They clearly describe the knowledge and skills teachers need to better orient classroom assessment practices toward more positive learning experiences for all students. Critically, they urge educators to establish substantive learning goals, attend to the ways of eliciting evidence of student learning towards those goals, and reflect on the evidence to take action that intends to advance learning. This book features real-world examples of assessment practices across a range of contexts and content areas, grade levels, and student populations, and shows how assessment literacy competencies can be achieved at scale with support from school and district leaders. wida practice test 6 8: *Educating English Learners* Joyce W. Nutta, Carine Strebel, Kouider Mokhtari, Florin M. Mihai, Edwidge Crevecoeur Bryant, 2020-07-29 In *Educating English Learners*, Joyce W. Nutta and her colleagues offer practical tools for helping schools and teachers successfully integrate English learners into mainstream classrooms. Drawing on the One Plus model presented in their award-winning book, *Preparing Every Teacher to Reach English Learners*, the authors now turn their attention to the needs of K-12 teachers who typically have two or three English learners in their classrooms. English learners are not a homogenous group, and the challenges they face vary tremendously. Nutta and her colleagues present protocols and case studies to help pre-service and in-service teachers understand the needs of English learners in their classrooms and differentiate instruction and assessment accordingly. Woven throughout the book are the stories of Gero, Edith, Tasir, and Edgar, four case study students of different ages, backgrounds, and levels of English proficiency. The authors show how the protocols they provide can be applied to adapt sample lessons for students like these, across a range of grade levels, subject areas, and pedagogical approaches. Finally, the authors show how the system can be applied school-wide for a collaborative approach to meeting English learners' needs.
