maxwell certified leadership team: *NEW BEGINNINGS NEVER END* Dr. Robert Calderin, 2025-02-25 This is my immortality project. My memory is starting to fail, and anyone who advances knows when the decline starts. I concluded that it is better to record my memories now than to wait until later and, possibly, forget it all. My story shares many peaks and valleys and describes my trespasses and the trespasses against me. Hopefully, it will help you grow. This is a tale about writing your own story, about punching above your weight class. Life is not really about second chances. It is about a life of ongoing fresh starts. Further, it's an acknowledgment that no one succeeds by themselves. There are always supporters who help encourage us to press forward along life's journey. In my case, I have been blessed with a litany of mentors who have supported my upward mobility now and in the past. They were angels who were heaven-sent. It is the only reason I

can think of to explain why I have been able to restart over and over again. God has always sent angels to help us overcome challenges. It turns out I have been supported all my life even when I thought I wasn't. It's never been about me. Rather, it's been about the people I have served even when it resulted in betrayal. I learned that He always led me to the light to allow me a do-over to get it right. No one is perfect, but striving for perfection is a lifelong pursuit for the honorable. We all make mistakes. We say wrong things. We do wrong things. We fall, fail, get up, and win. We learn, we grow, we move on, and we live. Life is on a wheel; the good and the bad usually come around again and again. Prepare yourself for God's grace. I paid the cost to be the boss. So I know I have had a higher calling. Otherwise, why would I have been able to reboot my leadership roles so many times? God made me see that I had the inner strength to stand up for Him. Even now, despite all the heaviness I have felt in my heart from the pain in my life, I acknowledge I have had many more blessings. I am truly one of the fortunate ones. I am finally getting it and still aspire to serve Him and wish the same for you.

maxwell certified leadership team: Yes! Arthur Serunjogi, 2019-04-24 Yes! is an incredible title to begin with. The message is self-explanatory. The idea behind the book is that when we come to the end of our lives, we shall be saying an emphatic "yes." This "yes!" summarizes our lives of fulfillment. The book epitomizes the movement from survival, success, and then significance. People are at various stages of their lives, and unfortunately, just a few of them attain a "yes!" for their lives. The author admonishes people to target the life of significance and demonstrates it from his own life story that moved from survival onto success. However, a great lesson was learned by the author: never stop at success but move on to significance, for that is where the "yes!" is found.

maxwell certified leadership team: *How to Listen So Your Kids Will Talk* Becky Harling, 2021-01-05 Good parenting depends on good communication. The problem is, we parents tend to over-talk. Not only is this ineffective, it discourages children from sharing what's on their hearts. In this immensely practical book, communications expert Becky Harling shares the best listening practices to transform your family's relationships and set your children up for success, including how to · help them express their feelings in healthy ways · listen to affirm their strengths · model how to navigate conflict with grace · listen to God, knowing that he bends down to listen to us (Psalm 116:2 nlt) Whether your son or daughter is in preschool, grade school, or high school, intentional listening will help them feel heard, valued, and empowered to find their unique voice. The practices you put into place now will set a foundation for strong relationships into adulthood.
