literature by the heirs to the greatest evil of our time. History is preserved in the memories of the survivors of the Holocaust and the imaginations of their children, the so-called Second Generation. Nothing Makes You Free considers the heritage of the descendants of those who faced the horrific lie that adorned the gates of many German concentration camps: Arbeit Macht Frei (Work Makes You Free). In the words of this groundbreaking anthology's introduction: Other kids' parents didn't have numbers on their arms. Other kids' parents didn't talk about massacres as easily as baseball. Other kids' parents loved them, but never gazed at their offspring as miracles in the flesh....How do you deal with this responsibility? Well, if you were a writer, you wrote. Gathered here are writings of both fiction and nonfiction, ranging from farce to fantasy to brutal realism, from an international selection of writers, including Art Spiegelman, Eva Hoffman, Peter Singer, and Carl Friedman. A necessary reminder of the lingering effects of the Holocaust and of all the embers—in each generation—saved from the fire.—Aryeh Lev Stollman, author of *The Far Euphrates* and *The Illuminated Soul* What happens to a generation of writers born after but indelibly shaped by the Holocaust? From the bitterly sardonic title of Bukiet's clear-eyed and refreshingly unsentimental collection to its last words, this volume will cause all to see this past in startlingly new and unexpected ways. This is certainly not their parent's Holocaust. But in all their immense variety, dexterity, oppressed imaginativeness, pain, and wonder, these writings show how even as a 'vicarious past,' the Holocaust continues to shape both inner and outer worlds of the survivors' offspring and now, by extension, our own as well.—James E. Young, author of *At Memory's Edge* and *The Texture of Memory* A superb anthology...tenderness mixes with rage, sorrow with bitterness, in this first-rate gathering of pieces by those who refuse to forget.—Kirkus Reviews, starred review A trenchant array...convincingly demonstrate[s] that the Second-Generation experience and the artistic vision growing from it is not merely a diluted version of the survivors' experience, but a distinct phenomenon and ethos of its own.—Miami Herald An important book.—Booklist

will you be a good mother quiz: *Covenant Betrayed: Revelations of the Sixties, the Best of Time; the Worst of Time* Mark Dahl, 2005-03-08 One can not understand the Sixties without understanding the Fifties. The Fifties were the first time the American youth had excess freedom. Before the 50s they worked on the family farm; dusk till dawn, slaved in the sweat shops, 12 ours a day, six days a week; starved in the depression; and fought not knowing it they would be alive the next day in World War II and the Korean War. Than, suddenly, came the fifties. First there were the beatniks lead by their spiritual leader Williams Burrough, than the bad boys of rock and roll Elvis, Johnny Cochran, and Jerry Lee Lewis prevailed. This excess freedom, led to freedom to think, freedom to question, freedom to challenge. In the sixties, the peaceful non-violent Civil Rights Movement, progressed to the Black Power and the Black Panthers. The Civil Rights Movement was followed by the creeping involvement in Vietnam, first with military advisors, than massive troop

deployments to Vietnam resulting in death, violence, destruction, and then disillusion. And complementing the war, initially, the educational teach-ins led to massive antiwar demonstrations, to the Weathermen busting windows on Michigan Ave and planting bombs in the Capital. This all digressed to the second civil war which recently resurfaced with the Iraq War, I afraid now is progressing to the third civil war. Throughout the book we follow the characters lives from romantic innocence to reality to Expressionism. Some fighting in Vietnam, some protesting the war, some marching for civil rights, friendships destroyed and than repaired. Some lives lost, some destroyed, some survived, but all caught up in the hubris characterized by a gross failure of governmental leadership. Those betrayed the most have their names on a black granite wall in Washington DC.
