

taegan goddard's political wire

taegan goddard's political wire stands as one of the most influential and widely respected political news aggregators in the United States. Established by Taegan Goddard, this platform offers comprehensive political analysis, timely updates, and a curated selection of news stories from across the political spectrum. Known for its unbiased approach, Political Wire has become a vital resource for journalists, political enthusiasts, and policymakers seeking reliable and insightful political information. This article delves into the origins, content offerings, editorial approach, and impact of taegan goddard's political wire within the landscape of political journalism and online media. Readers will gain an understanding of how this platform continuously shapes political discourse and remains a trusted source for political developments and analysis.

- Origins and Evolution of Taegan Goddard's Political Wire
- Content and Features of Political Wire
- Editorial Approach and Credibility
- Audience and Influence in Political Journalism
- Role in Modern Political Discourse and Online Media

Origins and Evolution of Taegan Goddard's Political Wire

Taegan Goddard's Political Wire was launched in the early 2000s as a response to the growing need for an impartial and comprehensive political news aggregator. Taegan Goddard, a political analyst and blogger, leveraged his expertise to create a platform that collects and synthesizes political news from a wide range of sources. Over time, Political Wire has evolved from a simple blog to a sophisticated political news hub, incorporating diverse media formats and expanding its reach to a national and international audience. The platform reflects the changing dynamics of political reporting and digital media, adapting to new technologies and reader preferences while maintaining its core mission of providing accurate political news.

Content and Features of Political Wire

Taegan Goddard's Political Wire offers a rich array of content designed to keep readers informed about the latest political developments. The platform aggregates news stories, editorials, polls, and analysis from reputable sources across the political spectrum, ensuring a balanced and thorough perspective. Key features include daily news summaries, election tracking,

opinion pieces, and historical political data. Additionally, Political Wire provides timely updates on legislative changes, campaign activities, and political controversies, making it an indispensable resource for staying current on American politics.

Daily News Summaries and Aggregation

One of the hallmark features of Political Wire is its daily news summaries, which compile the most important political stories from the day. These summaries save readers time by distilling vast amounts of information into concise and accessible formats. The aggregation covers topics ranging from federal and state government news to international political affairs that impact the U.S.

Election Coverage and Polling Analysis

Political Wire is particularly known for its detailed election coverage, including candidate profiles, campaign developments, and in-depth analysis of polling data. This feature helps readers understand the shifting dynamics of elections and voter sentiment across different regions and demographics.

Editorial Approach and Credibility

The credibility of taegan goddard's political wire is rooted in its commitment to neutrality and factual reporting. The editorial philosophy emphasizes presenting news without partisan bias, carefully selecting sources that represent a spectrum of political viewpoints. This approach has earned Political Wire a reputation as a trustworthy and reliable political news source. The platform employs rigorous fact-checking and editorial oversight to maintain high standards of accuracy and integrity.

Commitment to Balanced Reporting

Political Wire's editorial team consciously avoids sensationalism and partisan commentary, focusing instead on objective reporting. This balance allows readers to form their own informed opinions based on a comprehensive presentation of facts and diverse perspectives.

Source Selection and Verification

To ensure reliability, Political Wire curates content from established news organizations, official government releases, and credible political analysts. Every piece of information undergoes verification processes to minimize misinformation and uphold journalistic standards.

Audience and Influence in Political Journalism

Taegan Goddard's Political Wire attracts a diverse audience, including journalists, political strategists, academics, and engaged citizens. Its

influence extends beyond casual readers, often serving as a resource for media professionals and decision-makers seeking timely and balanced political news. The platform's concise and comprehensive format makes it a preferred tool for those needing quick yet thorough political updates.

Role Among Journalists and Media Professionals

Many journalists rely on Political Wire for leads on breaking news and to gauge the political climate. Its aggregation of multiple sources and perspectives allows media professionals to cross-reference information and uncover trends in political reporting.

Engagement with Academics and Policy Makers

Political analysts and policymakers use the platform to monitor public opinion, legislative changes, and political developments. The detailed polling data and election insights are particularly valuable for research and strategic planning.

Role in Modern Political Discourse and Online Media

In the evolving digital landscape, taegan goddard's political wire plays a critical role in shaping modern political discourse. By providing timely, accurate, and balanced political information, it helps counteract misinformation and polarization prevalent in online media. The platform's commitment to transparency and neutrality fosters informed debate and encourages civic engagement among its readership.

Counteracting Misinformation

Political Wire's emphasis on verified and balanced content contributes to combating the spread of false information in political discussions. This role is increasingly important in an era where social media platforms can amplify misleading narratives.

Encouraging Civic Engagement

By delivering accessible and fact-based political news, Political Wire empowers readers to participate more actively in democratic processes. Its election coverage and policy analyses provide the knowledge necessary for voters to make informed decisions.

- Provides comprehensive political news aggregation
- Maintains strict editorial neutrality and accuracy
- Supports media professionals and political analysts

- Enhances public understanding of elections and policies
- Contributes to reducing misinformation in political discourse

Frequently Asked Questions

What is Taegan Goddard's Political Wire?

Taegan Goddard's Political Wire is a popular political news and analysis website that provides timely updates, commentary, and links to important stories in U.S. politics.

Who is Taegan Goddard?

Taegan Goddard is a political analyst and commentator known for curating Political Wire, a widely followed political news aggregation site offering concise summaries and insights on current political events.

How does Political Wire stay relevant in the fast-changing political landscape?

Political Wire stays relevant by providing real-time updates, linking to credible news sources, and offering succinct analysis that helps readers quickly understand the latest political developments.

Is Political Wire a partisan site?

Political Wire aims to provide balanced political news and analysis, presenting information from various perspectives without overt partisan bias, making it a trusted resource for diverse political audiences.

Can I subscribe to Political Wire for updates?

Yes, Political Wire offers subscription options including email newsletters and RSS feeds, allowing readers to receive regular updates and stay informed on political news and analysis.

Additional Resources

1. *The Political Brain: The Role of Emotion in Deciding the Fate of the Nation*

This book by Drew Westen explores how emotions, rather than rational thought, drive political decisions. It provides insight into voter behavior and campaign strategies, explaining why logical arguments often fail to sway

public opinion. The book is essential for understanding the psychological underpinnings behind political messaging and election outcomes.

2. *The Audacity to Win: How Obama Won and How We Can Beat the Party of Limbaugh, Beck, and Palin*

David Plouffe, Barack Obama's campaign manager, offers an inside look at the 2008 presidential campaign. The book details grassroots organizing, digital strategy, and the innovative tactics that helped secure a historic victory. It is a valuable read for understanding modern political campaigning in the United States.

3. *What You Should Know About Politics . . . But Don't: A Nonpartisan Guide to the Issues That Matter*

Jessamyn Conrad provides an accessible overview of key political issues in America, from healthcare to immigration. The book is written in a straightforward, nonpartisan style, making complex topics understandable for a broad audience. It is a great resource for readers seeking to become more informed voters.

4. *The Victory Lab: The Secret Science of Winning Campaigns*

Author Sasha Issenberg investigates the data-driven techniques employed by political campaigns to win elections. The book uncovers the behind-the-scenes use of analytics, microtargeting, and behavioral science that have transformed political strategy. It offers readers a fascinating glimpse into the modern mechanics of electoral politics.

5. *How Democracies Die*

Steven Levitsky and Daniel Ziblatt examine the warning signs and processes that lead to the erosion of democratic institutions. Drawing on historical examples from around the world, the authors discuss how norms and political behavior shape the health of democracies. The book is a critical read for those interested in the stability and future of democratic governance.

6. *Dark Money: The Hidden History of the Billionaires Behind the Rise of the Radical Right*

Jane Mayer's investigative work exposes the influence of wealthy donors and special interests on American politics. The book traces the funding networks that support conservative causes and candidates, revealing the impact of money on policy and elections. It is a compelling exploration of the intersection between wealth and political power.

7. *Vote for Me: The Long Road to the White House*

Pete Souza, former Chief Official White House Photographer, provides a unique perspective on presidential campaigns through powerful photography and narrative. The book covers the emotional and strategic aspects of running for the highest office. It offers a behind-the-scenes look at the personal and public challenges candidates face.

8. *The Road to Character*

David Brooks explores the difference between "resume virtues" and "eulogy virtues," emphasizing moral character in leadership. While not exclusively

about politics, the book offers valuable reflections on integrity and values that resonate deeply in political life. It encourages readers to consider the ethical dimensions of public service and leadership.

9. *Political Wire: A Reader's Guide to Taegan Goddard's Political Wire*

This hypothetical title would serve as a companion guide to the popular political blog, offering curated insights and analysis inspired by Taegan Goddard's work. It would cover major political trends, election updates, and commentary on policy developments featured on Political Wire. Such a book would be ideal for readers wanting a deeper dive into the topics covered by one of the internet's most trusted political news sources.

taegan goddard s political wire: Making it in the Political Blogosphere Tanni Haas, 2011-11-08 This title introduces readers to 20 of the world's top political bloggers, providing those bloggers with the opportunity to explain in their own words what they have done to become so successful while offering readers advice about what they can do to emulate the contributors' success. Each chapter begins with a brief profile of a blogger and their blog, followed by my interview with him or her.

taegan goddard s political wire: Media Literacy in a Disruptive Media Environment William G. Christ, Belinha S. De Abreu, 2020-03-04 This book, part of the BEA Electronic Media Research Series, brings together top scholars researching media literacy and lays out the current state of the field in areas such as propaganda, news, participatory culture, representation, education, social/environmental justice, and civic engagement. The field of media literacy continues to undergo changes and challenges as audiences are reconceptualized and reconfigured, media industries are transformed and replaced, and the production of media texts is available to anyone with a smartphone. The book provides an overview of these. It offers readers specific examples and recommendations to help others as they develop their own teaching and research agendas. *Media Literacy in a Disruptive Media Environment* will be of great interest to scholars and graduate students studying media literacy through the lens of broadcasting, communication studies, media and cultural studies, film, and digital media studies.

taegan goddard s political wire: Blogging the Political Antoinette Pole, 2010-02-12 The popular blog-tracking site technorati.com reports the existence of well over one hundred million blogs. Despite the medium's ubiquity, the impact of political blogging on politics and civic engagement has not been systematically examined. In an era of depressed civic engagement, where access to the media by common citizens is limited, blogs have the power to change the political landscape. *Blogging the Political* catalogs the individuals engaged in political blogging, explains why they started blogging, and examines what they hope to gain from it. The larger question at hand is whether and how political blogging facilitates civic engagement and mobilization in the United States. Do political bloggers participate in politics only through blogging or also through more traditional activities such as voting or sending an email to an elected official? Do they

encourage their readers to undertake political activities, and how do they go about doing so? Examining the activity of a diverse spectrum of bloggers, Pole concludes that blogging is indeed a new and important form of political participation, one that can potentially transform politics and lead to increased civic engagement.

taegan goddard s political wire: Political Junkies Claire Bond Potter, 2020-07-07 A wide-ranging history of seventy years of change in political media, and how it transformed -- and fractured -- American politics With fake news on Facebook, trolls on Twitter, and viral outrage everywhere, it's easy to believe that the internet changed politics entirely. In *Political Junkies*, historian Claire Bond Potter shows otherwise, revealing the roots of today's dysfunction by situating online politics in a longer history of alternative political media. From independent newsletters in the 1950s to talk radio in the 1970s to cable television in the 1980s, pioneers on the left and right developed alternative media outlets that made politics more popular, and ultimately, more partisan. When campaign operatives took up e-mail, blogging, and social media, they only supercharged these trends. At a time when political engagement has never been greater and trust has never been lower, *Political Junkies* is essential reading for understanding how we got here.

taegan goddard s political wire: *Political Animals* Rick Shenkman, 2016-01-05 Can a football game affect the outcome of an election? What about shark attacks? Or a drought? In a rational world the answer, of course, would be no. But as bestselling historian Rick Shenkman explains in *Political Animals*, our world is anything but rational. Drawing on science, politics, and history, Shenkman explores the hidden forces behind our often illogical choices. *Political Animals* challenges us to go beyond the headlines, which often focus on what politicians do (or say they'll do), and to concentrate instead on what's really important: what shapes our response. Shenkman argues that, contrary to what we tell ourselves, it's our instincts rather than arguments appealing to reason that usually prevail. Pop culture tells us we can trust our instincts, but science is proving that when it comes to politics our Stone Age brain often malfunctions, misfires, and leads us astray. Fortunately, we can learn to make our instincts work in our favor. Shenkman takes readers on a whirlwind tour of laboratories where scientists are exploring how sea slugs remember, chimpanzees practice deception, and patients whose brains have been split in two tell stories. The scientists' findings give us new ways of understanding our history and ourselves -- and prove we don't have to be prisoners of our evolutionary past. In this engaging, illuminating, and often riotous chronicle of our political culture, Shenkman probes the depths of the human mind to explore how we can become more political, and less animal.

taegan goddard s political wire: *Campaigning for President 2012* Dennis W. Johnson, 2013-06-26 In this important and timely volume, Dennis W. Johnson has assembled an outstanding team of political scientists and political professionals to examine one of the fiercest and most closely fought presidential elections of our time. Like its predecessor, *Campaigning for President 2008*, *Campaigning for President 2012: Strategy and Tactics* focuses on political management. It is written by both elections/campaign scholars and practitioners, who highlight the role of political consultants and campaigns while also emphasizing the strategy and tactics employed by the candidates, the national political parties, and outside interests. The contributors explore the general mood of the electorate in the 2012 election, the challenges Obama faced after his first term, the primaries, money, communication, the important issues of the election, and finally the election itself.

taegan goddard s political wire: *LOL at the GOP - Volume 5: You Can't Spell "Forgot To Take Their Crazy Pills" Without "Tea Party"* Craig Rozniecki, 2014-04-27 A Tea Party may not sound crazy at first, but once the likes of Ted Cruz, Louie Gohmert, and Steve King show up at the door, it will make any frat party look tame in comparison. This level of craziness is on full display in Craig Rozniecki's twelfth book, *LOL at the GOP - Volume 5: You Can't Spell "Forgot To Take Their Crazy Pills" Without "Tea Party"*. In this book, read all about: One Tea Partier's claim that abortion leads to global warming, Donald Trump's attempt to sue Bill Maher over an orangutan joke, Representative Steve Stockman's endorsement from a dead person, and so much more! Not only that, but this book answers all the tough questions, such as: Does President Obama hate white

people, even though he's part white himself?; Did Gandhi carry guns with him on peaceful marches?: Do cookies make up for the stripping of women's rights?; and more!

taegan goddard s political wire: *The Power of Many* Christian Crumlish, 2006-02-20 A lot of people are starting to use the Internet to reconnect themselves to their neighborhood, their community, and the world. *The Power of Many* is a great survey of the way this is really being accomplished by many individuals working together. —Craig Newmark, founder of craigslist.org What a fascinating topic. If you're interested in the future, the past, or the present, then you should read this book. —Scott Heiferman, Co-Founder of Meetup.com and Fotolog.net The development of social networks on the Web touches countless aspects of our everyday lives. With instant access to people of similar mindsets, near or far, we can readily form partnerships with more people and in more ways than ever before. It's now possible to use Internet tools to organize a rally, energize a political campaign, arrange a date, join a support group, or sell a product, as naturally as we use a phone. Through a series of pertinent case studies and interviews with leading thinkers and doers in this rapidly evolving field, Christian Crumlish uncovers universal themes and lessons learned. He illustrates how we use peer-to-peer technologies--web services, blogs, mobile phone SMS, and more—to accomplish widespread goals. He also suggests how we can take even more advantage of these technologies to connect with people who have similar interests. Discover how Howard Dean's campaign used the Internet to take a little-known candidate a long way. How activists arrange public meetings and drive letter-writing campaigns. How individuals find much-needed help for personal issues. How artists promote and air their creative genius. How business people and singles seek potential partners. And much, much more. Here are just a few of the more than 60 experts, businesspeople, activists, and writers who share their insights: Futurist and best-selling author Howard Rheingold Scott Heiferman, founder of Meetup.com Executives from the American Red Cross, the Leukemia Society, and the Avon Walk for Breast Cancer Venture capitalist Joi Ito Official and unofficial bloggers for the Bush, Clark, Dean, and Kerry campaigns Researchers Elizabeth Lane Lawley and Mary Hodder *The Power of Many* explores how people are using new methods of social computing to simplify the ways they locate others who share their interests and kindle face-to-face communication. It reveals the tools that make it nearly effortless for groups and individuals to accomplish significant results in the real world. By understanding these trends and techniques, we can identify where and how to apply them in own lives. See the companion website at www.thepowerofmany.com.

taegan goddard s political wire: *Epic Journey* James W. Ceaser, 2011-03-16 Noted campaign scholars James W. Ceaser, Andrew E. Busch, and John J. Pitney Jr. take readers along on the longest, most expensive, and in many ways most dramatic presidential campaign in American history. Drawing on their extensive knowledge of political history and deep resources of current political science, the authors capture the astonishing twists of fate, uncanny detours, and remarkable surprises that made the 2008 election truly historic. With President George W. Bush's approval ratings at record lows, the 2008 election was a contest that Democrats were predicted to win. And with Barack Obama's victory over John McCain, they did. But it was the highly unlikely journey to this likely destination that set this presidential election apart from others. As they have every four years since 1992, James W. Ceaser and Andrew E. Busch once again provide the most comprehensive and authoritative account of the presidential election. Joined on this book by John J. Pitney Jr., the authors chronicle the epic journey—culminating in the election of the first African American president—of a group of extraordinary candidates and a nation. *Epic Journey* Authors' Blog:www.epicjourney2008.com

taegan goddard s political wire: *The Shifting Twenty-First-Century Presidency* Tevi Troy, 2024-04-03 The role and range of the American presidency has undergone significant changes in the twenty-first century, with George W. Bush, Barack Obama, Donald Trump, and now Joe Biden transforming the office in distinct ways. Many but not all of these changes stem from the numerous crises of this young century: 9/11 and the resulting war on terror, Hurricane Katrina, the Great Recession, the COVID-19 pandemic, and the social unrest of 2020. While crisis brings rapid change,

there are other factors at work as well. Increased polarization has led presidents of both parties to press existing rules and norms to their limits in an attempt to accomplish more during their brief tenures. The result is a lot of policy and structural change in a short period, including new cabinet departments, new election rules, and significantly increased spending and debt, among other things. For the most part, these changes have occurred with little thought to what it all means for the functionality and stability of our democratic institutions and, consequently, our nation's capacity to address the needs as well as the aspirations of the American people. The Bipartisan Policy Center's Tevi Troy has brought together a group of presidential scholars and political experts to address these important issues and to reflect on how the presidency has changed and what it might mean for the future. Contributors include Elaine Kamarck (former aide to President Clinton), Jonathan Burks (former chief of staff to Speaker Paul Ryan), Kenneth Baer (former aide to presidents Clinton and Obama), and Kristen Soltis Anderson (Republican pollster and radio host).

taegan goddard s political wire: *CQ Weekly* , 2010

taegan goddard s political wire: *Dissenting from Donald Trump While Listening to "The Battle Hymn of the Republic"* Rodney Wallace Kennedy, 2025-08-21 Democracy now exists in a state of precarity. The anti-democratic swing in America's mood has been orchestrated by President Donald Trump. He has used demagoguery, a false populism, fear, and a spirit of resentment and revenge to enthrall the masses. His excessive rhetoric has divided and angered the nation. The essays in this book dissent from Trump – his rhetoric, his actions, his lies, his deceptions, and his lack of respect for the rule of law. All the negative descriptions of President Trump can be summarized in one theological term: Evil. His actions are those of a person who is the incarnation of evil. My protests have now continued for more than nine years. Democracy can't survive without dissent. This is a book of dissent.

taegan goddard s political wire: **The Social Media Bible** Lon Safko, 2010-10-05 The bestselling bible for social media is now completely revised and updated! The Social Media Bible, Second Edition (www.TSMB2.com) is the most comprehensive resource that transforms the way corporate, small business, and non-profit companies use social media to reach their desired audiences with power messages and efficiency. Covers all major new software applications, including features and benefits, in detail Lists more than 120 companies integral to the social media industry with updated data, products, services, and links Includes advanced topics like measuring social media return on investment (ROI) and how to develop and implement the Five Steps to Social Media Success strategy plan Includes dozens of social media ROI case studies Author is a widely acknowledged social media authority with numerous media appearances and speaking engagements The Social Media Bible, Second Edition gives you a fully up-to-date toolbox to revamp your marketing strategy and create new opportunities for growth.

taegan goddard s political wire: Head in the Cloud William Poundstone, 2016-07-19 The real-world value of knowledge in the mobile-device age. More people know who Khloe Kardashian is than who Rene Descartes was. Most can't find Delaware on a map, correctly spell the word occurrence, or name the largest ocean on the planet. But how important is it to fill our heads with facts? A few keystrokes can summon almost any information in seconds. Why should we bother learning facts at all? Bestselling author William Poundstone confronts that timely question in Head in the Cloud. He shows that many areas of knowledge correlate with the quality of our lives -- wealth, health, and happiness -- and even with politics and behavior. Combining Big Data survey techniques with eye-opening anecdotes, Poundstone examines what Americans know (and don't know) on topics ranging from quantum physics to pop culture. Head in the Cloud asks why we're okay with spelling errors on menus but not on resumes; why Fox News viewers don't know which party controls Congress; why people who know trivia make more money than those who don't; how individuals can navigate clickbait and media spin to stay informed about what really matters. Hilarious, humbling, and wildly entertaining, Head in the Cloud is a must-read for anyone who

doesn't know everything.

taegan goddard s political wire: *The First Campaign* Garrett M. Graff, 2007-11-27 Combining vivid campaign-trail reporting with a provocative argument about the state of American politics, Graff makes clear that whichever party best meets the challenges of globalization will win the election--and put America back on course.

taegan goddard s political wire: *The Making of the Presidential Candidates 2012* William G. Mayer, Jonathan Bernstein, 2012 The newest installment in a quadrennial series that now spans five presidential elections, this book presents a broad overview of the presidential nomination process and showcases some of the most interesting work now being done on the politics of presidential selection. Written by leading experts, including a former presidential candidate, *The Making of Presidential Candidates 2012* covers a wide selection of topics, including the Tea Party, digital media campaigns, how television covers the nomination process, election forecasting, and campaign finance. *The Making of the Presidential Candidates 2012* is valuable for students, specialists, and all readers with an interest in the ever-evolving presidential nomination process and American elections.

taegan goddard s political wire: *Encyclopedia of Politics, the Media, and Popular Culture* Tony Kelso, Brian Cogan, 2009-10-15 Whether it's television, radio, concerts, live appearances by comedians, Internet websites, or even the political party conventions themselves, the mixing of politics and popular culture is frequently on display. *The Encyclopedia of Politics, the Media, and Popular Culture* examines the people, major events, media, and controversies in eight thematic chapters and over 150 entries to provide an invaluable resource for any student, scholar, or everyday political junkie needing a comprehensive introduction to the subject. On a typical weeknight in the United States, millions shun the traditional evening network news broadcasts and, instead, later grab their remotes to turn to Comedy Central to catch up on the political happenings of the day, delivered by the comedian Jon Stewart on the faux news program, *The Daily Show*. Immediately afterwards, they might stay tuned to *The Colbert Report* for another dosage of hilarious, fake news that, to them, comes across more honestly than the serious version they could watch on CNN. Whether it's television, radio, concerts, live appearances by comedians, Internet websites, or even the political party conventions themselves, the mixing of politics and popular culture is frequently on display. *The Encyclopedia of Politics, the Media, and Popular Culture* provides in-depth coverage of these fascinating, and often surprising intersections in both historical and contemporary culture. This highly readable and entertaining encyclopedia provides a sweeping survey of the historic and ongoing interplay between politics, the media, and popular culture in eight thought-provoking chapters. The volume is enhanced with the inclusion of over 150 entries to help students and researchers easily locate more in-depth information on topics ranging from political scandals to YouTube.

taegan goddard s political wire: *Political Economy, Nationalistic Populism, and Immigration in Today's World* Jacqueline Murray Brux, 2025-06-02 *Political Economy, Nationalistic Populism, and Immigration in Today's World: A Primer for the Social Sciences* is a core text for a multidisciplinary range of courses in economics, political science, sociology, international studies, public policy, and the social sciences. The text weaves together an understanding of the interconnected topics of global nationalistic populism, authoritarianism, immigration, conditions in developing countries, social systems and safety nets, diversity, and ultimately, happiness as measured by global happiness surveys. The text is designed for a global audience through the use of examples and case studies in a manner that is clear to students and provides all prerequisite knowledge for undergraduates. It includes content on countries across the developing world, Europe, Canada, and the United States. There is considerable emphasis on the politics and ideologies of Europe and the United States and how these relate to immigration and impact each other.

taegan goddard s political wire: *Sams Teach Yourself Movable Type in 24 Hours* Molly E. Holzschlag, Porter Glendinning, 2004 In just 24 lessons of one hour or less, you will be able to

implement an effective, inexpensive, and feature-rich system for building, administering, and maintaining Web sites using Movable Type publishing software. Using a straightforward, step-by-step approach, each lesson builds on the previous ones, enabling you to learn the essentials of Movable Type from the ground up. Book jacket.

taegan goddard s political wire: America's Failing Experiment Kirby Goidel, 2013-12-12
America's Failing Experiment: How We the People Have Become the Problem, makes the controversial claim that the American political system suffers from too much democracy. An accomplished public policy expert coeditor of the Journal Survey Practice, Kirby Goidel argues that our elected officials are overly responsive to public opinion which is often poorly informed, incoherent, and uncertain. The result is a more polarized political system, rising inequality, and institutional gridlock. These concerns are not new but take on deeper political significance in a digital age where information flows more quickly and opportunities for feedback are virtually unlimited. If the diagnosis is too much democracy, the counterintuitive solution runs against our cultural norms—less citizen involvement, greater discretion for political elites, and greater collective responsibility.
