willow creek church global leadership summit: The Jesus Quotient Jennie A. Harrop, 2019-06-21 As leaders, our capacity to hear is often muddled by an inability to acknowledge our own insufficiencies and emotions. Jesus knew his God-given purpose and emotional character so deeply that he was able to operate out of these foundations boldly and instinctively. Jesus's infallible Intelligence Quotient (IQ) and Emotional Quotient (EQ) allowed him to focus on a third concept called "Audience Quotient" (AQ): an individual's ability to focus consistently, completely, and effectively on others. As a church, we are failing a twenty-first-century culture that is defined by an unprecedented interconnectedness and speed of information. We are witnessing a scramble to manipulate and manage information that demands renewed integrity, and yet the church is seen as hypocritical, judgmental, and irrelevant. If we are going to earn a voice, the future church cannot be about the components of church at all, but instead the individual souls within the church—pastors included. The better we ground ourselves in the truth of who we were created to be (IQ, EQ, and AQ), the better able we will be to love God fully and love those around us as we love ourselves. That, after all, is what Jesus commanded us to do.

willow creek church global leadership summit: The Preacher's Wife Kate Bowler, 2020-09-15 Although most evangelical traditions bar women from ordained ministry, many women have carved out unofficial positions of power in their husbands' spiritual empires or their own ministries. The biggest stars write bestselling books, grab high ratings on Christian television, and even preach. Bowler offers a sympathetic and revealing portrait of megachurch women celebrities, showing how they must balance the demands of celebrity culture and conservative, male-dominated faiths. And black celebrity preachers' wives carry a special burden of respectability. A compelling account of women's search for spiritual authority in the age of celebrity. -- adapted from jacket

willow creek church global leadership summit: From Idea to Exit Jeffrey Weber, 2013-10-08 While most small business books cover niche components of the start-up model, *From Idea to Exit* takes a more comprehensive approach, tackling the entire entrepreneurial journey from the initial seed idea through a well-planned exit strategy. Through a persuasive narrative, the author draws from his own success a practical call to action for those who dream of taking that first big step. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. willow creek church global leadership summit: Ecclesial Leadership as Friendship Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church, the language of leadership and leaders is increasingly popular. Yet what is leadership – and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts? In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church, this book calls for an alternative approach founded on the concept of friendship. Engaging with the wider field of leadership studies, the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology. The result is a prophetic reimagining of ecclesial leadership in terms of a relational, kenotic praxis. This praxis of mutuality and love is framed here in the rich language of Christian friendship. The book also wrestles deeply with the embodiment of such a praxis, making explicit the power behaviours typical of friendship-leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world. This book offers a new vision of the centrality of friendship to leadership of a healthy church community. As such, it will be of great use to scholars of practical theology, ecclesiology and leadership, as well as practitioners in church ministry.

willow creek church global leadership summit: Called to Create Jordan Raynor, 2017-11-07 We were created by an infinitely creative God to reflect his love and character to the world. One way we do that is by continuing his creative work. In this energizing book, serial entrepreneur and bestselling author Jordan Raynor helps artists, entrepreneurs, writers, and other creatives reimagine our work as service to God and others, addressing such penetrating questions as - Is my work as a creative really as God-honoring as that of a pastor or missionary? - What does it look like to create not to make a name for myself but to glorify God and serve others? - How can I use my work to fulfill Jesus's command to create disciples? - Will what I make today matter in eternity? To answer these questions, Raynor shares compelling stories from an eclectic group of 40+ Christian entrepreneurs, including the founders of TOMS Shoes, Charity: Water, Chick-fil-A, In-N-Out Burger, Guinness, HTC, and Sevenly, as well as nontraditional entrepreneurs such as C. S.

Lewis, Johann Sebastian Bach, and J. R. R. Tolkien. Perfectly poised to reach today's growing creative class, this unique work restores God's position as the first entrepreneur, helping readers see the eternal value in the work they do today.

willow creek church global leadership summit: Simplify Bill Hybels, 2014-08-19 Exhausted. Overwhelmed. Overscheduled. Sound familiar? Today's velocity of life can consume and control us . . . until our breakneck pace begins to feel normal and expected. That's where the danger lies: When we spend our lives doing things that keep us busy but don't really matter, we sacrifice the things that do. What if your life could be different? What if you could be certain you were living the life God called you to live—and building a legacy for those you love? If you crave a simpler life anchored by the priorities that matter most, roll up your sleeves: Simplified living requires more than just cleaning out your closets or reorganizing your desk drawer. It requires uncluttering your soul. By eradicating the stuff that leaves your spirit drained, you can stop doing what doesn't matter—and start doing what does. In *Simplify*, bestselling author Bill Hybels identifies the core issues that lure us into frenetic living—and offers practical steps for sweeping the clutter from our souls.

willow creek church global leadership summit: A Good African Story Andrew Rugasira, 2013-02-07 Since it was founded in 2003, Good African Coffee has helped thousands of farmers earn a decent living, send their children to school and escape a spiral of debt and dependence. Africa has received over \$1 trillion in aid over the last fifty years and yet despite these huge inflows, the continent remains mired in poverty, disease and systemic corruption. In *A Good African Story*, as Andrew Rugasira recounts the very personal story of his company and the challenges that he has faced – and overcome – as an African entrepreneur, he provides a tantalising glimpse of what Africa could be, and argues that trade has achieved what years of aid have failed to deliver. This is a book about Africa taking its destiny in its own hands, and dictating the terms of its future.

willow creek church global leadership summit: Babel Church Li Ma, 2021-03-16 Assisted by a diverse mass media industry, American evangelicalism has been long plagued by consumerism, entrepreneurism, and social engineering. Churches and movements that carry the name of Christ have become projects of ambition and scandals in the public eye. Without fixing its dysfunctions, these ministry models have expanded to other parts of the world, reaping similar fruits of corruption, prejudice, and abuses. The alarm call of #MeToo and #ChurchToo movements since 2017 made it more urgent for the global body of Christ to inspect its pathological patterns. What kind of response does the #MeToo movement require of our public theology and leadership ethics? Sociologist Li Ma invites us to re-engage with biblical exegesis while being attentive to new mandates of God revealed from #MeToo. A creative Ellulian integration of sociological analysis and theology, *Babel Church* incisively reveals why American evangelicalism and its global projects have succumbed to the temptations of worldly power at the expense of vulnerable members in the body of Christ.

willow creek church global leadership summit: The Spirit-Filled Journey Apostolic Church of God, 2011-11 Life on earth is a journey toward eternity. And how we live is paramount to our destiny. The pivotal moment of our journey began with a choice to receive Jesus Christ as our Lord and Savior, making our hearts His home. At that moment, the Holy Spirit took the reigns and changed our course. As we walk through life being led by God and transformed by the Spirit, we experience a series of movements by the power of the Holy Spirit. *The Spirit-Filled Journey: Experiencing God's Love* is a companion for our journey. It invites God's people to spend an entire year unpacking, understanding, and being inspired by what it really means ... To be saved by grace and grace alone To be born of the Spirit To be God's child To be connected to other believers To be secured by the love of God Written by ministers and members of Apostolic Church of God, *The Spirit-Filled Journey: Experiencing God's Love* is the first in a devotional series designed to strengthen your walk with the Lord and deepen your faith in Him. Founded in 1921, the Apostolic Church of God is a mega church located in Chicago, Illinois. Its endeavor is to sustain a community of faith that moves the congregation forward in its relationship with Christ. Apostolic, as it is fondly known, hails from the Pentecostal tradition, which believes in and embraces the active role of the Holy Spirit in the life of the believer and in the church.

willow creek church global leadership summit: The Church in Dark Times Mike Cospers, 2024-11-19 We expect evil to appear in obvious forms: malice, cruelty, and contempt. We also expect to find villains at the helm of evil movements and organizations, leaders with dark impulses and motivations. But all too often, malevolence is more subtle, hiding behind our own best intentions. In *The Church in Dark Times*, cultural critic Mike Cospers unveils this dynamic in the growing crisis of abuse and other failures in modern evangelical churches. Drawing on the work of twentieth-century political theorist Hannah Arendt, Cospers explores what we can learn from her theory of the banality of evil--the thoughtlessness that allows ordinary people to become complicit in all manner of corruption. He uncovers the underlying causes of the breakdowns of the church and offers practices that foster healing and renewal. This book will engage Christian leaders and all followers who want to better understand how church crises keep happening--and how we can resist them and move forward.

willow creek church global leadership summit: Caring for Clergy Thad S. Austin, Katie R. Comeau, 2022-07-26 Like Aaron and Hur who lifted the arms of Moses during battle (Exodus 17), this book highlights the critical work of clergy care providers in America. These individuals and organizations support clergy by providing counseling, coaching, spiritual direction, funding, hospitality, education, and benefits upon which clergy rely. Their ministry strengthens congregations and has the capability to produce an exponential return for the kingdom of God. Yet, these providers are often disconnected. Our groundbreaking national research reveals gaps in the training, qualifications, and formational experiences of clergy care providers. We note differences in language that hinder effective communication as well as significant disparities in the literature that informs clergy care. Addressing these disconnects has the potential to improve the lives of clergy

and the congregations and communities clergy serve. Whether you are a clergy care provider, a clergyperson, or a lay leader, we invite you to respond. Working together, we envision a connected network of providers offering more effective support for clergy and improving the congregations and communities they serve.

willow creek church global leadership summit: The Daddy Gap Matt Haviland, Dawn Walker, 2014-11-07 Upon hearing the news that his father has gone to jail, a six-year-old boy poses the question of this generation: Whos going to take my Dads place? The Daddy Gap takes an uncensored look at the distress so many fatherless families are in and provides desperately needed answers about how God responds to this question and how the Church should as well. Dawn Walker and Matt Haviland build a compelling case that not only are single parent families the widows and orphans of this generation, but that it is the Church, not the government, that should be responsible to care for them. Drawing from their own journeys as single parents, Dawn and Matt give heartfelt encouragement to these often marginalized families by sharing how God really sees them, loves them, and wants to heal and restore them. Full of rich insights and lavish grace, they also offer some hard truths about what redemption and restoration really require. Most importantly, they clear a path to help all wounded sons and daughters discover the Father theyve always wanted and who has always wanted them.

willow creek church global leadership summit: *Neoliberal Religion* Mathew Guest, 2022-07-14 This book explores neoliberalism as an account of contemporary society and considers what this means for our understanding of religion. Neoliberalism is a perspective grounded in free market economics and distinguished by a celebration of competition and consumer choice. It has had a profound influence in societies across the world, and has extended its reach into all areas of human experience. And yet neoliberalism is not just about enterprise and opportunity. It also comes with authoritarian leadership, gross inequality and the manipulation of information. How should we make sense of these changes, and what do they mean for the status of religion in the 21st century? Has religion been transformed into a market commodity or consumer product? Does the embrace of business methods make religious movements more culturally relevant, or can they be used to reinforce inequalities of gender or ethnicity? How might neoliberal contexts demand we think differently about matters of religious identity and power? This book provides an accessible discussion about religion in the 21st century. Mathew Guest asks what distinguishes neoliberal religion and explores the sociological and ethical questions that arise from considering its wider significance.

willow creek church global leadership summit: *Rethinking Communication in Social Business* Craig E. Mattson, 2018-08-31 Social entrepreneurship increasingly assumes a position of strength in the dynamic milieu of late-modern democratic societies. A plethora of companies have now arisen—everything from mighty social enterprises like Warby Parker and TOMS to tiny outfits like Clean Slate and Bright Endeavors—whose business-focused approach to social problems is not merely additive but integral to their missions. These companies respond not only to a felt proliferation of humanitarian and environmental predicaments, but also to enormous shifts in in public feelings and technological sensibilities. These predicaments and make social entrepreneurs urgently needed and remarkably complicated. But if social entrepreneurs deal with that complexity with a business-as-usual approach to making the world better—imitating, for example, corporate social responsibility initiatives by transnational companies—they will lose their vital distinctiveness and efficacy. Drawing on a transdisciplinary perspective, close rhetorical analysis, and qualitative interviews with social entrepreneurs, this book argues that one good way to keep social business disruptive is to rethink how organizations model their communication. Instead of assuming a conventional theory of communication, neatly organized around the relations of senders and receivers, social entrepreneurship should enact a performative model of communication in which messaging and action are affectively woven. This book offers suggestions for making this performative model sustainably disruptive in relation to questions that pester social entrepreneurs: how to tell the company story, how to raise awareness, how to address complex audiences, and how

to solve problems.

willow creek church global leadership summit: Multiply David Nelson, 2024-05-31 God has not only created us with the ability to multiply through having children, he has also given us the power to multiply disciples who multiply disciples through the preaching of the gospel in the power of the Holy Spirit. In Genesis and Acts, we read how God enabled man to multiply biologically and spiritually. We read how the number of disciples greatly increased and multiplied during the era of the early church. In his book, Dr. David Nelson, explains eight principles for building a ministry of multiplication. These biblically based principles will empower you to see a solid ministry that will grow into a ministry that multiplies disciple makers.

willow creek church global leadership summit: *Do All Lives Matter?* Wayne Gordon, John M. Perkins, 2017-02-14 Something is wrong in our society. Deeply wrong. The belief that all lives matter is at the heart of our founding documents—but we must admit that this conviction has never truly reflected reality in America. Movements such as Black Lives Matter have arisen in response to recent displays of violence and mistreatment, and some of us defensively answer back, All lives matter. But do they? Really? This book is an exploration of that question. It delves into history and current events, into Christian teaching and personal stories, in order to start a conversation about the way forward. Its raw but hopeful words will help move us from apathy to empathy and from empathy to action. We cannot do everything. But we can each do something.

willow creek church global leadership summit: The Three-Box Solution Vijay Govindarajan, 2016-04-26 How to Innovate and Execute Leaders already know that innovation calls for a different set of activities, skills, methods, metrics, mind-sets, and leadership approaches. And it is well understood that creating a new business and optimizing an already existing one are two fundamentally different management challenges. The real problem for leaders is doing both, simultaneously. How do you meet the performance requirements of the existing business—one that is still thriving—while dramatically reinventing it? How do you envision a change in your current business model before a crisis forces you to abandon it? Innovation guru Vijay Govindarajan expands the leader's innovation tool kit with a simple and proven method for allocating the organization's energy, time, and resources—in balanced measure—across what he calls "the three boxes": • Box 1: The present—Manage the core business at peak profitability • Box 2: The past—Abandon ideas, practices, and attitudes that could inhibit innovation • Box 3: The future—Convert breakthrough ideas into new products and businesses The three-box framework makes leading innovation easier because it gives leaders a simple vocabulary and set of tools for managing and measuring these different sets of behaviors and activities across all levels of the organization. Supported with rich company examples—GE, Mahindra & Mahindra, Hasbro, IBM, United Rentals, and Tata Consultancy Services—and testimonies of leaders who have successfully used this framework, this book solves once and for all the practical dilemma of how to align an organization on the critical but competing demands of innovation.

willow creek church global leadership summit: *God's Internationalists* David P. King, 2019-04-11 Over the past seventy years, World Vision has grown from a small missionary agency to the largest Christian humanitarian organization in the world, with 40,000 employees, offices in nearly one hundred countries, and an annual budget of over \$2 billion. While founder Bob Pierce was an evangelist with street smarts, the most recent World Vision U.S. presidents move with ease between megachurches, the boardrooms of Fortune 500 companies, and the corridors of Capitol Hill. Though the organization has remained decidedly Christian, it has earned the reputation as an elite international nongovernmental organization managed efficiently by professional experts fluent in the language of both marketing and development. *God's Internationalists* is the first comprehensive study of World Vision—or any such religious humanitarian agency. In chronicling the organization's transformation from 1950 to the present, David P. King approaches World Vision as a lens through which to explore shifts within post-World War II American evangelicalism as well as the complexities of faith-based humanitarianism. Chronicling the evolution of World Vision's practices, theology, rhetoric, and organizational structure, King demonstrates how the organization rearticulated and

retained its Christian identity even as it expanded beyond a narrow American evangelical subculture. King's pairing of American evangelicals' interactions abroad with their own evolving identity at home reframes the traditional narrative of modern American evangelicalism while also providing the historical context for the current explosion of evangelical interest in global social engagement. By examining these patterns of change, God's Internationalists offers a distinctive angle on the history of religious humanitarianism.
