Although Swift is a perennial subject in the media, cast in both a positive and a negative light, few professional scholars have considered her ever-growing body of work. *The Literary Taylor Swift* examines Swift's significance and timeliness through literary analysis and theory. Taylor Swift has been celebrated for her ability to craft immersive narratives and to articulate, with lyrical acuity, a broad range of emotional experiences, and her lyrics underscore her profound relationship with text. *The Literary Taylor Swift* explores Swift's engagements, intertextual and otherwise, with literature and treats her songs as literature-as, that is, stories, poems, and other textual forms to which literary-critical theories and methodologies can and should be productively applied. This collection offers carefully curated arguments constellated around four key relationships: Swift and the literary-historical canon; Swift and the language of gender and sexuality; Swift and the relationship between writing and memory; and Swift and the nature of literary craft.

taylor swift quiz what album are you: *The Famous Feud Project* Casian Anton, 2024-01-12 In the history of human nature there are conflicts with a happy ending, or with a tragic ending. The Famous Feud, in general, seems to have a happy ending with one winner: Taylor Swift. From my point of view, the Famous Feud ended in July 2016. In June 2017 I was convinced that Taylor Swift

was the victim (for the second time) of Kanye West. In October 2023, after I have updated the entire research on the Famous Feud, the original conclusion did not change. I created this edition to include everything I wrote about the Famous Feud. It is an edition for people interested in reading the entire Famous Feud story from A to Z. The Famous Feud Project report has two parts: Part 1. Music in Black and White: A Journey Behind the Musical Notes; Part 2. On the Famous Feud. Enjoy your reading!

taylor swift quiz what album are you: The Words and Music of Taylor Swift James E. Perone, 2017-07-14 This scholarly analysis of the music of Taylor Swift identifies how and why she is one of the early 21st century's most recognizable and most popular stars. By the age of 13, singer-songwriter Taylor Swift had already inked a development deal with a major record label. This early milestone was an appropriate predictor of what accomplishments were to come. Now a superstar artist with an international fanbase of millions and several critically acclaimed and commercially successful albums, Swift has established herself as one of the most important musicians of the 21st century. This accessible book serves Taylor Swift fans as well as students of contemporary popular music and popular culture, critically examining all of this young artist's work to date. The book's organization is primarily chronological, covering Taylor Swift's album and single releases in order of release date while also documenting the elements of her music and personality that have made her popular with fans of country music and pop music across a surprisingly diverse age range of listeners. The chapters address how Swift's songs have been viewed by some fans as anthems of empowerment or messages of encouragement, particularly by members of the LGBTQ community, those who have been bullied or been seen as outsiders, and emerging artists. The final chapter places Swift's work and her public persona in the context of her times with respect to her use of and relationship with technology—for example, her use of social media and songwriting technology—and her expressions of a new type of feminism that is unlike the feminism of the 1970s.

taylor swift quiz what album are you: Taylor Swift for Adults Kev Nickells, 2024-07-30 Taylor Swift for Adults is a tantalizing opening salvo in Swiftology - the study of the work of Taylor Swift. While Swift's private life has been covered to death, her talent as a lyricist has rarely been analyzed. Until now. Swifties are well aware that she's a lyricist par excellence but this book makes that case to the unbelievers. Swift's gift as a songwriter is not merely sentimentality and circumstance - and this book takes a deep look at her 10 albums to isolate what makes her a beloved lyricist for millions. Any serious study of a lyricist or poet needs to establish what are the tropes, the patterns, and the style of that artist, and this book does precisely that. With careful attention to poetic detail, the scansion, flow, and form of her writing, this brings out those details that pass by in a flash on the radio, bringing them fully into focus. Many have made the argument that Swift is a gifted lyricist - in online forums and YouTube comments - but this is the first time in writing those arguments have been given shape and serious attention. It's a book aimed at adults but not po-faced bores - taking a subject seriously can also mean laughing at swearwords and sex metaphors. Rather than po-faced and straitened, this is a lightly witty book expressing, at its core, a deep affection for this generation's favorite songwriter.

taylor swift quiz what album are you: Black and White Music Casian Anton, 2021-08-21 In Black & White Music report I investigated a very small part of the music industry from the USA (0.09% musicians); more precisely, I investigated the contribution and the artistic merit (greater or lesser) of black artists (0.03%) and white artists (0.05%) in the production and writing of their albums. The artists investigated in this report are Taylor Swift, Kanye West, Beyoncé, Kendrick Lamar, Macklemore & Ryan, Adele and Beck.
