why you asking all them questions lyrics: Gender, Violence and Power in Indonesia Katharine McGregor, Ana Dragojlovic, Hannah Loney, 2020-03-13 This book uses an interdisciplinary approach to chart how various forms of violence – domestic, military, legal and political – are not separate instances of violence, but rather embedded in structural inequalities brought about by colonialism, occupation and state violence. The book explores both case studies of individuals and of groups to examine experiences of violence within the context of gender and structures of power in modern Indonesian history and Indonesia-related diasporas. It argues that gendered violence is particularly important to consider in this region because of its complex history of armed conflict and authoritarian rule, the diversity of people that have been affected by violence, as well as the complexity of the religious and cultural communities involved. The book focuses in particular on textual narratives of violence, visualisations of violence, commemorations of violence and the politics of care.

why you asking all them questions lyrics: Programs to Reduce Teen Dating Violence and Sexual Assault Arlene N. Weisz, Beverly M. Black, 2009-05-05 Arlene Weisz and Beverly Black interview practitioners from more than fifty dating violence and sexual assault programs across the United States to provide a unique resource for effective teen dating violence prevention. Enhancing existing research with the shared wisdom of the nation's prevention community, Weisz and Black describe program goals and content, recruitment strategies, membership, structure, and community involvement in practitioners' own words. Their comprehensive approach reveals the core techniques that should be a part of any successful prevention program, including theoretical consistency, which contributes to sound content development, and peer education and youth leadership, which empower participants and keep programs relevant. Weisz and Black show that multisession

programs are most useful in preventing violence and assault, because they enable participants to learn new behaviors and change entrenched attitudes. Combining single- and mixed-gender sessions, as well as steering discussions away from the assignment of blame, also yield positive results. The authors demonstrate that productive education remains sensitive to differences in culture and sexual orientation and includes experiential exercises and role-playing. Manuals help in guiding educators and improving evaluation, but they should also allow adolescents to direct the discussion. Good programs regularly address teachers and parents. Ultimately, though, Weisz and Black find that the ideal program retains prevention educators long after the apprentice stage, encouraging self-evaluation and new interventions based on the wisdom that experience brings.

why you asking all them questions lyrics: Maelstrom David Niall Wilson, 2019-12-30

Something in Lavender, California is waking up. Rituals not properly completed for centuries are coming together. Nothing is what it seems. When Nick Leatherman, his girlfriend Ruthie, and their buddies Flash and Weasel invade Shady Grove Cemetery for a “ghost hunt” on their way home from a concert, they are drawn into a web of darkness and intrigue that threatens to consume them. Nick and Ruthie witness a gruesome murder, and Nick’s pocketknife shows up at the crime scene the next morning. Nick has had problems in the past, and Inspector Kendall Straker remembers. He remembers Ned Leatherman, Nick’s alcoholic step-father as well, and he doesn’t believe the boy is a killer. The problem is that the knife - emblazoned with the name of the band Maelstrom - is the only clue he has. Horace Goldbough is the local pastor. He’s built a huge following and a beautiful church, but there are things about the good reverend that the town doesn’t know. In particular there is his relationship with a dark woman named Beauchane, and a certain book he keeps hidden from the world. With local reporters, and a television talk-show host hounding his every step, Straker attempts to unravel the series of grisly killings terrorizing Lavender, while simultaneously protecting Nick. Nick, in the meantime, has begun his own investigation, feeling trapped and needing to clear his name. Ritual words are being spoken, and a power that has been denied access to the Earth for centuries is poised to strike. The clock is ticking. Can Straker, Nick, and Maelstrom find the answer to the killings and put an end to them before the final ritual takes place, or will a horror be unleashed on the unsuspecting town of Lavender beyond their comprehension?
