Office, he has surrounded himself with close advisors who share his deep faith. In this deeply reported book, David Brody and Scott Lamb draw on unparalleled access to the White House to explain President Trump's connection to the Christian faith, the evangelical right, the prosperity gospel, and the pressing moral and ethical issues of our day. In part, the authors argue, President Trump won over evangelicals not by pandering to them, but by supporting them and all their most important issues without pretending to be something he's not. Though the forty-fifth president is far from the perfect vessel—he has been married three times—his supporters argue that Donald Trump may be just what America needs. This book reveals how he has surrounded himself with believers who think he is the one guiding figure who can return

us to the traditional values—hard work, discipline, duty, respect, and faith—that have long been the foundation of American life, and truly make America great again in all ways.

fred trump iii interview: *TrumpNation* Timothy L. O'Brien, 2015-10-20 The extensively researched biography that goes beyond the hype to “separate Trump the reality from Trump the reality show” (USA Today). Now with a new introduction by the author, this entertaining look inside the world of Donald Trump is chock full of rip-roaring anecdotes, jaw-dropping quotes, and rigorous research into the business deals, political antics, curious relationships, and complex background of the forty-fifth US president. Granted unprecedented access, Timothy L. O'Brien traveled across the country and up and down the East Coast with Trump on his private jet, wheeled around Palm Beach with him in his Ferrari, and spent hours interviewing him in his home, in his office, and on the golf course. He met with the entrepreneur's closest friends and most aggressive rivals, while compiling a treasure trove of Trumpisms from the Donald himself: Trump on the public's enduring fascination with Trump: “There is something crazy, hot, a phenomenon out there about me, but I'm not sure I can define it and I'm not sure I want to.” Trump on naysayers: “You can go ahead and speak to guys who have four-hundred-pound wives at home who are jealous of me, but the guys who really know me know I'm a great builder.” Trump on the art of self-promotion: “You might as well tell people how great you are, because no one else is going to.” Ultimately, when O'Brien's research revealed that Trump's business record and annual spot on the Forbes 400 list of richest Americans might be more fantasy than reality, he—like so many others who have dared to tangle with the former host of *The Apprentice*—found himself in a courtroom. In a new introduction, O'Brien reflects on the recent wave of TrumpMania and updates readers on what it's like to depose one of the world's most litigious businessmen—and win.

fred trump iii interview: S'more Secrets: Sleepover Stories Told in Darkness: Volume 2: For Tweens and Teens William A. Stricklin, 2020-04-02 *S'more Secrets: Sleepover Stories Told in Darkness: Volume 2: For Tweens and Teens* By: William A. Stricklin William A. Stricklin's three volume series *S'more Secrets* preserves legendary tales and ghost stories he has told in darkness for over half a century. He has told these stories to children in the Cook Islands who called him Tusitala, to his children, grandchildren, great-grandchildren, and sleepover friends. Throughout his travels worldwide, children have been enthralled by his fanciful spooky tales told in darkness around the campfire while toasting and eating s'mores. His favorites of these stories are right inside. Volume 2 is filled with Hawaiian legends and adventure stories for tweens and teens. Stricklin writes for his daughter Mary Eliska, his son Bill, and grandsons Kona Kai and Kamuela.

fred trump iii interview: *Authoritarian Nightmare* John Dean, Bob Altemeyer, 2021-06-22 Donald Trump may be gone from the White House, but the 75 million people who voted for him are still out there . . . Updated to reflect election results, this is a look at the entirety of the Trump phenomenon, using psychological and social science studies, as well as polling analyses, to understand Donald Trump's followers, and what they will do now that he's gone. To find out, John Dean, of Watergate fame, joined with Bob Altemeyer, a professor of psychology with a unique area of expertise: Authoritarianism. Relying on social science findings and psychological diagnostic tools (such as the Power Mad Scale and the Con Man Scale), and including exclusive research and analysis from the Monmouth University Polling Institute (one of America's most respected public opinion research foundations), the authors provide us with an eye-opening understanding of the Trump phenomenon — and how it may not go away, whatever becomes of Trump.

fred trump iii interview: *The Evolution of the Office of the President of the United States of America* Sean Burns, 2022-07-18 *The Evolution of the Executive Office of the Presidency* is a history book that deals specifically with the Office of the Presidency. How did it begin? How was it created? How did the office itself evolve from when President General George Washington stood on the steps of Federal Hall in New York City in 1789 to the office that is now occupied by incumbent President Joseph P. Biden? Due to recent historical events, we as voters and taxpayers must heed caution in whom we select as a candidate for the office by asking the basic questions of will this candidate respect the integrity of the office for the actions of past presidents? How has it reflected in the office

itself as a whole in 1803 when Thomas Jefferson was meeting with the ambassador of France? His intent was to buy the port of New Orleans. However, after corresponding with Napoleon Bonaparte, the ambassador was able to go beyond that and do one better by offering President Jefferson the entire Louisiana territory. While the United States Constitution has legal provisions on how to add new states to the union, nothing in that near-absolute document gives the chief executive the wherewithal of how to obtain the land so that new states can be added. Article II of the United States Constitution enumerates the powers of commander in chief of all military forces. However, what kind of orders, directives, or missions that the president can order military personnel to undertake is not listed. The intelligence of, the educations, past experiences of the men themselves—what was it that specifically had proven beyond any reasonable doubt that they would be the kind of men that we ought to be electing to the presidency? George Washington was the first man elected to the presidency. The Founding Fathers had designed the office with him in mind. While George Washington was the incumbent president from 1789 to 1797 he established a very high standard of ethical morality. Every man that has been elected after him was measured by that standard of ethical morality. So we as a nation have collectively looked to such a standard in those we have elected. That high standard of ethical morality was implicit to the kind of man that George Washington was, so we ought to be looking for persons that would fit that standard. This work started with a few essays written in college about the presidency. They have been expanded on, reedited, and revised to where it is that the reader will be able to enjoy. While it is not a biographical presentation of the presidents themselves, the book is a way of measuring the presidents to determine if they fit the standard. Two main sources of reference for this work: the philosophy of government that was devised by French philosopher Charles Secondat, better known as the Baron de Montesquieu, as well as what Henry David Thoreau had written in *Civil Disobedience*. “The best government is one that governs least”; “the best government is one that governs not at all”—which of these two philosophies has a president administrated by in acting as the chief magistrate? How have their actions, both positive and negative, reflected on the office? This book is about many things: history, ethics, policy decisions, philosophy of government that the presidents had prior to and during their respective administrations. How have these philosophies and their experiences and political beliefs reflected on the office? Within the contents of this book is a fictional story, “The Trial of a President.” For the president that is on trial is three hundred pounds, a billionaire, and married to a former Playboy playmate. However, the defendant is not being tried in a regular municipal criminal court of law. Based on the saying “a jury of one peers,” other past presidents are trying him in an extraordinary court of law. The presiding judge is an ex-president. The prosecution and defense counsels are also former presidents. How did this approach to the presidency violate the oath that he took? An oath that George Washington had devised, how—in terms of the Article II parameters—did he abuse the power of the office according to the precedents that was established by the men that held the office before him?

fred trump iii interview: The Art of the Donald Christopher Bedford, 2017-10-10 Motivational self-help advice from President Donald Trump, covering everything from leadership and self-confidence to how to succeed in business. President Donald Trump knows about living the good life and achieving success. With his election to the presidency, he added to a life that already includes billions of dollars, worldwide celebrity, and a beautiful family, despite legions of haters. In *The Art of the Donald*, Daily Caller News Foundation editor-in-chief Christopher Bedford takes you inside the new president’s unorthodox mind, unlocking the genius of his approach to everything in life and offering you insight into navigating life the Trump way. Featuring personal campaign-trail anecdotes and lessons from Trump’s long career as a businessman and politician, *The Art of the Donald* offers you life-changing pieces of advice, including Keeping your message simple and delivering it effectively; Using competition to govern yourself and chaos to confuse your opponents; Cutting out the middlemen and getting directly to the deal-makers; Redefining conflicts and transactions on your own terms; Solving problems with ingenuity instead of money; and Believing in yourself, no matter what your opponents try to say. Written in the style of Sun Tzu’s *The Art of War*

and *The Tao of Warren Buffett*, this is a must-read for every Trump fan (and even the haters).

fred trump iii interview: Political Brands Ciara Torres-Spelliscy, 2019 From 'I Like Ike' to Trump's MAGA hats, branding and politics have gone hand in hand, selling ideas, ideals and candidates. *Political Brands* explores the legal framework for the use of commercial branding and advertising techniques in presidential political campaigns, as well as the impact of politics on commercial brands. This thought provoking book examines how branding is used by citizens to change public policy, from Civil Rights activists in the 1960s to survivors of the 2018 Parkland massacre.

fred trump iii interview: Confidence Man Maggie Haberman, 2022-10-05 From the Pulitzer Prize-winning New York Times reporter who has defined Donald J. Trump's presidency like no other journalist: a magnificent and disturbing reckoning that chronicles his life and its impact, from his rise in New York City to his tortured postpresidency. All of Trump's behavior as president had echoes in what came before. In this revelatory and news-making book, Haberman brings together the events of his life into a single mesmerizing work. It is the definitive account of one of the most norms-shattering and consequential eras in American political history.

fred trump iii interview: Lying, Cheating, Bullying and Narcissism George G. Bear, 2024-02-20 This vibrant book examines individual and societal factors contributing to the rise of lying, cheating, bullying, and narcissism, with emphasis on the influence of Trumpism and the valuing of "getting things done" over the importance of self-discipline and issues of morality. George Bear explores individual and environmental factors that influence the development of self-discipline. He examines reasons for the growing prevalence of lying, cheating, bullying, and narcissism and their underlying factors, and the role of parenting and peer relationships in their development. The volume highlights the critical roles that moral reasoning, moral emotions, and mechanisms of moral disengagement play in dishonest and harmful behavior. *Lying, Cheating, Bullying, and Narcissism* is for students and scholars of child development, parenting, psychopathology, and criminology; professionals in psychology, mental health, and education; as well as others interested in the prevalence and roots of lying, cheating, bullying, and narcissism in America.

fred trump iii interview: Angels and Demons: A Radical Anthology of Political Lives Tony McKenna, 2019-03-29 A Marxist analysis of key political and historical figures including Hugo Chavez and Jeremy Corbyn, Hillary Clinton and Donald Trump. *Angels and Demons* offers a series of profiles of historical figures both old and new. Using a Marxist analysis, the author adduces the particularities of each individual personality from the crest of living history which brings it to the fore, showing with each of the figures examined how the art, politics and creativity of their lives is infused by the rhythm and contradictions of the broader historical backdrop. The angels in the collection are Hugo Chavez, Andrea Dworkin, Rembrandt, Victor Hugo, Jeremy Corbyn and William Blake. The demons are Donald Trump, Christopher Hitchens, Arthur Schopenhauer and Hillary Clinton.

fred trump iii interview: American Oligarchs: The Kushners, the Trumps, and the Marriage of Money and Power Andrea Bernstein, 2020-01-14 An absorbing, novelistic, and powerfully affecting work of history and investigative journalism that tracks the unraveling of American democracy. In *American Oligarchs*, award-winning investigative journalist Andrea Bernstein tells the story of the Trump and Kushner families like never before. Building on her landmark reporting for the acclaimed podcast *Trump, Inc.* and *The New Yorker*, Bernstein brings to light new information about the families' arrival as immigrants to America, their paths to success, and the business and personal lives of the president and his closest family members. Drawing on hundreds of interviews and more than one hundred thousand pages of documents, *American Oligarchs* details how the Trump and Kushner dynasties encouraged and profited from a system of corruption, dark money, and influence trading, and reveals the historical turning points and decisions?on taxation, regulation, white-collar crime, and campaign finance laws?that have brought us to where we are today. A new afterword examines how the two families' transactional politics left America particularly vulnerable to the crises of 2020.

fred trump iii interview: The Highest Calling David M. Rubenstein, 2024-09-10 A NEW YORK TIMES BESTSELLER From the New York Times bestselling author of *The American Story* and *How to Lead* and host of PBS's *History with David Rubenstein*—David Rubenstein interviews living American presidents and top historians and journalists who reflect on the US presidency, including Joe Biden, Barack Obama, George W. Bush, Maggie Haberman, Ron Chernow, and more. For years, bestselling author David M. Rubenstein has distilled the contours of American democracy through conversations with noted leaders and historians. In *The Highest Calling*, he offers an enlightening overview of arguably the single most important position in the world: the American presidency. Blending history and anecdote, Rubenstein chronicles the journeys of the presidents who have defined America as it exists now, what they envision for its future, and their legacy on the world stage. Drawing from his own experience in the Carter administration, he engages in dialogues with our nation's presidents and the historians who study them. Get exclusive access to fresh perspectives, including: -Original interviews with most of the living US presidents -Interviews with noted presidential historians like Annette Gordon-Reed, Ron Chernow, Candice Millard, and more Through "chatty, insightful, and enlightening" (*The Wall Street Journal*) analysis, Rubenstein captures our country's most prominent leaders, the political genius and frays of the presidential role, and the wisdom that emerges from it.

fred trump iii interview: *Fascism Today* Shane Burley, 2017-11-06 We can no longer ignore the fact that fascism is on the rise in the United States. What was once a fringe movement has been gaining cultural acceptance and political power for years. Rebranding itself as alt-right and riding the waves of both Donald Trump's hate-fueled populism and the anxiety of an abandoned working class, they have created a social force that has the ability to win elections and inspire racist street violence in equal measure. *Fascism Today* looks at the changing world of the far right in Donald Trump's America. Examining the modern fascist movement's various strains, Shane Burley has written an accessible primer about what its adherents believe, how they organize, and what future they have in the United States. The ascension of Trump has introduced a whole new vocabulary into our political lexicon—white nationalism, race realism, Identitarianism, and a slew of others. Burley breaks it all down. From the tech-savvy trolls of the alt-right to esoteric Aryan mystics, from full-fledged Nazis to well-groomed neofascists like Richard Spencer, he shows how these racists and authoritarians have reinvented themselves in order to recruit new members and grow. Just as importantly, *Fascism Today* shows how they can be fought and beaten. It highlights groups that have successfully opposed these twisted forces and outlines the elements needed to build powerful mass movements to confront the institutionalization of fascist ideas, protect marginalized communities, and ultimately stop the fascist threat. Shane Burley is a writer, filmmaker, and antifascist based in Portland, Oregon.
