History of the Maui Historical Society Bailey House Museum

The Maui Historical Society Bailey House Museum was established with the mission to preserve Maui's unique history and cultural heritage. The museum is housed in the historic Bailey House, which itself is a significant landmark dating back to the mid-19th century. The building was originally constructed in 1833 and served as the residence of the missionary family, the Baileys, who played an influential role in the development of Maui. Over the years, the structure has been carefully preserved to maintain its historical integrity while providing a fitting venue for the museum's extensive collections. The establishment of the Maui Historical Society and the Bailey House Museum marked a dedicated effort to safeguard Maui's past and promote awareness of its historical narratives.

Origins and Founding

The origins of the Maui Historical Society date back to the early 20th century, when local historians and community leaders recognized the need to protect Maui's historical artifacts and sites. Lepidoptera can be found in the highest tropical canopies, the driest deserts, and at the leading edge of science. maui historical society bailey house museum: *Sharks upon the Land* Seth Archer, 2018-04-26 Historian Seth Archer traces the cultural impact of disease and health problems in the Hawaiian Islands from the arrival of Europeans to 1855. Colonialism in Hawai'i began with epidemiological incursions, and Archer argues that health remained the national crisis of the islands for more than a century. Introduced diseases resulted in reduced life spans, rising infertility and infant mortality, and persistent poor health for generations of Islanders, leaving a deep imprint on Hawaiian culture and national consciousness. Scholars have noted the role of epidemics in the depopulation of Hawai'i and broader Oceania, yet few have considered the interplay between colonialism, health, and culture - including Native religion, medicine, and gender. This study emphasizes Islanders' own ideas about, and responses to, health challenges on the local level. Ultimately, Hawai'i provides a case study for health and culture change among Indigenous populations across the Americas and the Pacific.

maui historical society bailey house museum: *Reclaiming Kalākaua* Tiffany Lani Ing, 2019-10-31 Reclaiming Kalākaua: Nineteenth-Century Perspectives on a Hawaiian Sovereign examines the American, international, and Hawaiian representations of David La'amea Kamananakapu Mahinulani Nalaiaehuokalani Lumialani Kalākaua in English- and Hawaiian-language newspapers, books, travelogues, and other materials published during his reign as Hawai'i's mō'i (sovereign) from 1874 to 1891. Beginning with an overview of Kalākaua's literary genealogy of misrepresentation, Tiffany Lani Ing surveys the negative, even slanderous, portraits of him that have been inherited from his enemies, who first sought to curtail his authority as mō'i through such acts as the 1887 Bayonet Constitution and who later tried to justify their parts in overthrowing the Hawaiian kingdom in 1893 and annexing it to the United States in 1898. A close study of contemporary international and American newspaper accounts and other narratives about Kalākaua, many highly favorable, results in a more nuanced and wide-ranging characterization of the mō'i as a public figure. Most importantly, virtually none of the existing nineteenth-, twentieth-, and twenty-first-century texts about Kalākaua consults contemporary Kanaka Maoli (Native Hawaiian) sentiment for him. Offering examples drawn from hundreds of nineteenth-century Hawaiian-language newspaper articles, mele (songs), and mo'olelo (histories, stories) about the mō'i, Reclaiming Kalākaua restores balance to our understanding of how he was viewed at the time—by his own people and the world. This important work shows that for those who did not have reasons for injuring or trivializing Kalākaua's reputation as mō'i, he often appeared to be the antithesis of our inherited understanding. The mō'i struck many, and above all his own people, as an intelligent, eloquent, compassionate, and effective Hawaiian leader.
