Part 1: Financial Planning, Performance, and Analytics

This segment of the exam assesses candidates on topics such as budgeting, forecasting, performance management, cost management, internal controls, and technology-enabled finance. It includes 100 multiple-choice questions and two essay scenarios, requiring detailed written responses. Mastery of these topics is vital for effective financial decision-making and operational management within organizations.

Part 2: Strategic Financial Management

Part 2 emphasizes financial statement analysis, corporate finance, decision analysis, risk
