This true story is told by an inmate who was inside, living and breathing in the system of incarceration for nearly two years. You will join him in the cell while he recounts hunger strikes, malnutrition, panic, and pandemonium, by weaving comedic banter with a stoic sense of realism. This is a captivating tale of how sick and dying men, caused by the nationally publicized disaster of thirty deaths in a short period in the prison, stitched together the remnants of their shattered dignity and formed a brotherhood to withstand all odds; it paints the solo journey of a man's struggle through addiction, loss, corruption, oppression, racism, and fear.
