tana mongeau biological mom: *She Looks Just Like You* Amie Klemptner Miller, 2011-03-15 After ten years of talking about having children, two years of trying (and failing) to conceive, and one shot of donor sperm for her partner, Amie Miller was about to become a mother. Or something like that. Over the next nine months, as her partner became the biological mom-to-be, Miller became . . . what? Mommy's little helper? A faux dad? As a midwestern, station wagon-driving, stay-at-home mom—and as a nonbiological lesbian mother—Miller both defines and defies the norm.
