wine and spirit education trust level 1: Leary's Global Wineology Charlie Leary, PhD, MA, 2022-11-15 This is the only complete guide to wine education programs, classes, and scholarship. Those wishing to increase their understanding and appreciation of wine for personal enjoyment or social know-how, and those who desire to pursue or advance a professional career in the wine industry now confront a plethora of wine education options with a confusing array of titles, degrees, certificates, and specializations. Some wine education is free and short, while other programs can cost dearly in time and money. Some courses of study take a few hours and others a few years. Institutions offering wine education vary from state colleges and universities to non-profit organizations and many profit-seeking companies. Sommeliers require training that may be mostly useless to vintners. Someone who wants to deftly handle ordering wine in a restaurant probably doesn't want to learn about wine chemistry or Integrated Pest Management. Which program is right for you? What's the difference between an MS and an MW or an MS in viticulture? Is the education for a CWE the same as that for a WSET Diploma? Are some schools better for learning about wine journalism than the wine business? This book will help answer such questions. There are chapters on wine studies programs and credentials, including for sommeliers and those working in the wine trade; university viticulture and enology programs; wine business study programs; free online wine education courses; wine studies scholarships; and wine mentorship programs. Advance Praise for Leary's Global Wineology: This groundbreaking book on wine education will be useful to business owners as well as wine enthusiasts. When I bought my wine business, I looked far and wide for guidance on classes or programs to strengthen my wine knowledge. Nothing existed. It was an arduous task to figure out which course to take amongst the so many offered! Charlie Leary has now filled that gap. It will be useful to me not only in assessing candidates for employment, but also as a resource in training my staff. This guide is indispensable for anyone in the wine trade, writ large, and has lots of information of use to the general wine-drinking public who want to learn more. wine and spirit education trust level 1: The Distilleries of Vancouver Island Marianne Scott, 2021-05-11 A guided tour that highlights the recent evolution of the 21 craft and artisan distilleries that have sprung up on Vancouver Island and the Gulf Islands. In the past five years the number of craft and artisan distilleries on Vancouver Island and the Gulf Islands has more than doubled. From relative veterans like Merridale and Sheringham, to the newest stills on the block, you'll meet a group of entrepreneurs unbound by traditional liquor-making rules who are creating vodkas, gins, whiskeys, and liqueurs with their own unique characteristics, using a wide range of grains, fruit, botanicals, peat smoke, seaweed, and spices. Craft-spirits enthusiast Marianne Scott introduces readers to the methods distillers use to develop their spirits, how they learned their craft, the products they make, and the recognition they've garnered. With an introduction on the history of spirit making and the process of distilling, a glossary of common distilling terms, cocktail recipes inspired by each distillery's products, and a map to help you organize your ideal tasting tour, Vancouver Island's Spirits has everything you need to jump into the region's burgeoning craft-spirits scene.

wine and spirit education trust level 1: Sideways Uncorked Mira Advani Honeycutt, Kirk Honeycutt, 2024-11-05 Two stories unspool in *Sideways Uncorked*: the story behind Alexander Payne's modern movie classic adapted from a most unlikely source—an unpublished novel by a burnt-out ex-filmmaker and wine connoisseur Rex Pickett—and the world of Pinot Noir (and Merlot) winemaking before and after *Sideways* was released. For as Kirk and Mira Advani Honeycutt show, the movie was a pop-culture phenomenon that dramatically impacted the wine industry. *Sideways Uncorked* offers a tour of the lush Santa Barbara wine country that forms the iconic backdrop to *Sideways*, tracing the effect the story eventually had there and elsewhere. With ample narrative and special features (such as a wine lineup of recommendations from various wine regions), this is a one-of-a-kind illustrated book that will dazzle the palate of oenophiles and cinephiles alike.

In this handy portable

guide to the top 50 British Columbia wines under \$50 a bottle, wine expert Luke Whittall abandons the usual language of tasting notes in favour of a more personalized, approachable style, focusing on experiences, good company, and where a wine might take your thoughts. As a wine industry professional, Whittall found himself inspired more by the way non-professionals talk about wine than the "hints of fresh cherries, dried herbs, and soupçons of eucalyptus" style often favoured in traditional wine writing. Sipster's Pocket Guide describes the experiences bound up in the tasting of 50 of the most amazing wines this province has produced, including reds, whites, rosés, sparkling, and dessert wines. With its emphasis on affordability and personal experience, rather than vintner and vintage specifics, Whittall's guide reads less like the average wine fare and more like tips from a funny, candid friend. Before you head to the liquor store to deliberate over your next sip, take a glance through Sipster's.
