synergy health petaluma ca: Living Deeply Marilyn Schlitz, Cassandra Vieten, Tina Amorok, 2008-01-03 Living Deeply transcends any one approach by focusing on common elements of transformation across a variety of traditions, while affirming and supporting the diversity of approaches across religious, spiritual, scientific, academic, and cultural backgrounds. Each chapter in the book ends with Experiences of Transformation, exercises drawn from wisdom traditions or scientific investigations meant to enhance your direct experience of the material. Opportunities to actively engage in your own transformation and that of our world are woven into the fabric of your everyday life. Learning more about the terrain of consciousness transformation can not only give you a map, but can help you become the cartographer of your own transformative journey. Research over the last decade at the Institute of Noetic Sciences (IONS) has systematically surveyed hundreds of people's stories of their own transformations, as well as conducting over 50 in-depth interviews with teachers and masters of the world's spiritual, religious, and transformative traditions. No matter who you are, where you come from, or what your current path is - whether you seek to transform your life completely or simply make adjustments that will add a layer of richness and depth to your life - exploring the many ways that transformation is stimulated and sustained can hold great power. Weaving together cutting-edge science with wisdom from teachers of the world's transformative traditions this book explores how people experience deep shifts in their consciousness, and how those shifts can lead to healing and wholeness. Research over the last decade at the Institute of Noetic Sciences has explored in depth the phenomenon by which people make significant shifts in the way they experience and view the world. Focusing in particular on positive transformations in consciousness, or those that result in improved health, well-being, and sense of meaning, purpose, and belonging, hundreds of people's stories of their own transformations were included in the research, as well as in-depth interviews with over 50 teachers and masters of the world's spiritual, religious, and transformative traditions. Authors Marilyn Mandala Schlitz, Ph.D., Cassandra Vieten, Ph.D., and Tina Amorok, Psy.D. - will begin conducting workshops based on the information they have gathered for this book. These workshops will blend the rigors of science with the deep wisdom of the world's spiritual traditions. Drs. Schlitz, Vieten, and Amorok will offer key insights from the decade-long qualitative and quantitative research study, of how people transform their lives. The workshops will include rigorous inquiry, group dialogue, and direct experience about the kinds of transformations in consciousness that change a person's worldview to one that is more connected to others. For more information about the Signature Education Workshops, please visit www.livingdeeply.org Also available is a companion DVD.
